INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
Butler Machinery Company Retirement Plan
Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Butler Machinery Company Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Butler Machinery Company Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Butler Machinery Company Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Butler Machinery Company Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Butler Machinery Company Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Butler Machinery Company Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 and the Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BUTLER MACHINERY COMPANY RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 PLAN DESCRIPTION

The following description of the Butler Machinery Company Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Butler Machinery Company (the Company). To be eligible for the employer contribution, an employee must have completed 1,000 hours of service in the plan year, be actively employed on the last day of the plan year and are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Company. A Third Party Administrator (T. Rowe Price Trust Company) serves as the trustee of the plan, maintains the records of the participant data, and holds the Plan assets.

Contributions

Participants may contribute up to 100 percent of their compensation, subject to IRS limits. In addition, participants 50 years and older may contribute an additional catch up deferral as defined by the IRS. The Plan allows participants to allocate contributions between pretax and after tax (Roth 401(k)) deferrals. Participants not under a collective bargaining agreement will receive a contribution of 10 percent of eligible compensation for each Plan year, plus a discretionary profit sharing contribution from the Company. For those participants under a collective bargaining agreement, they will receive a base contribution in the amount required under the collective bargaining agreement.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and an allocation of the Plan earnings and forfeitures (if applicable). Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The value of each participant's account is determined daily.

Participants' Investment Options

Participants must direct their salary deferral contributions and Company contributions, if any, to selected investments as offered by the Plan. Participants may change their investment options throughout the year by contacting T. Rowe Price.

BUTLER MACHINERY COMPANY RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2025 AND 2024

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the less of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates of 1 percent above the prime rate. Generally, loans are for a period not to exceed five years. Only loans used to aid in the purchase of a principal residence may be for a period exceeding five years. Principal and interest are paid ratably through payroll deductions and credited to the participant's account.

Vesting

Participants are immediately 100 percent vested in their contributions plus earnings thereon. Vesting in the remainder of their account is based on years of service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of their account, with the appropriate spousal waiver, a series of periodic installments, or a partial distribution of only a portion of their account postponing the remaining balance. If the participant's vested interest is \$7,000 or less, it will be distributed to them in a lump sum as soon as administratively practicable after the participant terminates employment. Additionally, participants may take an in-service distribution upon reaching age 59 ½. Generally, certain minimum distributions are required for participants who have separated from service and have reached the required minimum distribution age.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures remain in the participant's name for five years, in the event the participant re-enters the plan at a later date. Forfeitures in connection with non-union terminated participants are used to reduce employer contributions to active non-union participants. Available forfeitures in connection with union terminated participants are used to reduce employer contributions to active union participants. In 2025 and 2024, forfeitures in the amount of \$479,426 and \$392,601, respectively, were used to reduce the employer contributions. As of December 31, 2025 and 2024, forfeited non-vested amounts totaled \$495,703 and \$479,426, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

BUTLER MACHINERY COMPANY RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2025 AND 2024

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and loss on investments bought and sold as well as held during the year and is reflected in the statements of changes in net assets available for benefits.

Contributions

Contributions from Plan participants and contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Fees

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain other administrative expenses are paid from the Plan's assets or paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

BUTLER MACHINERY COMPANY RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2025 AND 2024

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 4 INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company in a letter dated August 19, 2020 that the Plan qualifies under the applicable section of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving the determination letter, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, interest income on notes receivable from participants, and other income for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company, a qualified institution.

Self-directed brokerage accounts included in investments amounting to \$1,108,185 and \$1,011,222 as of December 31, 2025 and 2024, respectively, and related investment income of \$68,337 and \$114,063 for the years then ended are not certified.

NOTE 6 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the

BUTLER MACHINERY COMPANY RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2025 AND 2024

right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner.

Collective Trust Funds: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Account: Valued at the closing price reported on the active market on which individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 30,894,885	\$ -	\$ -	\$ 30,894,885

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 8 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

T. Rowe Price is the trustee and recordkeeper as defined by the Plan. T. Rowe Price provides certain administrative services to the Plan pursuant to the Plan Recordkeeping Agreement between the Plan and T. Rowe Price Retirement Plan Services, Inc. T. Rowe Price receives revenue from mutual fund service providers for services T. Rowe Price provides to the funds. This revenue is used to offset certain amounts owed to T. Rowe Price for its administrative services to the Plan. If the revenue received by T. Rowe Price from such mutual fund service providers exceeds the amounts owed for administrative services to the Plan, T. Rowe Price remits the excess to the Plan's trust. Such amounts may be allocated to the accounts of the participants.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. T. Rowe Price as recordkeeper of the Plan, Bell Bank Wealth Management as investment advisor of the Plan, SmartDollar as investment advisor of the Plan, QDRO Consultants as consultant of the Plan, and Brady Martz, PLLC as auditor of the Plan qualify as parties-in-interest.

In 2025 and 2024, revenue sharing deposits from T. Rowe Price totaling \$52,580 and \$52,630 were deposited into the Plan's administrative budget account. As of December 31, 2025 and 2024, the administrative budget account balance totaled \$29,071 and \$31,258, respectively. Revenue sharing from mutual fund service providers used to offset certain amounts owed to parties-in-interest of the Plan totaled \$27,313 and \$29,038 for the years ended December 31, 2025 and 2024, respectively. Revenue sharing from mutual fund service providers allocated to plan participants totaled \$25,294 and \$27,652 for the years ended December 31, 2025 and 2024, respectively.

NOTE 10 NON-EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

During 2025, due to an issue arising from a technology upgrade performed by T. Rowe Price to their recordkeeping platform, a remittance of employee contributions in the aggregate amount of \$4,658 was determined to be in violation of the plan asset provisions of the Department of Labor ("DOL") Regulation 2510.3-102, resulting in prohibited, or nonexempt transactions. The accompanying Schedule of Delinquent Participant Contributions discloses these transactions in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Subsequent to the Plan year, the Company calculated and recorded the required corrections to the Plan to reflect forgone earnings that would have been credited to the participants' accounts had the issue not occurred.
