INDEPENDENT AUDITOR'S REPORT

July 17, 2026

To the Plan Administrator of
LEC/CPI 401(k) and Profit Sharing Plan
Englewood, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of LEC/CPI 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from John Hancock Trust Company, LLC as of December 31, 2025 and for the year then ended stating that the certified investment information, as described in *Note C* to the 2025 Financial Statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- The amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2025 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2025 Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2025 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2025 Financial Statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2025 Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2025 Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the 2025 Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 Financial Statements or to the 2025 Financial Statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or was derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

A. Plan Description:

The following description of the LEC/CPI 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General:

The Plan is a participant-directed defined contribution plan sponsored by Lakewood Electric Company and Colorado Powerline, Inc. (collectively, "the Company") covering all non-bargaining, full-time employees who are age 18 or older with three months of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. The Company is the plan administrator and is responsible for the oversight of the Plan. John Hancock Trust Company, LLC serves as the trustee, asset custodian and recordkeeper. Wilshire Associates and Edward D. Jones & Company provide investment advisory services.

Contributions:

Each year, participants may make traditional or Roth contributions up to the amount allowed by law, as defined in the Plan. Deferral contributions and Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may enter the Plan upon the first day of the calendar quarter immediately following the date in which they have met the eligibility requirements noted above.

The Plan includes a Safe Harbor provision that requires the Company to contribute 100% of the participant's elective deferral that does not exceed 3% of the participant's compensation, plus 50% of each participant's elective deferral in excess of 3% but not in excess of 5% of the participant's compensation. Contributions are subject to certain limitations. The Company made Safe Harbor Contributions of \$440,566 for the year ended December 31, 2025. The Company may make profit sharing contributions or additional discretionary matching contributions, but did not make any such contributions during the year ended December 31, 2025.

Participant Accounts:

Each participant's account is credited with the participant's contributions, Company contributions, and allocations of plan earnings, losses, and fees. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

A. Plan Description (Continued):

Investment Options:

Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers investments in various mutual funds and a fully benefit-responsive investment contract. Participants may change their investment allocations at any time.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years for general loans and up to 15 years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at 1% over the prime rate published by the Wall Street Journal. A note will carry the same interest rate throughout its term. Principal and interest are paid ratably through payroll deductions.

Vesting:

Participants are immediately vested in their voluntary contributions and the Company's Safe Harbor contributions, plus actual earnings thereon. A participant is 100% vested in the Company's profit-sharing and discretionary matching contributions, plus actual earnings thereon, after five years of credited service. Participants vest at a rate of 20% per year beginning with the first year of service.

Payment of Benefits:

On termination of service, reaching the age of 59.5, retirement, death or becoming disabled, a participant is eligible for a lumpsum distribution of his or her vested account balance. Annual installments are available as required by minimum distribution rules. The Plan also allows for hardship withdrawals with certain limitations. Terminated participants with vested balances of \$,000 or less will have their balances rolled into an individual retirement account selected by the plan administrator. Participants may take a distribution from their rollover account at any time.

Forfeited Accounts:

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$3,724 and \$2,933, respectively. These funds are used to reduce Company contributions or pay plan expenses. During the year ended December 31, 2025, no forfeitures were used to reduce Company contributions or pay plan expenses.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

B. Summary of Accounting Policies and Investments:

Basis of Accounting:

The accompanying financial statements are prepared under the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value, except for the Plan's fully benefit-responsive investment contract (FBRIC) which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the custodian. See *Note D* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Fees related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Company, at the Company's discretion. Fees related to member requested services are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

C. Information Certified by the Plan's Custodian:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, LLC has certified the following information as of December 31, 2025 and 2024, and for the years then ended, included in the accompanying financial statements and supplemental schedule of assets held is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2025 and 2024.
- Investments as shown in the accompanying supplemental information as of December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

D. Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

LEC/CPI 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

D. Fair Value Measurements (Continued):

The three levels of the fair value hierarchy under FASB ASC 820 are:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active or inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability or that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Mutual funds: Valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan. Mutual funds held by the Plan are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

D. Fair Value Measurements (Continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Fair Value Measurements at December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,144,479	\$ -	\$ -	\$ 14,144,479
Total investments, at Fair Value	<u>\$ 14,144,479</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,144,479</u>
Fair Value Measurements at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,678,914	\$ -	\$ -	\$ 11,678,914
Total Investments, at Fair Value	<u>\$ 11,678,914</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,678,914</u>

E. Fully Benefit-Responsive Investment Contract with John Hancock:

As of December 31, 2025 and 2024, the Plan offered a fully benefit-responsive investment contract with John Hancock, the John Hancock Stable Value Fund CIT (SVF). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract is a traditional guaranteed investment contract and is presented in the Statements of Net Assets Available for Benefits at contract value. Contributions to the SVF contract become part of a separate account held by John Hancock. The contract is credited with interest in accordance with the interest crediting rate established and periodically adjusted by the issuer. The crediting interest rate is based on a formula determined by the issuer, but it may not be less than 0.0%. Such interest rates are reviewed on a routine basis for resetting. The contract is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

LEC/CPI 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

E. Fully Benefit-Responsive Investment Contract with John Hancock (Continued):

The average yield of the investment for the year ended December 31, 2025 was 2.17%. The value of the contract at December 31, 2025 and 2024 was \$191,904 and \$187,642, respectively.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) termination of the contract, (2) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (3) plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with participants is not probable.

F. Related Party and Party-In-Interest Transactions:

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments consist of guaranteed investment contracts managed by the custodian. During the year ended December 31, 2025, the Plan incurred administrative fees of \$30,742 to John Hancock for recordkeeping services and \$2,473 to Whilshire & Associates and \$24,727 to Edward D. Jones & Company for investment advisory services. The Company provides certain administrative services at no cost to the Plan.

G. Partial Plan Termination:

Effective December 16, 2025, the Company implemented a workforce reduction affecting over 20% of participants in the Plan. Under IRC Section 411(d)(3), a turnover rate of 20% or more creates a rebuttable presumption of a partial plan termination. As a result, all employees who terminated employment during the applicable period and retained an account balance in the Plan became 100% vested in all employer contributions as of the termination date.

LEC/CPI 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

H. Plan Tax Status:

The Plan adopted a non-standardized pre-approved plan document sponsored by John Hancock Retirement Plan Services, LLC. The pre-approved plan has obtained a favorable opinion letter, dated June 30, 2020, from the Internal Revenue Service stating that the pre-approved plan constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax-exempt. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements for the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management performs an annual analysis of the Plan's various tax positions, assessing the likelihood of those positions being upheld upon examination by relevant taxing authorities. Management believes the Plan has conducted its operations in accordance with applicable income tax reporting requirements, and has properly maintained its tax-exempt status, and has taken no material uncertain tax positions that qualify for recognition or disclosure in the financial statements.

I. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

J. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

K. Subsequent Events:

Effective January 1, 2026, the Plan was amended to admit Advanced Broadband Solutions (ABS) as a participating employer. As a result, eligible employees of ABS became eligible to participate in the Plan with recognition of service while employed by ABS.

The Plan did not have any other subsequent events through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued, for events requiring recording or disclosure in the financial statements for the year ended December 31, 2025.
