Independent Auditor's Report

To the Plan Administrator of
Southern Glazer's Wine and Spirits of Massachusetts, LLC 401 (k) Retirement Plan
Norton, MA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Southern Glazer's Wine and Spirits of Massachusetts, LLC 401 (k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended October 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Southern Glazer's Wine and Spirits of Massachusetts, LLC 401 (k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2025 and 2024, and for the year ended October 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southern Glazer's Wine and Spirits of Massachusetts, LLC 401 (k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern Glazer's Wine and Spirits of Massachusetts, LLC 401 (k) Retirement Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southern Glazer's Wine and Spirits of Massachusetts, LLC 401 (k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern Glazer's Wine and Spirits of Massachusetts, LLC 401 (k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of October 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

e. Participant Accounts

Each participant's account is credited with the participant's elective contributions and allocations of employer contributions, if any, as well as Plan earnings. f. Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor contributions and actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participants who terminate their employment prior to becoming fully vested in their share of employer contributions forfeit the unvested employer contributions. Such forfeited amounts are considered unallocated and may be applied to reduce future employer contributions or administrative fees.

h. Unallocated Funds

As of October 31, 2025 and 2024, the Plan had unallocated assets totaling \$8,760 and \$18,054, respectively.

2. Summary of Accounting Policies - Continued

c. Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses during the year and the unrealized appreciation or depreciation of investments at year-end.

d. Notes Receivables from Participants

Notes receivable from participants are valued at their outstanding amortized balances, which approximates fair value. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

e. Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

f. Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date but that could affect the amounts or disclosures in the financial statements. Management has evaluated subsequent events through the date that the financial statements are available to be issued, which is the date noted at the bottom of the auditor's report.

For the Fiscal Years Ended October 31, 2025 and 2024

3. Guaranteed Investment Contract

The Plan holds a traditional, guaranteed investment contract wherein the contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The interest rate is set by the issuer on a semi-annual basis and may not be less than zero percent. The contract has no set maturity or termination date.

This contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code,
- There is a termination or partial termination of the Plan,
- The Plan breaches a provision of the investment contract, and
- Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- The issuer determines it will not be able to operate the Agreement under its current terms following the Plan's establishment, activation or material change to, any Plan investment fund.
- The Plan fails to make required contributions to the investment option.

Contract values of the guaranteed investment contract as of October 31, 2025 and 2024 were \$1,819,385 and \$393,951, respectively.

4. Related-Party and Party In Interest Transactions

Certain Plan investments held are shares of mutual funds managed by Mass Mutual. Mass Mutual is a custodian as defined by the Plan and therefore these transactions qualify as party-in-interest transactions.

5. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Certification of Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodians, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. The plan administrator has obtained certification from the Custodians stating that all information provided to the plan administrator by the Custodians for 2025 and 2024 is complete and accurate. Such information includes investments, investment income, realized gains and losses on sales of investments and unrealized appreciation or depreciation in market value of investments.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees:

8. Tax Status:

The Plan is a Prototype Non-Standardized Profit Sharing 401(k) Plan. The Angell Pension Group Inc. has obtained an Internal Revenue Service determination letter dated June 30, 2020 stating that the Plan, as designed, complies with the requirements under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan has been amended since the date of this determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. No provision for income taxes has been included in the Plan's financial statements.

The Plan evaluates all significant tax positions and believes that it has not taken any tax positions that require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would increase or decrease within the next year. The Plan's income tax returns are subject to examination by applicable tax authorities generally for three years after filing.

9. Fair Value Measurements:

The Plan follows generally accepted accounting principles, which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term thereof.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan values mutual funds and pooled separate accounts at the net asset value of shares held by the plan at year end. This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes to the methodology used as of December 31, 2025 and 2024.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of October 31, 2025 and 2024:

10. Subsequent Event

Subsequent to year-end, the Plan Sponsor began evaluating a potential merger of the Plan into another qualified defined contribution plan, which, if approved and completed, is expected to occur on or about July 1, 2027. As of the date the financial statements were available to be issued, no final decision had been made or definitive agreement had been reached.
