Independent Auditor's Report

Participants of MVB Bank, Inc. 401(k) Retirement Plan
and Board of Directors of MVB Financial Corp
Fairmont, West Virginia

Opinion

We have audited the financial statements of MVB Bank, Inc. 401(k) Retirement Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 11 through 12 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Participants of MVB Bank, Inc. 401(k) Retirement Plan
and Board of Directors of MVB Financial Corp

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MVB Bank, Inc. 401 (k) Retirement Plan Notes to the Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the MVB Bank, Inc. 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a section 401(k) plan that covers substantially all employees of MVB Bank, Inc. (the "Company") and its affiliates who have attained the age of 21. Participants are eligible to participate in the Plan on the first day following the month the participant meets the eligibility requirements. Fidelity Management Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In January 2025, the Company entered into an agreement to divest its ownership in Trabian, a participating employer in the Plan. As a result of the divestiture, Trabian employees were treated as terminated under the Plan. In June 2025, Plan assets of \$2,675,775 associated with Trabian employees were transferred out of the Plan.

Contributions

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may elect to contribute up to 100% of their pretax compensation, as defined in the plan document, subject to Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pre-tax) or Roth 401(k) (after-tax). The Plan includes an auto-enrollment provision of 5% of compensation for newly eligible employees, subject to the employees' election to opt out of participation. Participants may also contribute amounts representing distributions from other plans and certain individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2025, pursuant to the SECURE 2.0 Act of 2022, eligible participants who are age 60-63 as of December 31st of the 2025 plan year were able to make enhanced 'super catch-up' contributions. For the 2025 plan year, the super catch-up contribution limit was \$11,250, which is greater than the standard catch-up contribution limit of \$7,500 available to participants age 50 and older. The super catch-up provisions are subject to the same investment elections and vesting provisions as other employee contributions under the Plan.

The Company contributes a discretionary matching contribution to participants of the plan. The Company matches 100% of the first 4% of compensation participants defer to the plan. The matching Company contribution is invested in the same investments at the same percentage directed by participants. The Company may also elect to make discretionary qualified non-elective employer contributions ("QNEC") to satisfy certain required compliance tests. No QNEC contributions were made during 2025. Contributions are subject to certain limitations. Employee contributions are recognized in the period the employee contribution is withheld. Employer matching contributions are recognized in the same period as the related employee contributions. Contributions not yet received as of year-end are recorded as receivables.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, common stock of the Company's parent company, MVB Financial Corp. ("MVBF"), and a common/collective trust investment as investment options for participants. MVBF common stock is limited to 10% of the participant's balance.

Participant Accounts

In addition to the participant's contribution and employer match, each participant's account is credited with an allocation of Plan earnings (losses), charged with benefit payments, and allocations of administrative expenses. Allocations of administrative expenses are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's employer match plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2025, outstanding loans bore interest rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death or disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Hardship distributions of vested amounts are permitted upon demonstration of financial hardship. In service distributions are available from fully vested sources after the participant reaches age 59-1/2.

Forfeited Accounts

At December 31, 2025 and 2024, respectively, forfeited non-vested accounts totaled \$9,072 and \$4,380. Forfeited accounts are used to reduce future Company contributions. During 2025, forfeitures of \$40,570 were used to reduce employer matching contributions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Expenses of maintaining the Plan are paid by either participants or the Company as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (distributions and participant loans) are charged directly to the participant's account.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quotes prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs of little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Mutual funds are reported at fair value utilizing Level 1 inputs, determined by quoted prices on nationally recognized exchanges. Level 1 investments include mutual funds. Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common Stock of MVB Financial Corp: Common stock of MVBF is reported at fair value utilizing Level 1 inputs. The fair value of the common stock of MVBF is determined by the closing price reported on NASDAQ.

Common/Collective Trusts: The investments held in common/collective trusts are valued at the net asset value ("NAV") per unit of the underlying funds. The NAV is used as the practical expedient to estimate fair value and therefore, investments recorded at NAV are not categorized in the fair value hierarchy. NAV of the collective trust is calculated daily. Participants' redemptions of the common/collective trusts are permitted daily with no other restrictions, five-day notice period, and there are no unfunded commitments.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024:

	Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
MVB Financial Corp. common stock	\$ 326,625	\$ —	\$ —	\$ 326,625
Mutual Funds	45,952,998	—	—	45,952,998
Total assets in the fair value hierarchy	<u>\$ 46,279,623</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 46,279,623</u>
Investments measured at NAV ^(a)				<u>192,753</u>
Investments at fair value				\$ 46,472,376

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
MVB Financial Corp. common stock	\$ 235,604	\$ —	\$ —	\$ 235,604
Mutual Funds	40,100,162	—	—	40,100,162
Investments at fair value	<u>\$ 40,335,766</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 40,335,766</u>
Investments measured at NAV ^(a)				<u>304,455</u>
Investments at fair value				<u>\$ 40,640,221</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured using NAV per share practical expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025				
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
DFA US Small Cap Value	\$ 192,753	N/A	Daily	Five days

December 31, 2024				
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
DFA US Small Cap Value	\$ 304,455	N/A	Daily	Five days

NOTE 4 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of MVBF common stock. The Company is the Plan sponsor and therefore qualifies as a related party / party-in-interest. As of December 31, 2025 and 2024, the Plan held an investment of 12,645 and 11,382 shares, respectively, of MVBF common stock with the fair value of \$326,625 and \$235,604, respectively. During the year ended December 31, 2025, the Plan recorded dividend income from its investment in MVBF common stock of \$8,223. In addition, certain investments of the Plan are various funds of Fidelity Investments, an affiliate of Fidelity Management Trust, the trustee of the Plan. Such investment transactions, therefore, qualify as party-in-interest transactions. Fees paid by the Plan to the trustee or its affiliates for participant-initiated transactions were \$79,229 for the year ended December 31, 2025. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings.

NOTE 6 - INCOME TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the pre-approved plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated June 30, 2020, that the pre-approved plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Management had identified certain operational errors associated with its administration of the Plan, and have corrected the errors as prescribed by the IRS. Management filed an application with the IRS under the Voluntary Compliance Program ("VCP") associated with these operational errors. The correction of these matters were not material to the Plan. See Note 10.

NOTE 7 - NONEXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions and loan repayments of \$12,037 were not remitted within the required time period for the year ended December 31, 2025.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in Statements of Net Assets Available for Benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements at December 31, 2025 and 2024 to the Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	\$ 47,236,244	\$ 41,384,320
Contributions receivable	(133,338)	(115,583)
Net assets available for benefits per Form 5500	<u>\$ 47,102,906</u>	<u>\$ 41,268,737</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2025, to net income per Form 5500:

Net increase before transfers per the financial statements	\$ 8,527,699
Change in contributions receivable	<u>(17,755)</u>
Net income per Form 5500	<u>\$ 8,509,944</u>

NOTE 10 - SUBSEQUENT EVENTS

Management received notification from the IRS in regards to the filed VCP approving the identified correction methods completed by management. The IRS issued a signed compliance statement dated May 8, 2026 permitting the plan to retain tax-favored status. The compliance statement is limited to specific failures and periods. Management believes the Plan remains qualified under applicable provisions of the Internal Revenue Code.

Subsequent events have been evaluated through June 18, 2026, which is the date the financial statements were issued. The Company has not identified any other events or transactions during management's evaluation of subsequent events that require recognition or disclosure in the financial statements.
