Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Riddle's Group, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year and Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RIDDLE'S GROUP, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

(1) Description of the Plan

The following description of the Riddle's Group, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of Riddle's Group, Inc., Jeweler's Development, Inc., Security Jeweler's, Inc., K Bar S Lodge, LLC, and Riddle's Glass, Inc. (collectively, the Company). The Plan and the trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Nature of Business of Plan Sponsor

Riddle's Group, Inc., Jeweler's Development, Inc. and Security Jeweler's, Inc. are engaged in the design, manufacture, and wholesale of diamond and gold jewelry and the retail sale of jewelry and gifts. K Bar S Lodge, LLC owns and operates a hotel and restaurant. Riddle's Glass, Inc. is engaged in commercial and residential window and glass sales, installation, and repair.

Eligibility

Effective February 1, 2025, employees of the Company who have reached 19 years of age and have completed two months of continuous service are eligible to participate in the Plan. Prior to February 1 2025, employees who reached 21 years of age and have completed three months of continuous service were eligible to participate in the Plan.

Contributions

Participants may contribute up to 100 percent of their pretax annual compensation, as defined by the Plan and subject to certain IRS limitations. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for discretionary matching contributions as elected by the Company's Board of Directors. The Company match varies on the term of employment.

The Plan allows Roth elective deferrals. Contributions to Roth accounts are made on an after-tax basis and contributions to a Roth account are included in the participant's gross contributions. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participant's Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

The Plan instituted automatic enrollment in which the Plan Sponsor automatically withholds a percent of the eligible participant's compensation upon becoming eligible to participate unless otherwise elected by the participant. Effective February 1, 2025, the automatic enrollment percentage increased from six to seven percent of compensation. Contributions are automatically invested in the appropriate target date fund unless the participant elects other investment options. The Plan increases the participant's automatic enrollment by one percentage per year up to a maximum of 20 percent of compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution, (b) Plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RIDDLE'S GROUP, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

(1) Description of the Plan

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary contributions become 20 percent vested after one year of credited service, as defined, and continues to vest at the rate of 20 percent for each successive year of service until 100 percent vested after five years of credited service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus one percent as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or one of various annuities. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested benefits less than \$1,000 are distributed as soon as administratively feasible after the participant's termination of employment. Vested benefits greater than \$1,000, but less than \$7,000, are rolled over to an individual retirement account.

Forfeitures

Nonvested account balances are forfeited unless participants return to employment and contribute the distribution received at termination within a specified time. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$10,737 and \$2,870, respectively. The Plan uses forfeitures to reduce employer contributions. Forfeitures of approximately \$72,000 were used to reduce employer contributions during the year ended December 31, 2025.

Hardship Withdrawals

Should a plan participant experience a hardship, they may elect to withdraw all or part of their vested account from the Plan. Hardship withdrawals are e-certified by the participant when the distribution request is made. The Trustees may, at their discretion, approve all or part of the withdrawal request. Hardship withdrawals are recorded as distributions in the period in which they are paid.

Participants' Investment Options

Participants direct their account balance to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year. Participants may elect to discontinue contributions at any time.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company has, at its discretion, absorbed certain other administrative expenses pertaining to the Plan. If not paid by the Company, these administrative expenses become the responsibility of the Plan. Investment management fees are included in administrative expenses on the statement of changes in net assets. Fees for recordkeeping as well as the administration of notes receivable and distributions to participants are included in administrative expenses and charged directly to the participants' accounts.

RIDDLE'S GROUP, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Contributions

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value on a recurring basis as determined by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (the Trustees) (Notes 3 and 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) committee determines the Plan's valuation policies, utilizing information provided by the investment advisors and Trustees. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Change in Fair Market Value of Investments

The net change in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

RIDDLE'S GROUP, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

(2) Summary of Significant Accounting Policies

Subsequent Events

The Company has evaluated subsequent events through July 21, 2026, the date which financial statements were available for issue.

(3) Information Certified by Trustees

The Plan's investments are held by the Trustees, who perform all accounting functions associated with the Plan's investments. The fair value of investments at December 31, 2025 and 2024 is determined by the Trustees (Note 6).

The Plan is administered by the Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company are the Plan's Trustees as of December 31, 2025 and 2024. The Plan's investments are held and managed by the Trustees.

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has received certification from the Trustees as to the accuracy and completeness of certain financial information of the Plan. Information contained in the following has been certified by the Trustees:

Statements of Net Assets Available for Benefits (except for receivables)

Statement of Changes in Net Assets Available for Benefits (except for contributions, benefits paid to participants, and administrative expenses)

Supplemental Schedule of Assets Held at End of Year (except for participant notes receivable)

The Plan invests in collective investment trusts and mutual funds with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since December 31, 2025.

(4) Income Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor (DOL) or IRS. Plan management has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

RIDDLE'S GROUP, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

(6) Recurring Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820 are described as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

(6) Recurring Fair Value

* In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market

Valued at \$1 per share.

Collective Investment Trusts

Funds that are composed primarily of underlying investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table summarized investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively:

		Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2025:					
Common/Collective Trust Funds	\$	10,472,300	n/a	Daily	None
		Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2024:					
Common/Collective Trust Funds	\$	9,668,702	n/a	Daily	None

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

(7) Related Party Transactions and Party in Interest Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. The Plan allows participants to take out loans against their account balances. Certain Plan investments are shares of a money market account managed by Principal Life Insurance Company, a Trustee of the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(8) Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets and changes in net assets shown in the financial statements to the Form 5500:
