INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the Medallion Instrumentation Systems, LLC Employee 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Medallion Instrumentation Systems, LLC Employee 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 (In Liquidation), and the related statement of changes in net assets available for benefits for the periods January 1, 2025 through November 8, 2025 (Ongoing) and November 9, 2025 through December 31, 2025 (In Liquidation), and the statement of net assets available for benefits as of December 31, 2024 (Ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Notes 1 and 2 to the financial statements, the governing body of the Medallion Instrumentation Systems, LLC Employee 401(k) Savings Plan approved a plan termination on November 8, 2025, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the accrual basis of accounting used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2025 (In Liquidation), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of
the Medallion Instrumentation Systems, LLC Employee 401(k) Savings Plan
Page Four

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Medallion Instrumentation Systems, LLC Employee 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and trust with a qualified cash or deferred 401(k) arrangement covering all eligible employees of Medallion Instrumentation Systems, LLC (the “Company”), except for interns, seasonal, temporary, and leased employees with less than 1,000 hours of service, who have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On February 21, 2025, Medallion Instrumentation Systems, LLC, the Plan Sponsor, was acquired by Patrick Industries, Inc. Subsequent to the acquisition on October 21, 2025, the Plan Sponsor approved the termination of the Plan effective November 8, 2025. Effective with the Plan’s termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. The Plan’s termination also ceased employee and employer contributions into the Plan and ceased new participant notes receivable from the Plan. Participant balances were distributed to participant IRA accounts or the participant’s current employer’s plan. All balances were distributed by July 15, 2026.

Newport Trust Company was the Plan’s custodian at December 31, 2024 and for the period January 1, 2025 to April 23, 2025. Ascensus Trust Company was the Plan’s custodian for the period April 24, 2025, to December 31, 2025. Newport Group, Inc. provided record keeping services to the Plan as of December 31, 2024, and for the period January 1, 2025 to April 23, 2025. Ascensus, LLC provided record keeping services to the Plan for the period April 24, 2025, to December 31, 2025. The plan administrator has overall responsibility for the operation and administration of the Plan. The plan trustees and the Plan’s investment advisor determine the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 (the SECURE Act 2.0) was signed into law December 29, 2022. This law, among other things, includes several required and optional provisions that will impact employee benefit plans that go into effect at various times through 2027. The provision that was required to be implemented during the year ended December 31, 2025, was long-term part-time employees with 2-consecutive 12-month periods of at least 500 hours of service must be eligible to participate in the Plan. The optional provisions that could be implemented during the year ended December 31, 2025, are; 1) an increase of catch-up contributions to the greater of \$10,000 or 50% more than the regular catch-up contribution for individuals age 60 – 63, and 2) allow employers to treat student loan payments as elective deferrals for purpose of receiving matching contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

General (Continued)

In addition to the required provision, the Plan has elected to adopt the catch-up contribution limit increase of the SECURE Act 2.0 during the 2025 plan year. The Plan was amended for any provisions elected in accordance with applicable law and IRS guidance effective October 21, 2025.

Amendments

Effective October 21, 2025, the Plan was amended to formally adopt provisions previously implemented under SECURE Act 2.0.

Effective November 8, 2025, the Plan was amended for Plan termination.

Effective November 30, 2025, the Plan was amended to remove Charles Bekken as the Plan's trustee and appointed Dave Ekern as the Plan's successor trustee.

Contributions

Participants may contribute 100% of annual eligible compensation, as defined in the Plan, and designate those contributions as either pre-tax or Roth. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan provides a non-elective safe harbor contribution which is determined as a percentage of participant compensation. The Company contributes an amount equal to 3% of participant compensation to all eligible participants. The Plan also allows for discretionary matching contributions, which have been suspended since August 2016.

Contributions are subject to certain IRS limits. Participants direct the investment of their contributions, including their employer contribution, into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of the Company's discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions, including the Company's safe harbor contributions and discretionary matching contributions, plus earnings thereon. Effective November 8, 2025, all participants were 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of the participant's vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Participants may have no more than one loan outstanding at any time. Principal and interest is paid ratably through payroll deductions.

Payment of Vested Benefits

On termination of service due to death, disability or retirement, participants may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump-sum amount or as a rollover into an IRA, depending on the size of the participant's account balance at the time of termination. Participants with a vested account balance of \$7,000 or less must take a lump-sum distribution. The account of a participant with a vested account balance \$1,000 or less who does not request a distribution will be automatically rolled into an individual retirement account in the participant's name. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account in a lump-sum distribution.

In-service distributions are allowed when a participant reaches age 59½. Rollover contributions may be withdrawn at any time. The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

Forfeitures

Forfeitures are used to reduce employer safe harbor and discretionary matching contributions. For the periods January 1, 2025 through November 8, 2025 (Ongoing) and November 9, 2025 through December 31, 2025 (In Liquidation), there were no forfeitures used to reduce employer contributions. At December 31, 2025 (In Liquidation) and December 31, 2024 (Ongoing), there were no unallocated forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the liquidation basis of accounting as of December 31, 2025 and for the period November 9, 2025 through December 31, 2025 (In Liquidation). The financial statements of the Plan as of December 31, 2024 (Ongoing) and for the period January 1, 2025 through November 8, 2025 (Ongoing) are prepared under the accrual basis of accounting.

Under the liquidation basis of accounting, assets are stated at their estimated net realizable cash value and liabilities are stated at their anticipated settlement amounts. There are no material changes to the 2025 financial statements as a result of the change under the liquidation basis of accounting. All investments of the Plan are stated at fair value (the estimated net realizable cash value for investments as of December 31, 2025 (In Liquidation), are equivalent to fair value). Purchases and sales of investments are recorded on a trade-date basis. The cost of Plan investments sold is determined by the average cost method.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 (In Liquidation) and December 31, 2024 (Ongoing).

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with the corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025. There were no excess contributions for the periods January 1, 2025 through November 8, 2025 (Ongoing) and November 9, 2025 through December 31, 2025 (In Liquidation).

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

Subsequent Events

The plan sponsor has performed a review of events subsequent to the statements of net assets available for benefits date through July 23, 2026, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information in the accompanying financial statements and ERISA-required supplemental schedule(s) related to investments and notes receivable from participants held at December 31, 2025 (In Liquidation) and December 31, 2024 (Ongoing), and net appreciation in fair value of investments, interest, and dividends, and interest income on notes receivable from participants for the periods January 1, 2025 through November 8, 2025 (Ongoing) and November 9, 2025 through December 31, 2025 (In Liquidation), was obtained by management and agreed to or derived from information certified as complete and accurate by Newport Trust Company, a qualified institution, at December 31, 2024 and for the period January 1, 2025 to April 23, 2025 and Ascensus Trust Company, a qualified institution, for the period April 24, 2025 to December 31, 2025.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 (In Liquidation) and December 31, 2024 (Ongoing).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds must publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the Reliance Trust Company Stable Value Employee Benefit Investment Trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 (In Liquidation) and December 31, 2024 (Ongoing).

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2025 (In Liquidation) and December 31, 2024 (Ongoing), respectively. NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. for the periods January 1, 2025 through November 8, 2025 (Ongoing) and November 9, 2025 through December 31, 2025 (In Liquidation), there were direct fees of \$95,567 and \$3,061, respectively. During the periods January 1, 2025 through November 8, 2025 (Ongoing) and November 9, 2025 through December 31, 2025 (In Liquidation) and during the year ended December 31, 2024 (Ongoing), there were transactions involving the investment of plan assets in investment funds maintained by Newport Trust Company and Ascensus Trust Company and recordkeeping fees paid to Newport Group, Inc. and Ascensus, LLC, parties-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments.

NOTE 6 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt

The Plan is subject to examination by the Internal Revenue Service for the statutory period.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
