Plan Administrator
Midwest Radiology, P.A. and Affiliates Cash Balance Plan
Roseville, Minnesota

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of Midwest Radiology, P.A. and Affiliates Cash Balance Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 12, 2025 (in liquidation) and as of December 31, 2024 (ongoing), the related statements of changes in net assets available for benefits for the period ended November 12, 2025 (in liquidation) and year ended December 31, 2024 (ongoing), the statement of accumulated plan benefits as of December 31, 2024 (ongoing), the statement of changes in accumulated plan benefits for the year ended December 31, 2024 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Midwest Radiology, P.A. and Affiliates Cash Balance Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 12, 2025 and December 31, 2024, and for the period and year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Midwest Radiology, P.A. and Affiliates Cash Balance Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan Sponsor approved a plan of liquidation in 2025, and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Midwest Radiology, P.A. and Affiliates Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions for the period ended November 12, 2025 (in liquidation) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDWEST RADIOLOGY, P.A. AND AFFILIATES CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 12, 2025 (IN LIQUIDATION) AND DECEMBER 31, 2024 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN

The following description of Midwest Radiology, P.A. and Affiliates Cash Balance Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory single employer defined benefit cash balance plan covering eligible employees of Midwest Radiology, P.A. and Affiliates (the Company). The Plan excludes independent contractors and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination and Plan of Liquidation

The Company passed a resolution to terminate the Plan effective December 31, 2024 and liquidated the Plan in 2025. Participants became 100% vested in their accrued benefits as of the termination date. In connection with the amendment to terminate the Plan, the Plan added a single lump sum option to allow all participants and beneficiaries the opportunity to take the present value of their accrued benefit in a lump sum payment or rollover the lump sum to the Midwest Radiology P.A. Profit Sharing Plan. Required notices to participants and filings to regulatory agencies were completed under the standard termination process. The Plan administrator notified participants of their distribution options, subject to amended plan provisions. Lump sums totaling approximately \$27 million were paid to participants who elected this option and approximately \$49 million was rolled into the Midwest Radiology P.A. Profit Sharing Plan. As of November 12, 2025, all accumulated benefit obligations have been settled and all assets of the Plan have been liquidated.

The following Plan provisions were in effect prior to the decision to terminate.

Eligibility

To be eligible to participate, participants are required to have completed two years of eligible service (1,000 hours) and attained age 18. Participants enter the Plan on the January 1, April 1, July 1, or October 1 coinciding with or next following the completion of the eligibility requirements.

Effective January 1, 2023, the Plan was amended to require participants to have been credited with at least one hour of service during the quarter. Effective September 30, 2023, the Plan was amended to no longer require at least one hour of service during the quarter.

Participants must be employed on the last day of the quarter (March 31, June 30, September 30, or December 31) to receive pay credits to their accounts. The last day of the quarter requirement is waived if the participant became disabled, died, or retired during the quarter. Effective January 1, 2023, the last day of the quarter requirement is waived if the participant is on a leave of absence that has not lasted more than 90 days.

MIDWEST RADIOLOGY, P.A. AND AFFILIATES CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 12, 2025 (IN LIQUIDATION) AND DECEMBER 31, 2024 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Pension Benefits

Benefits are calculated under a cash balance formula (cash balance benefit). The cash balance benefit is equal to a participant's cash balance account as of the end of the calendar quarter, increased by the pay credit made to the participant's cash balance account each calendar quarter. As of November 12, 2025 and 2024, the value of the participants' cash balance accounts totaled approximately \$-0- and \$70,655,000, respectively.

Participants receive pay credit amounts based on which Tier group they belong to as defined by the Plan. Pay credits per quarter are 25% of the Tier amount for the participant.

The interest credit rate is 3%. Interest credits are calculated on a daily compounding basis based upon the participant's account balance at the beginning of each calendar quarter. On July 30, 2025, the Plan was amended to add a benefit credit of 4.63% of the participant's account balance as of December 31, 2024 to each participant who was actively employed on December 31, 2024.

Participants who have terminated employment or attained normal retirement age are entitled to elect to receive benefits under the Plan as a lump sum distribution or annuity payments. Normal retirement age is defined by the Plan as the earlier of (i) age 62 and completion of five years of service or (ii) age 65. If a participant's cash balance account is \$5,000 or less, it will be paid as a lump sum distribution upon termination of employment. Participants may also receive in-service distributions if they have attained the Plan's normal retirement age.

Vesting

Participants become fully vested in the Plan upon attaining normal retirement age or a participant's early retirement date, death, total disability, or upon the completion of three years of vesting service. Employees hired after December 31, 2021, are 100% vested upon becoming an eligible participant.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As discussed in Note 1, the Company approved a plan of liquidation in 2025 and management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Under the liquidation basis of accounting, assets are stated at their estimated cash value expected to be collected in settling or disposing of assets during the liquidation process and liabilities are stated at their anticipated settlement amounts. Investments are stated at fair value which approximates the amount the Plan expects to collect. As of November 12, 2025 all accumulated benefit obligations have been settled and all assets of the Plan have been liquidated.

MIDWEST RADIOLOGY, P.A. AND AFFILIATES CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 12, 2025 (IN LIQUIDATION) AND DECEMBER 31, 2024 (ONGOING)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Administrative Costs

Certain administrative costs are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits (Ongoing)

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a. Retired or terminated employees or their beneficiaries,
- b. Beneficiaries of employees who have died, and
- c. Present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2024 were:

- a. Discount rate: 3.00%
- b. Mortality basis: Internal Revenue Code (IRC) Section 430 tables 2024 Applicable
- c. Retirement age assumption: Later of their normal retirement date or the end of the current plan year.

MIDWEST RADIOLOGY, P.A. AND AFFILIATES CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 12, 2025 (IN LIQUIDATION) AND DECEMBER 31, 2024 (ONGOING)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

There were no changes in plan provisions that impacted accumulated plan benefits as of December 31, 2024.

The actuarial assumptions underlying the actuarial present value of accumulated plan benefits include consideration of the Plan's termination. As disclosed in Note 1, the Plan was terminated effective December 31, 2024.

As disclosed in Note 1, subsequent to the valuation date, the Plan fully paid out all benefit obligations to participants.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 29, 2026, the date the financial statements were available to be issued.

NOTE 3 FUNDING POLICY

The benefits under the Plan are funded with contributions made by the Company. It is the policy of the Company to fund annually at least the minimum contribution required by ERISA. The contributions for the period ended November 12, 2025 and year ended December 31, 2024 met the minimum funding requirements of ERISA.

NOTE 4 CERTIFICATION

Principal Bank, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments as of November 12, 2025 and December 31, 2024, and investment income for the period and year then ended, respectively, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (*Level 1*) and the lowest priority to unobservable inputs (*Level 3*). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MIDWEST RADIOLOGY, P.A. AND AFFILIATES CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 12, 2025 (IN LIQUIDATION) AND DECEMBER 31, 2024 (ONGOING)

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

No assets were held as of November 12, 2025. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets:				
Mutual Funds	<u>\$ 71,034,829</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 71,034,829</u>

NOTE 6 PLAN TERMINATION

The Plan was terminated effective December 31, 2024, and all net assets were distributed to participants and beneficiaries during the period ended November 12, 2025 in accordance with the Plan document and applicable provisions of ERISA.

MIDWEST RADIOLOGY, P.A. AND AFFILIATES CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 12, 2025 (IN LIQUIDATION) AND DECEMBER 31, 2024 (ONGOING)

NOTE 7 TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 1, 2013, that the Plan and related trust are designed in accordance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management applied for, and received, a determination letter from the IRS that stated the Plan termination does not affect the qualified status of the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would-be material to the financial statements.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS
