Those Charged with Governance of the
Entrust Services dba Roto-Rooter 401(k) Plan
Greensboro, North Carolina

Professional standards require that we advise you of the following matters relating to our recently completed audit of the financial statements and supplemental schedules of the Entrust Services dba Roto-Rooter 401(k) Plan (the "Plan") as of and for the year ended December 31, 2024. The matters discussed herein are those that we have noted as of September 16, 2025 and we have not updated our procedures regarding these matters since that date to the current date.

Our Responsibility Under Generally Accepted Auditing Standards

As stated in our engagement letter dated November 18, 2024, our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable assurance about whether the financial statements and supplemental schedules are free of material misstatements, whether caused by error or fraud. As permitted by Regulation 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have not performed auditing procedures with respect to information prepared and certified by the trustee of the Plan, other than comparing that information with the related information included in the financial statements and supplemental schedules. An audit in accordance with generally accepted auditing standards does not provide absolute assurance or guarantee the accuracy of the financial statements and supplemental schedules and is subject to the inherent risk that errors or fraud, if they exist, have not been detected. Such standards also require that we obtain a sufficient understanding of the Plan's internal control to plan the audit. However, such understanding is required for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Overview of Planned Scope and Timing of the Audit

As outlined in our engagement letter and client assistance requests, we made certain communications and inquiries of plan management regarding the planned scope and timing of the audit, the intention of which was to assist those charged with governance in understanding better the consequences of our audit work on your oversight responsibilities along with assisting us in understanding better the Plan and its environment. The focus of this discussion included how the risks of material misstatement, whether due to error or fraud, would be addressed and on factors, rather than specific thresholds or amounts, that would impact materiality used in our planning and execution of the audit.

Significant Findings from the Audit

Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in footnotes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Management Judgments and Accounting Estimates

Certain accounting estimates are particularly sensitive because of their significance to the financial statements and supplemental schedules and because of the possibility that future events affecting them may differ markedly from management's current judgments. There are no estimates of management that are material to the financial statements and supplemental schedules.

There were no material contingencies, as defined in Financial Accounting Standards Board ("FASB") ASC 450-20, *Loss Contingencies*, for which we had questions or concerns about the reasonableness of the accounting or the adequacy of the financial statement disclosure.

Misstatements

Professional standards require the auditor to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Additionally, we are required to communicate with those charged with governance uncorrected misstatements and the effect that they may have on the opinion in the auditor's report, and request their correction.

During our audit, no material corrected misstatements or unrecorded misstatements were brought to the attention of management by us.

Adoption of a Change in Accounting Principle

There were no situations involving the adoption of or a change in accounting principles where the application of alternative generally accepted accounting principles, including alternative methods of applying an accounting principle, would have a material effect on the Plan's financial statements and supplemental schedules.

Disagreements with Management

Professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting or auditing matter that could be significant to the Plan's financial statements and supplemental schedules or the audit report. No such disagreements arose during the course of our audit.

Consultation with Other Accountants

There may be circumstances where the plan sponsor considers consulting with other accountants about accounting and auditing matters. We are not aware of any consultations about accounting or auditing matters between management and other accountants. We are also not aware of opinions obtained by management from other accountants on the application of generally accepted accounting principles.

Significant Issues Discussed with Management Prior to Our Retention

Prior to our being retained as auditor for the current fiscal year, there were no significant accounting or other issues of concern discussed with management.

Significant/Material Alternative Accounting Treatments Discussed with Management

During the past year, there were no discussions with management concerning significant or material alternative accounting treatments.

Significant Difficulties Encountered in Performing the Audit

There were no significant difficulties encountered during the course of the audit. All records and information requested by Smith Leonard PLLC were freely available for inspection. Management and other personnel provided full cooperation.

Representations Requested from Management

We have requested certain representations from management that are included in the management representation letter dated September 16, 2025.

Other Issues Arising from the Audit that We Consider Significant and Relevant to Those Charged with Governance

There were no other issues arising from the audit that we consider significant and relevant to those charged with governance.

Internal Control Matters

We are required to communicate, in writing and in a timely manner, to those charged with governance all material weaknesses and significant deficiencies that have been identified in the Plan's internal control over financial reporting. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the second paragraph of this letter and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, we did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

However, we have the following suggestions for improving the existing internal controls and fiduciary oversight of the Plan. These matters did not affect the fair presentation of the financial statements.

Administration of Plan Compensation

During our audit, we noted several instances in which Company matching contributions exceeded the allowable percentage as defined by the Plan document and several instances where participants were precluded from deferring on 'Float' pay, which was determined to be eligible in accordance with the Plan document.

We would recommend the Company review its procedures in comparison to those at the Plan's service providers to ensure that plan compensation, employee deferrals, and Company matching contributions are properly administered in accordance with the plan document. As of the date of this letter, it is our understanding that the Company is working with the Plan's service providers to take the necessary corrective actions including the calculation and remittance of lost earnings to the affected participant accounts.

Year End Receivable

During our audit, we noted a discrepancy in the deferrals and matching contributions included within the December 31st payroll, to what was ultimately deposited and processed by Principal.

While it appears that this matter was isolated in nature, partially impacted by the utilization of forfeitures and immaterial to the Plan as a whole, we would recommend that the Company review its procedures in connection with those at Principal to ensure that the payroll reports can be reconciled in full to the deposits at Principal and that exceptions are reviewed for correction if needed.

Administration of Participant Vesting

During our audit, we noted several instances in which participant forfeitures did not appear to be calculated appropriately based on the demographic data obtained from the Company.

While it is our understanding that these matters are isolated and the Company is working with Principal to correct the identified participants as needed, we recommend the Company review its procedures in connection with those at the Plan's service providers to ensure that participant vesting information maintained by the Company is consistent with the information utilized by Principal when calculating participant's vesting.

Administration of Participant Demographic Information

We identified several instances in which participant demographic information at the Company did not agree to the data maintained by the recordkeeper.

We recommend that the Company perform a review of all applicable participant data to ensure that the information maintained by the Company is in agreement with the details included within the service providers.

Plan Committee Minutes

It is our understanding the Company has established a plan committee to oversee the administration of the Plan and meet periodically (at least annually) to monitor the performance of plan investments and take action on any other Plan matters.

We would recommend that the business of these meetings be recorded in formal minutes to adequately document the due diligence the plan sponsor is performing to meet its fiduciary responsibility in the administration of the Plan.

Investment Policy

During our audit, we noted that the Plan does not have a formal investment policy statement ("IPS").

We recommend that plan management consider working with the Plan's advisors to develop a written investment policy to establish investment mix, risk, safety, liquidity, and targeted investment returns. In addition, the plan trustee or their designees should periodically monitor investment performance compared to the established guidelines.

Independence

We are not aware of any circumstances or relationships that would impair our independence.

Should you desire further information concerning these matters, we will be happy to meet with you at your convenience.

This letter is solely for the internal use of those charged with governance and plan management and should not be distributed to any other persons or used for any other purpose.

Best regards,

Smith Leonard PLLC
