Independent Auditor's Report

To the Plan Administrator and Participants
Quandel Enterprises, LLC Group Medical Plan
Harrisburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Quandel Enterprises, LLC Group Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits and changes in benefit obligations for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedules Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the Quandel Enterprises, LLC Group Medical Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a self-funded health and welfare benefit plan sponsored by Quandel Enterprises, LLC and its subsidiaries (the Company). The Plan provides medical, hospital, surgical, prescription drug, and related healthcare benefits to eligible employees who are not covered by a collective bargaining agreement and who are regularly scheduled to work at least 30 hours per week. Eligible dependents may also participate in the Plan in accordance with the provisions of the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan participates in Keystone Benefit Partners, LLC (KBP), a health insurance consortium that provides administrative and purchasing arrangements for participating employers. Plan assets are held in the Keystone Benefits Trust, through which benefit claims and certain administrative expenses are paid.

Contributions

Employer contributions are made as necessary to fund benefit payments and administrative expenses in accordance with the provisions of the Plan. Employee contributions are established annually based on the coverage elected by each participant.

Benefits

The Plan provides medical and prescription drug benefits in accordance with the terms of the plan document. Benefits are administered by Highmark Blue Shield (Highmark), which processes and adjudicates claims on behalf of the Plan.

Former employees and eligible dependents may elect to continue health coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), subject to the terms of the Plan and applicable federal law.

The Company provides most health insurance benefits and pays the administrative fees incurred. All medical and prescription drug benefits are self-insured. The employees pay a portion of their health coverage based upon the coverage chosen through payroll deductions.

Current health claims are processed through the Highmark network.

The Plan maintains both specific and aggregate stop-loss insurance coverage to limit the Company's exposure to large individual claims and excessive aggregate claims. Premiums for stop-loss insurance are paid from plan assets.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Premiums paid by the trust or the Company are recorded as insurance premiums in the accompanying statement of changes in net assets available for benefits when paid.

Claim payments are recorded when paid by the third-party claims processor.

Stop Loss Insurance

The Plan has a stop loss insurance arrangement whereby the stop loss insurance will cover the Plan's obligations for any plan participant's claims in excess of a fixed dollar amount (self-insured retention). The self-insured retention for the Company was \$80,000 and \$75,000 per covered person for the years ended December 31, 2025 and 2024, respectively. Stop loss refunds of \$708,739 and \$497,234 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively.

In addition, the Plan has an aggregate stop loss insurance arrangement whereby the aggregate stop loss insurance will cover the Plan's obligations if all claims exceed a fixed dollar amount. Premiums for stop loss insurance are included in insurance premiums in the accompanying statement of changes in net assets available for benefits.

Plan Benefit Obligations

Plan obligations at December 31, 2025 and 2024 for health claims incurred by active participants but not reported at that date are estimated by the Plan's actuary. Such estimated amounts are reported in the accompanying statement of benefit obligations. Due to the short-term nature of the reserve liability, time value of money was not used to discount future payments. As of December 31, 2025 and 2024, benefit obligations for claims that had been incurred but not paid totaled \$237,231 and \$232,049, respectively. Each of these amounts was paid in the plan year immediately following the respective period end dates noted above. It is the Plan's policy that deductions for claims are recorded when paid.

Quandel Enterprises, LLC Group Medical Plan

Notes to Financial Statements
December 31, 2025 and 2024

Note 2 - Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan's assets are administered under a contract with Wilmington Trust, the custodian of the Plan.

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party administrators and the custodian. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan and are excluded from these financial statements.

Note 3 - Information Certified and Provided by Wilmington Trust

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments held at December 31, 2025 and 2024, and interest and other income for the years ended December 31, 2025 and 2024, was obtained by management and agreed to, or derived from, information verified as complete and accurate by Wilmington Trust (the custodian of the Plan).

Note 4 - Plan Administration

The Plan has entered into a service agreement with Highmark to provide consulting and administrative services. Highmark is responsible for determining eligibility of the claiming person, evaluating the validity of the claim, calculating the amount of the claim payable, if any, and issuing a check payable to the provider of services, or to the employee in accordance with the terms of the Plan. Highmark charges a fee based on the number of employees participating in the Plan.

Substantially all administrative expenses of the Plan, including, but not limited to, costs related to claims processing are paid from plan assets. Certain other administrative expenses of the Plan, including certain recordkeeping services and professional fees, are also paid from plan assets.

During the year ended December 31, 2024, the Company experienced negative administrative fees associated with its medical plan. These negative fees resulted from rebates provided by the consortium. In accordance with U.S. GAAP, these negative fees have been recorded as a reduction in administrative expenses rather than as revenue. This treatment ensures that the financial statements accurately reflect the net cost of administering the medical plan. This net amount is shown in the accompanying statement of changes in net assets available for benefits. Effective April 1, 2025, consortium rebates ceased. As a result, administrative expenses for 2025 reflect the full cost of plan administration without rebate offsets.

Note 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2025 and 2024.

Shares of the money market fund are valued at the quoted net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements December 31, 2025 and 2024

Note 5 - Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025 and 2024:

Fair Value Measurements at December 31, 2025				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market fund	\$ 632,655	\$ -	\$ -	\$ 632,655

Fair Value Measurements at December 31, 2024				
Money market fund	\$ 394,051	\$ -	\$ -	\$ 394,051

Note 6 - Tax Status

The Plan is funded through a non-qualified trust under Internal Revenue Code (IRC) 419(a). The trust files Form 1041 U.S. Income Tax Return for Estates and Trusts. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. Federal, state, or local tax authorities. Income taxes of \$2,049 and \$1,269 were paid by the Plan for the years ended December 31, 2025 and 2024, respectively, and are included in administrative expenses in the statement of changes in net assets available for benefits. Certain prior-year amounts have been reclassified to conform to the current-year presentation. These reclassifications had no effect on net assets available for benefits or the change in net assets. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, active employees, discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for, or on account of, the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Notes to Financial Statements

December 31, 2025 and 2024

Note 8 - Risks and Uncertainties

The Plan invests in a money market fund. The money market fund is exposed to various risks such as interest rate, market, and credit risks. Due to the minimal level of the risk associated with the money market fund, it is unlikely but remotely possible that changes in the value of the money market fund will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions, including level of past claims. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9 - Related Party Transactions and Parties-In-Interest Transactions

The money market fund is managed by Wilmington Trust, the custodian of the Plan and; therefore, transactions related to the money market fund qualify as party-in-interest transactions. Fees paid by the Plan for investment management and custody services totaled \$153,122 for the year ended December 31, 2025. Fees paid by the Plan for investment management and custody services were immaterial for the year ended December 31, 2024. As described in Notes 1, 2, and 4, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

Note 10 - Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 685,399	\$ 395,554
Benefit obligations currently payable	<u>(237,231)</u>	<u>(232,049)</u>
Net Assets Available for Benefits per the Form 5500	<u>\$ 448,168</u>	<u>\$ 163,505</u>

The following is a reconciliation of claims paid per the financial statements to the Form 5500 for the year ended December 31, 2025:

Claims paid, net per the financial statements	\$ 2,045,131
Benefit obligations payable - beginning of year	(232,049)
Benefit obligations payable - end of year	<u>237,231</u>
Claims Paid per the Form 5500	<u>\$ 2,050,313</u>

Notes to Financial Statements

December 31, 2025 and 2024

Note 10 - Reconciliation of the Financial Statements to the Form 5500 (continued)

Under U.S. GAAP applicable to health and welfare benefit plans, obligations for claims incurred but not reported and claims processed but unpaid at year-end are presented as benefit obligations in the accompanying statement of benefit obligations. For purposes of Form 5500 reporting, these amounts are reported as liabilities and are reflected in claims incurred. Accordingly, differences exist between the financial statements prepared in accordance with U.S. GAAP and the Form 5500.

Note 11 - Subsequent Events

Plan management has evaluated subsequent events through July 23, 2026. This date is the date the financial statements were available to be issued. No material events subsequent to December 31, 2025 were noted.
