FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2025 AND 2024

INDEPENDENT AUDITORS' REPORT

The Trustee and Participants of QC Financial Services 401(k) Retirement Plan
Lenexa, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the QC Financial Services 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements. Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QC FINANCIAL SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF THE PLAN

The following description of the QC Financial Services 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering substantially all employees of QC Financial Services, LLC (formerly, QC Financial Services, Inc.) (“Plan Sponsor” or “Company”). The Plan also includes QC Holdings, LLC and QC Management Services, Inc. as participating employers. The Plan was established July 1, 1998, and most recently amended and restated effective January 1, 2022. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”).

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively “Principal”) serve as the custodians of the Plan. Principal also serves as the Plan’s recordkeeper. An employee serves as the Plan’s trustee.

Eligibility – Employees who have worked for six months may enter the Plan on the first day of the plan quarter after meeting the eligibility requirements. The Plan excludes union employees, leased employees, employed students and non-resident aliens.

Contributions – Participants may contribute up to 100% of eligible compensation as defined in the Plan Document, as a pretax contribution or a Roth contribution, subject to certain Internal Revenue Code (“IRC”) limitations. In addition, participants meeting certain age requirements may also make catch-up contributions. Under the Secure 2.0 Act of 2022, effective January 1, 2025, a participant who reaches the age of 60 through 63 during the Plan year may contribute an additional catch-up contribution to the Plan.

The Company may make a matching contribution equal to a discretionary percentage of the participant’s salary deferral. For 2025, the Company declared a matching contribution of 25% up to 6% of compensation.

Participant Accounts – Each participant’s account is credited with the participant’s and the Company’s contributions, if any, an allocation of the investments’ earnings/(losses), and is charged with the participant’s withdrawals and distributions, and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options – Participants direct their investments into a variety of mutual funds, pooled separate accounts and collective investment trusts. Certain participants that joined the Plan as part of a merger were allowed to invest in a guaranteed investment contract. Additional contributions to the guaranteed investment contract are no longer allowed.

Vesting – Participants’ contributions are fully vested at all times. The Employer matching contributions vest in 50% increments, with 50% vesting after 2 years of service and 100% vesting after 3 years of service. Employer contributions also become fully vested in the event of death or disability of the participant.

Forfeitures – Forfeited balances of terminated participants’ non-vested accounts may first be used to pay administrative expenses, and may also be used to reduce future employer discretionary contributions. During the year ended December 31, 2025, forfeitures of \$6,456 were used to pay administrative expenses. As of December 31, 2025 and 2024, there were \$16,540 and \$14,243, respectively, of forfeitures.

Payment of Benefits – Upon termination of service, the participant, or in the case of death, the participant's beneficiary, may elect to receive the vested value of the participant's account in a lump-sum. If the vested portion of the account balance is less than \$7,000, the participant's vested account balance will be automatically distributed if the participant does not elect to roll-over the balance to another qualified plan. Balances between \$1,000 and \$7,000 will be automatically rolled over to an IRA account.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans may be made from the participant's vested account balance. The maximum loan term is 5 years, unless the loan is for the purchase of the participant's principal residence in which case the term may be up to 30 years. The loans are secured by the balance in the participant's account, and bear interest at the Prime rate plus 1%. A participant may have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants for purposes as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance that is 100% vested.

Participants who have obtained the age of 59 ½ are allowed to receive a distribution of all or any portion of the vested account balance in a single lump sum payment. Roth contributions, if withdrawn prior to 5 years after the first Roth contribution is made, will lose their qualified status and the earnings become taxable.

Other Income – During 2025, the Plan received \$2,573 in revenue sharing payments which was used to pay administrative expenses. As of December 31, 2025 and 2024, the revenue sharing account had a balance of \$0.

Administrative Expenses – Administrative expenses are paid by the Plan or the Company, as defined in the Plan. During 2025, the Plan paid administrative expenses of \$97,302 for recordkeeping, custodial and investment management services.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan is terminated, participants' accounts would become fully vested at that time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance is considered necessary.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction on investment return for such investments.

Contributions – Contributions are recorded in the year that services are rendered.

Contributions Funded in Advance – The Plan Sponsor remitted contributions attributable to the first payroll in January 2026 at the end of December 2025. The contributions totaling \$49,738 are reported as contributions funded in advance on the Statement of Net Assets Available for Benefits at December 31, 2025, as these contributions relate to the next Plan year.

Payment of Benefits – Benefit payments are reported in the year of payment.

Excess Refundable Contributions – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Date of Management's Review – Subsequent events have been evaluated through August 10, 2026, which is the date the financial statements were available to be issued, and there were no material events requiring additional recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled Separate Accounts and Collective Investment Trusts – Principal calculates a unit value (similar to a net asset value “NAV”) of a separate account and collective investment trusts. It is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any. The NAV is available to current investors via the Principal employer website, or when Plan participants access their account

values. The NAV is the basis for current transactions and these investments can be redeemed at NAV as of the measurement date. Therefore, management believes that these investments have a readily determinable fair value. The majority of the underlying securities held in these investments have observable Level 1 inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2025 and 2024:

	Fair Value Measurement Using:			
	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	\$ 2,647,119			\$ 2,647,119
Pooled separate accounts	7,885,617			7,885,617
Collective investment trusts	9,001,290			9,001,290
Investments at fair value	<u>\$ 19,534,026</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,534,026</u>
December 31, 2024:				
Mutual funds	\$ 2,122,465			\$ 2,122,465
Pooled separate accounts	7,455,225			7,455,225
Collective investment trusts	7,775,583			7,775,583
Investments at fair value	<u>\$ 17,353,273</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,353,273</u>

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Effective July 15, 2023, the Y.O.U.R. 401(k) Plan merged into this Plan. The Y.O.U.R. 401(k) Plan provided participants with the Stable Assets Fund, a fully benefit-responsive group annuity contract with a fixed rate of interest issued by The Standard Insurance Company as an investment option for participants. This investment has been closed to additional contributions.

The objective of this investment option is to guarantee principal and provide a stated interest crediting rate backed by The Standard Insurance Company. The contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Under the existing contract, the guaranteed crediting rate shall remain at 1.00%. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events that may limit the ability of the Plan to transact at contract value are not probable of occurring.

6. INFORMATION CERTIFIED BY CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value
- Investments, at contract value
- Net appreciation in fair value of investments
- Interest and dividend income
- Notes receivable from participants, and related interest
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Pre-Approved Profit Sharing Plan with cash or deferral arrangement which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and collective investment trusts managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The Plan pays certain fees to Principal to administer the Plan. These transactions qualify as party-in-interest. Notes receivable from participants are party-in-interest transactions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	\$ 20,147,113	\$ 17,767,612
Contributions funded in advance	49,738	
Excess refundable contributions	<u>111,983</u>	<u>101,969</u>
Net assets available for benefits per the Form 5500	<u>\$ 20,308,834</u>	<u>\$ 17,869,581</u>

The following is a reconciliation of net increase per the financial statements to the net income per the Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	\$ 2,379,501
Add: Current year excess refundable contributions	111,983
Add: Contributions funded in advance	49,738
Less: Prior year excess refundable contributions	<u>(101,969)</u>
Total income per the Form 5500	<u>\$ 2,439,253</u>
