INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Fleming Electric, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fleming Electric, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fleming Electric, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fleming Electric, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fleming Electric, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fleming Electric, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fleming Electric, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLEMING ELECTRIC, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 1: Description of Plan

The following description of the Fleming Electric, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Fleming Electric, Inc. and related employers (the “Employer”), who have reached 18 years of age and have completed sixty days of service, except collectively bargained employees. Employees will become eligible to participate on the first day of the next month of the Plan Year after they complete all requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2024, The Setting Every Community Up for Retirement Enhancement (SECURE) Act extended eligibility for participation in 401(k) plans to certain long-term part-time (LTPT) employees. LTPT employees must have three consecutive years of eligible service beginning in 2021 in order to make deferral contributions into the Plan. Eligible service is defined as at least 500 hours of service for each 12-month eligibility period. The eligibility service window applies for plan years beginning after December 31, 2020, and excludes service before that. The Plan Sponsor may still require the employee to satisfy any minimum age requirements and can also decide whether LTPT employees will receive any portion of employer contributions.

Plan Amendment

Effective February 1, 2024, the Plan was amended for the Plan Administrator to allocate the employer matching contribution only to the participants directly employed by the contributing employer, to change the employer nonelective contributions to be allocated based on three participant classifications, and to change the vesting schedule on employer contributions to a six-year graded schedule for all participants with commencement dates after December 31, 2023.

Contributions

Each year participants may contribute a portion of their annual compensation, as defined in the Plan, not to exceed the limit set by the Internal Revenue Code of \$23,500 and \$23,000 in 2025 and 2024, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and a percentage of compensation as a Roth 401(k) deferral. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer, at its discretion, may match 50% of the amount that a participant contributes to the plan with a maximum annual match of \$500. Additional profit-sharing amounts may be contributed at the option of the Employer’s board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations. The Plan has a catch-up provision for participants that are age 50 or older, in which they can contribute an additional \$7,500 in 2025 and 2024, respectively. Effective January 1, 2025, a higher catch-up contribution limit applies to employees aged 60-63 under the SECURE Act 2.0. For 2025, the higher catch-up contribution limit is \$11,250.

FLEMING ELECTRIC, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Employer's contribution and b) Plan earnings or losses, and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account plus earnings thereon is based on years of continuous service. Participants hired prior to January 1, 2024 are 100% vested after three years of service. All other participants are 100% vested after six years of service. A participant's interest also becomes 100% vested upon death, reaching age 62, becoming permanently disabled while employed, or upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by 50% of the vested balance in the participant's account and are re-paid through weekly payroll deductions. The loans bear interest at a fixed rate equal to the Wall Street Journal Prime Rate plus 1% at the time of the loan.

Investment Options

Upon enrollment in the Plan, a participant may elect to have any portion of their account allocated to the investment options under the Plan. Participants may change their investment selections at any time and investments may be among thirty-five various mutual funds, a guaranteed investment contract and a common collective trust fund as investment options for participants.

Forfeitures

Forfeited account balances will first be used to restore participants' accounts in accordance with the Plan document. Any remaining balance will be maintained in the Trust Fund and first be used to pay Plan expenses, with any remaining forfeitures to be used to reduce Employer contributions. There were no forfeitures used to pay plan expenses during 2025 or 2024. During 2025 there were \$6,946 of forfeitures used to reduce the employer match. There were no forfeitures used to reduce the employer match during 2024. During 2025 and 2024, \$18,625 and \$16,340 were used to pay plan audit fees, respectively.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

In-service distributions are allowed for participants who have reached age 59 ½, who have incurred a financial hardship, who have become disabled, who have attained 60 months of participation, or who request a qualified reservist distribution.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues and expenses, other than benefit payments, together with the related assets and liabilities are recorded in the accounting period to which they apply, regardless of when the cash transaction occurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan administrators to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of additions and deductions during the reporting period, and disclosure of contingent assets and liabilities. The Plan administrator's most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

As of December 31, 2025 and 2024, the Plan has a group annuity contract with Empower Annuity Insurance Company of America which consists of an unallocated investment in a guaranteed investment contract. The contract is not considered fully benefit responsive.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Fees

Certain expenses of maintaining the Plan are paid by the Plan and allocated to Plan participants on a pro-rata basis, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Administrative expenses paid by the Plan totaled \$68,610 and \$59,330 in 2025 and 2024, respectively.

FLEMING ELECTRIC, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated all subsequent events for potential recognition and disclosure through July 24, 2026, the date these financial statements were available to be issued.

Note 3: Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 4,787,609	\$ 4,787,609	\$ -	\$ -

**FLEMING ELECTRIC, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 4,788,827	\$ 4,788,827	\$ -	\$ -
Guaranteed Investment Contract	<u>229,485</u>	<u>-</u>	<u>229,485</u>	<u>-</u>
Investments at Fair Value	<u>\$ 5,018,312</u>	<u>\$ 4,788,827</u>	<u>\$ 229,485</u>	<u>\$ -</u>

The following section describes the valuation methodologies the Plan uses to measure financial instruments at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (see Note 5).

Common Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The investment in a collective trust fund is valued as a practical expedient utilizing the net asset valuation. The practical expedient is used for valuation, unless it is probable that the fund will sell a portion of the investment at an amount different from the net asset valuation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments (including realized gains and losses on investments bought, sold, and held during the year as well as unrealized appreciation (depreciation) of the investments held at the end of the year) appreciated in value by \$514,107 and \$383,663 in 2025 and 2024, respectively.

Fair Value of Investments in Entities that use NAV

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

DECEMBER 31, 2025 AND 2024

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Employer has reserved the right to discontinue its contributions at any time and terminate the plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts. Participants are always fully vested in their employee contributions and related earnings.

Note 5: Guaranteed Investment Contract with Empower Annuity Insurance Company of America

As of December 31, 2025 and 2024, the Plan held a group annuity contract with Empower Annuity Insurance Company of America. The group annuity contract, EI Fixed Account – Series Class I, is a fixed account that is part of the general account of Empower Annuity Insurance Company and is not considered fully benefit responsive. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. Interest crediting rate is reset quarterly.

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employee association or relatives of such person. Empower Retirement is the third-party administrator, and Empower Annuity Insurance Company of America and Empower Trust Company, LLC is the custodian and trustee of the Plan. They are by definition parties-in-interest and as a result, these investment transactions were with parties-in-interest.

Fees incurred by the Plan for investment management, other services paid to the third-party administrator and custodian and fees paid to other third-parties were \$68,610 in 2025 and \$59,330 in 2024, of which \$14,785 and \$13,933 were paid from revenue sharing funds maintained by the Plan. These transactions are exempt from being prohibited transactions under ERISA.

Note 7: Tax Status

The IRS has informed the Employer by an opinion letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no open audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 8: Information Prepared and Certified by Custodians and Trustee

All assets of the Plan are held by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodian and trustee. Empower Retirement serves as the third-party administrator and record-keeper of the Plan. All investment information and notes receivable from participants that are disclosed in the accompanying financial statements and supplemental information, including investments held at December 31, 2025 and 2024, net change in fair value of investments, and interest and dividends for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan's administrator and certified as complete and accurate by the trustee and custodian.

Note 9: Reconciliation with Form 5500

Certain amounts reported in the Plan's annual Form 5500 for changes in net assets available for benefits are different from the amounts reported in the accompanying financial statements. These differences are due to different presentation of investment income but have no effect on the net assets of the Plan.

The following is a reconciliation of the net changes in net assets per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Net Decrease in Net Assets per the Financial Statements	\$ (82,623)
Plus (Less): Employer Contribution Receivable At December 31, 2025	<u>(1,000)</u>
Net Decrease In Net Assets per Schedule H of Form 5500	<u>\$ (83,623)</u>
