REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Sponsor
Follett Software, LLC Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed an audit of the financial statements of Follett Software, LLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other matter – auditor's report on the 2024 financial statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 4, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Follett Software, LLC Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of Follett Software, LLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document and trust agreements for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution (participant-directed) retirement plan established by Follett Software, LLC. (the "Company") under the applicable provisions of the Internal Revenue Code ("IRC") Section 401(a). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Leased employees, nonresident aliens, and residents of Puerto Rico are not eligible to participate in the Plan. Union employees are also excluded from participation in the Plan unless their collective bargaining agreement separately provides for participation. There are no age or service requirements for participation in the Plan; therefore, all eligible employees may begin participating in the Plan on the first day of the month coinciding with or immediately following their hire date.

Contributions

Each year, participants may make salary deferral contributions to the Plan up to 75% of their eligible pre-tax compensation, as defined in the Plan document. Participants may elect to designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investments offered by the Plan.

The Company makes safe harbor matching contributions to the Plan equal to 100% of the first 4% of a participant's salary deferral contributions. The Company may, at its discretion, also make additional discretionary matching contributions to the Plan. For the year ended December 31, 2025, the Company elected not to make any discretionary matching contributions to the Plan.

The Company may also make discretionary nonelective contributions to the Plan. Eligible employees must have completed at least 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year to receive any discretionary nonelective contributions. Highly compensated employees and employees who are eligible as of the last day of the Plan year to participate in certain incentive or commission plans maintained by the Company are excluded from the Company's nonelective contributions. For the year ended December 31, 2025, the Company elected not to make any discretionary nonelective contributions to the Plan. Participants also direct the investment of Company contributions. All contributions are subject to certain IRC limitations. Effective January 1, 2025, the Plan provides for an auto-enrollment feature whereas newly eligible participants contribute 6% of pre-tax contributions into the Plan unless they formally opt out. The Plan currently offers various investment funds.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor matching contributions and any discretionary matching contributions, as well as allocations of any discretionary nonelective contributions and an allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and eligibility, as defined. The benefit to which a participant is entitled is based on the amount contained in the individual's vested account.

Follett Software, LLC Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2025 and 2024

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined.

Vesting Provisions

Participants are immediately vested in employee contributions (including pre-tax and Roth deferrals), rollover contributions, and employer matching contributions, as well as non-QACA safe harbor contributions. Standard nonelective (profit sharing) contributions are subject to a three-year cliff vesting schedule, whereby participants vest at 0% prior to three years of vesting service and 100% upon completion of three years. Certain prior nonelective contributions may be fully vested upon allocation, as specified in the Plan. Participants become 100% vested upon death, disability, or other qualifying events in accordance with Plan provisions.

Forfeitures

Nonvested standard nonelective (profit sharing) contributions are forfeited upon a participant's termination of employment prior to full vesting. Forfeitures are used to offset employer contributions or pay plan expenses, as permitted by the Plan document.

Notes Receivable From Participants

Loans are available to participants under the Plan, subject to certain limitations. Plan loans are issued from the participant's account and loan proceeds are not considered distributions from the Plan. However, a portion of a participant's vested account balance is reserved, or held as collateral, to cover the outstanding loan amount for the period of time the loan is outstanding.

Participants may borrow using a portion of their plan account as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50% of their vested account balance. Participants may have a maximum of one loan outstanding at any time. The loans bear interest at a rate equal to the prime rate plus 1%, which is established in accordance with the Plan's loan policy and applicable regulations. Principal and interest are paid ratably through payroll deductions. Participants may also repay loans through other methods authorized by the Plan Administrator.

Loans terms range from one to five years or up to 15 years for the purchase of a primary residence.

In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan.

Payment of Benefits

Upon termination of service for any reason, participants will receive benefits in a form permitted under the Plan, generally equal to the value of the participant's vested account balance. Distributions are made as soon as administratively practicable following the participant's termination or other distributable event, in accordance with Plan provisions.

Participants with a vested account balance of less than \$1,000 may receive a mandatory distribution. For participants with a vested account balance greater than \$1,000 but less than \$5,000, the Plan Administrator

Follett Software, LLC Retirement Savings Plan

may direct a rollover of the participant's account to an individual retirement account designated by the Plan Administrator, unless otherwise elected by the participant. Participants with account balances greater than \$5,000 may defer payment of benefits until a later date, subject to Plan provisions.

Withdrawals from the vested portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified by the Plan. Participants who have attained age 59½ may withdraw all or a portion of their vested account balance prior to termination, subject to Plan provisions. In addition, certain in-service withdrawals, including withdrawals of rollover contributions, may be made at any time, in accordance with the terms of the Plan.

Required minimum distributions are made to participants in accordance with applicable Internal Revenue Service ("IRS") regulations.

Participant Rollovers

Participants may contribute distributions from other qualified plans. These rollover contributions are always 100% vested.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, the administration of self directed brokerage accounts, distributions, quarterly recordkeeping fees and certain asset-based investment advisory fees are charged directly to the participant's account and are included in administrative expenses. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Administrative expenses for the year ended December 31, 2025 were \$21,411.

Participant-Directed Contributions, Withdrawals and Transfers

Under the Plan, participants may direct the investment of their contributions among the investment options offered by the Plan. Participants may change their investment elections in accordance with Plan procedures.

Withdrawals and transfers are recorded when processed. Participants may also transfer balances among investment options as permitted under the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies follows:

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Follett Software, LLC Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2025 and 2024

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of plan assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Contributions from Plan participants, safe harbor matching contributions and the discretionary matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The nonelective contributions from the Company are recorded in the year in which the contributions are earned.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - SUMMARY OF CERTIFIED FINANCIAL DATA

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, T. Rowe Price Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual Funds

The fair value of units held by the Plan in mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. The mutual funds and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Common Collective Trust Funds

Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments, they provide for daily liquidity, and they have redemption notice periods up to 90 days.

Follett Software, LLC Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2025 and 2024

Self-Directed Brokerage Accounts

Primarily contain investments in common stocks, exchange traded funds, mutual funds, money market funds, and interest-bearing cash. The common stocks and exchange traded funds are valued at the closing price reported on the active market on which the individual securities are traded. The mutual funds and money market funds are valued at NAV in the same manner as described in the previous paragraph. The interest-bearing cash is valued at amortized cost, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2025					
	Level 1	Level 2	Level 3	Investments Measured at NAV	Total
Mutual funds	\$ 28,722,823	\$ -	\$ -	\$ -	\$ 28,722,823
Common and collective trust funds	-	-	-	50,670,146	50,670,146
Self-directed investments	1,851,782	-	-	-	1,851,782

2024					
	Level 1	Level 2	Level 3	Investments Measured at NAV	Total
Mutual funds	\$ 22,942,421	\$ -	\$ -	\$ -	\$ 22,942,421
Self-directed brokerage accounts	1,649,657	-	-	-	1,649,657
Money market fund	1,988	-	-	-	1,988
Common and collective trust funds	-	-	-	49,887,834	49,887,834

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

December 31, 2025 and 2024

NOTE 5 - TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated August 19, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 6 - RELATED-PARTY TRANSACTIONS

Plan investments include common collective trust funds, mutual funds and a money market fund held by T. Rowe Price Trust Company. Participants may also invest in a variety of investments through a self-directed brokerage account option offered through Charles Schwab Trust Bank. All investments are recorded and kept by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee and Charles Schwab Trust Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Management has completed its evaluation of potential subsequent events. This evaluation was completed through July 21, 2026, the date the financial statements were available to be issued.
