Independent Auditor's Report

To the Plan Administrator of
Micro Stamping Corporation Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the financial statements of Micro Stamping Corporation Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of October 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended October 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of October 31, 2025 and 2024, and for the year ended October 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) (Modified Cash Basis) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MICRO STAMPING CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2025 and 2024

Note 1 – Description of Plan

The following description of the Micro Stamping Corporation Pension Plan (the "Plan") provides only general information for the eligible employees of Micro Stamping Corporation (the "Plan Sponsor" or "Company"). Participants should refer to the Plan's agreements for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and salary reduction plan ("401(k)") effective May 1, 1997 established pursuant to a collective bargaining agreement between the Company and Local No. 155, United Steelworkers of America representing all union employees of the Company. Fidelity Management Trust Company (the "Trustee") serves as the trustee of the Plan. The Plan covers all permanent and full-time union employees 21 years of age or older upon their completion of a 90-day probationary period. Prior to May 1, 1997, under a prior collective bargaining agreement with the same union, employee contributions were under a post-tax salary reduction plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The group responsible for oversight of the Plan is comprised of members of Company management and shareholders. This group works closely with an independent third-party financial advisor to determine the appropriateness of the Plan's investment offering and monitor the Plan's investment performance.

Contributions

Employees may elect to contribute a percentage of their compensation up to a maximum of \$23,500 and \$23,000 for 2025 and 2024, respectively. The Company matched contributions up to 4.0% of eligible compensation (defined as regular straight time pay to a maximum of 40 hours per week). In addition, employees who have attained age 50 before the close of the year shall be eligible to make additional catch-up contributions to a maximum of \$7,500 for both 2025 and 2024. The Plan's provisions allow each participant to designate some or all their elective deferrals as a Roth Deferral Contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is self-directed and is credited with the participant's contribution, the Company's matching contribution, and Plan earnings (losses) and is directly charged with certain administrative expenses when incurred by that participant. The sole benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Forfeited Accounts

Forfeited non-vested accounts as of October 31, 2025 and 2024 totaled \$213 and \$56, respectively, and are available first to pay administrative expenses incurred by the Plan. Any remaining forfeitures may be used to reduce Company contributions. For the years ended October 31, 2025 and 2024, the Company did not use non-vested forfeited accounts to pay administrative expenses of the Plan. There was \$6,244 and \$17,649 of forfeitures applied to reduce Company contributions for the years ended October 31, 2025 and 2024, respectively.

Note 1 – Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in amounts attributable to employer contributions is based on years of continuous service, with 20% vesting after two years, graduating annually until 100% vested with more than six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The maximum number of loans is limited to two. The loans are secured by the balance in the participant's account and bear interest at 3.25% to 8.50%. Principal and interest are paid ratably through weekly payroll deductions. Loans are secured by the participants vested balance.

Payment of Benefits

Benefits are recorded when paid and are payable at normal or early retirement age, upon attaining age 59 1/2, upon hardship or upon death or disability. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, or the participant can elect annuity installments available only when vested balance exceeds \$5,000. Participants may also obtain a cash withdrawal of all or a portion of the value of their vested contributions, including rollover contributions, based on hardship as permitted under the Plan.

Inter-Plan Transfers

Inter-plan transfers can occur when participants in this union employees' pension plan become salaried employees and would move their equity to the salaried employees' profit-sharing plan with the same company and trustee. There were no transfers to or from the Micro Stamping Corporation Employees' Profit-Sharing Plan for the years ended October 31, 2025.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("US GAAP"). The primary differences from financial statements prepared under accounting principles generally accepted in the United States of America ("GAAP") arise from accounting for investment income and contributions which are recorded when received, and investment and administrative expenses and return of excessive contributions are recorded when paid, rather than recording such items on an accrual basis. Management has determined that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Accordingly, the financial statements are not intended to present the Statements of Net Assets Available for Benefits (modified cash basis) and the Statement of Changes in Net Assets Available for Benefits (modified cash basis) of the Plan in conformity with US GAAP.

Note 2 – Summary of Significant Accounting Policies (Continued)

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through August 11, 2026, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits (modified cash basis) at the date of the financial statements and changes in net assets available for benefits (modified cash basis) during the year. Accordingly, actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation and remitted to the trustee.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Included in the benefit payments to participants are discharged loans amounting to \$12,183 for the year ending October 31, 2025.

Investment Valuation and Income Recognition

Investments are reported at fair value, as certified by the Trustee of the Plan. The certification applies to investment assets, transactions, income, expenses, schedules of investments and reportable transactions. Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See note 4 for discussion of fair value measurement. Purchases and sales of securities are recorded on the settlement date. Interest income is recorded when received. Dividend income is recorded when dividends are received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are directly charged to a participant's account when directly incurred by that participant. All other expenses of maintaining the Plan are paid by the Plan Sponsor and will not be reimbursed by the Plan and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

MICRO STAMPING CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2025 and 2024

Note 3 – Information Certified by Plan Trustee by the Plan’s Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits (modified cash basis) as of October 31, 2025 and 2024, the Schedule H, Line 4(i)- Schedule of Assets (Held at End of Year) as of October 31, 2025, and the related investment activity and interest income from notes receivable from participants reflected in the statement of changes in net assets available for benefits (modified cash basis) for the year ended October 31, 2025.

Note 4 – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). This hierarchy consists of three broad levels under FASB ASC 820 and are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. |
| Level 2 | <p>Inputs to the valuation methodology include-</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets.• Quoted prices for identical or similar assets or liabilities in inactive markets.• Inputs other than quoted prices that are observable for the asset or liability.• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at October 31, 2025 and 2024.

NOTES TO FINANCIAL STATEMENTS
October 31, 2025 and 2024

Note 4 – Fair Value Measurements (Continued)

Mutual Funds

The fair values of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund

The common collective trust fund is valued at NAV of units of a bank collective trust. The NAV, as provided by the trustee, using other observable inputs, and is used as a practical expedient to estimate fair value since it is not probable that the fund will sell the investment for an amount different than the reported NAV. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following tables set forth by level within the fair value hierarchy the Plan’s assets at fair value as of October 31, 2025 and 2024.

2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,046,727	\$ -	\$ -	\$ 13,046,727
Total assets in the fair value hierarchy	13,046,727	-	-	13,046,727
Investments measured at NAV (a)	-	-	-	3,810,401
Total investments at fair value	<u>\$ 13,046,727</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,857,128</u>
2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,707,433	\$ -	\$ -	\$ 9,707,433
Total assets in the fair value hierarchy	9,707,433	-	-	9,707,433

Total investments at fair value	<u>\$ 9,707,433</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,301,994</u>

(a) Certain investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been characterized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits (modified cash basis).

MICRO STAMPING CORPORATION PENSION PLAN

October 31, 2025 and 2024

Note 4 – Fair Value Measurements (Continued)

For the years ended October 31, 2025 and 2024, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

The following table summarizes investments measured at fair value based on NAV per share as of October 31, 2025 and 2024.

<u>October 31, 2025</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice</u>
Common collective trust	\$3,810,401	None	Daily	60 Days
<u>October 31, 2024</u>				
Common Collective Trust Fund	\$4,594,561	None	Daily	60 Days

Note 5 – Related-Party Transactions and Party in Interest Transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged and pays for certain expenses of maintaining the Plan which will not be reimbursed by the Plan.

Certain Plan investments are managed by the Trustee, or an affiliate of the Trustee. The Trustee is the recordkeeper and trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Pursuant to the Plan documents, the Trustee (or an affiliate of the Trustee) receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to the Trustee (or an affiliate of the Trustee) for its administrative services to the Plan.

If the revenue received by the Trustee (or an affiliate of the Trustee) from such mutual fund service providers exceeds the amount owed by the Plan, the Trustee (or an affiliate of the Trustee) remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the year ending October 31, 2025 there were no excess amounts. The Plan may make a payment to the Trustee (or an affiliate of the Trustee) for administrative expenses not covered by revenue sharing.

MICRO STAMPING CORPORATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2025 and 2024

Note 6 – Risks and Uncertainties

The Plan invests in a variety of investment funds at the direction of each individual participant. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Note 7 – Tax Status

The Plan uses a prototype plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator, tax counsel and custodian believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and is tax-exempt. Therefore, no provision for income taxes has been made in the Plan's financial statements.

The basis of accounting used by the Plan require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.
