INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
West-Camp Press, Inc. Employee Stock Ownership Plan
Westerville, Ohio

Opinion

We have audited the accompanying financial statements of the **West-Camp Press, Inc. Employee Stock Ownership Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of **October 31, 2025 and 2024**, and the related statement of changes in net assets available for benefits for the year ended **October 31, 2025**, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of **October 31, 2025 and 2024**, and the changes in its net assets available for benefits for the year ended **October 31, 2025**, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

MEMBERS

AMERICAN INSTITUTE OF

OHIO SOCIETY OF
CERTIFIED PUBLIC ACCOUNTANTS

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of (1) Schedule H, Line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WEST-CAMP PRESS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2025 AND 2024

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the West-Camp Press, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

West-Camp Press, Inc. (Company, Plan Sponsor) established the Plan effective as of November 1, 2014. The Plan, operating as a leveraged employee stock ownership plan (ESOP), is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Plan is administered by an ESOP Administration Committee comprised of two people appointed by the Company's Board of Directors. Lance Studdard, independent third party, is the Plan's trustee.

In early 2025, the Company acquired Lake Graphics Label & Sign Co., Inc. Employees of Lake Graphics Label & Sign Co., Inc. will become eligible to participate in the Plan upon satisfying the Plan's eligibility requirements and entry provisions.

The Plan purchased 100,000 shares of the Company's common stock at a price of \$281.89 per share, for an aggregate purchase price of 28,188,991 using the proceeds of a loan from the Company, which was funded by the Company primarily through a bank borrowing and holds the stock in a trust established under the Plan. The borrowing is to be repaid over a period of 30 years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of and for the years ended October 31, 2025 and 2024 present separately the assets, liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated stock (Allocated)
- b. stock not yet allocated to employees (Unallocated)

Eligibility - Employees of the Company are generally eligible to participate in the Plan if they have completed at least 12 months of continuous service, providing they worked at least 1,000 hours during the plan year. However, for the initial year of the Plan, all employees who were employed as of October 31, 2015 were deemed eligible and enrolled in the Plan regardless of hours worked.

Payment of Benefits - Distributions from the Plan will be made when a participant retires, dies or sustains a disability. Distributions will be made equal to the participant's vested account balance and will be made as soon as practicable but no later than one year after the end of the plan year in which the participant terminates. In the event a participant terminates from service with the Company for reasons other than death, disability or retirement, distribution of his/her vested account balance will commence no later than the end of the sixth plan year following the plan year in which the participant terminates from service. The standard form of distribution is lump-sum cash, in substantially equal annual installments not to exceed five years. During 2025, approximately \$360,640 of terminated employee vested account balances were recycled and allocated to participants for 2025.

Cash distributions or conversions into cash are made from the stock account at the most recent valuation date of the Plan, which is the last day of the plan year (i.e., October 31) or any other date the Plan administrator designates as a valuation date.

WEST-CAMP PRESS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2025 AND 2024

Voting Rights - The stock acquired by the Plan is owned by the trust. The trustee of the trust, appointed by the Board of Directors of the Company, is the legal representative of the trust's assets, and all stock held by the trust is voted by the trustee in accordance with instructions from the Plan administrator. Each participant (or his/her beneficiary) is entitled to direct the voting of any shares of stock allocated to his/her stock account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all of the assets of the Company. The Plan administrator shall direct the trustee on the voting of any unallocated shares or on any allocated shares for which a participant has failed to vote in a timely manner.

Plan Termination - The Company has the right to terminate or amend the Plan at any time, but such action will not act to deprive the participant the amount that his/her nonforfeitable account has accrued to him/her under the Plan at the time of such an event. The Plan must be approved by the Internal Revenue Service (IRS). Thus, certain Plan changes may be required. If the Plan is terminated, the accounts of all affected participants will become 100% vested. After termination of the Plan, the trust will be maintained until the accounts of all participants have been distributed in accordance with the terms of the Plan. Accounts may be distributed as soon as administratively feasible following termination of the Plan or distributions may be made following the participant's separation from service with the Company, in accordance with the terms of the Plan, as the Company shall determine. If accounts will be distributed after the Plan is terminated, the distribution may be delayed until IRS approval of the Plan's termination is received. In the event that stock is sold in connection with the termination of the Plan or the amendment of the Plan to become a qualified plan that is not a stock bonus plan, all accounts will be distributed in cash.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants shall begin vesting at the rate of 20% upon completion of the second vesting year, 40% after completion of the third, 60% upon completion of the fourth, 80% after completion of the fifth, and 100% upon completion of the sixth vesting year.

Forfeitures - Employer contributions and Plan forfeitures are allocated to each participant's account based on the relation of the participant's compensation to total compensation for the plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at October 31, 2025 totaled \$4,995.

Investment Options - Investment shall be primarily invested in Company's common stock and there shall be no limitation on the percentage of employer contributions invested in Company's common stock.

Voting Rights - Each participant is entitled to direct the Trustee with respect to shares of Company's common stock allocated to their account as to the manner in which to respond to an offer to purchase shares of Company's stock. Allocated shares of Company's common stock for which the Trustee does not receive timely direction from a participant or beneficiary, and unallocated shares held in the suspense account shall be sold, tendered or exchanged by the Trustee as directed by the Committee.

WEST-CAMP PRESS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2025 AND 2024

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account. In the sixth year, the percentage changes to 50%.

Administrative Expense - As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company paid the operating expenses for the Plan for the year ended October 31, 2025.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements are prepared in accordance with the accrual method of accounting. Under this method of accounting, revenues are recognized when they are earned and expenses are recognized when incurred.

Use of Estimates - In preparing the Plan's financial statements, the Plan administrator is required to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and Plan disclosures and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Allocations - The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Risks and Uncertainties - The Plan investments consist of the Company's stock, which is exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such determinants. Due to the level of risk associated with the investment in the stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets (deficits) available for benefits.

Investment Valuation and Income Recognition - The Plan's investment in the common stock of the Company of \$9,410,000 and \$12,150,000 represents 100,000 shares valued at \$94.10 and \$121.50 per share, at October 31, 2025 and 2024, respectively, and is presented at estimated fair value. See the note below for discussion of fair value measurement. The net appreciation/depreciation in the fair value of investments consists of the net change in fair value and realized gains (losses) upon sale of investments. Investment dividends and interest are recorded as earned.

Cash and Cash Equivalents - Cash includes cash held in a financial institution. Cash and cash equivalents as of October 31, 2025 and 2024 is \$2,822,413 and \$3,025,808 respectively.

WEST-CAMP PRESS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2025 AND 2024

Operating Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events - The Plan has evaluated subsequent events through August 11, 2026, the date the financial statements were available to be issued and determined that there have been no events that have occurred that would require adjustments to disclosures in the financial statements.

NOTE 3 - TAX STATUS

The IRS has determined and informed the Company by a letter dated August 23, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of October 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - INVESTMENTS

Plan investments, which consist mostly of Company common stock, are carried at fair market value. The fair market value per share of the Company's common stock, as determined by an independent appraiser, was \$94.10 and \$121.50 at October 31, 2025 and 2024, respectively.

The Plan's investment in West-Camp Press, Inc. common stock at October 31, 2025 and 2024 is as follows:

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan has adopted Accounting Standards Codification (ASC) No. 820, Fair Value Measurements. ASC No. 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2025 and 2024.

Company common stock: The Plan's investment, which consists solely of Company stock, is classified as Level 3 within the fair value hierarchy. The fair value of the Company common stock is determined by an annual independent appraisal and is therefore classified as Level 3 within the fair value hierarchy. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraisal is based on a combination of the market and income valuation approaches. The appraiser takes into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparable, and applicable discounts and premiums. The appraiser prepares a preliminary report that Plan management, along with the ESOP trustees, review in detail, discuss, and approve. The results of this process are documented in minutes of the ESOP Trustees.

The Trustees determine the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted as necessary, based on current market conditions and other third-party information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - EMPLOYER CONTRIBUTIONS

The Company is obligated to make contributions to the Plan, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. These contributions are made to the Plan only by the Company in cash, stock, other securities or other property as determined by the Board of Directors.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - PARTIES-IN-INTEREST TRANSACTIONS

The Company is the Plan Sponsor as defined by the Plan Agreement, and therefore, transactions with the Company qualify as party-in-interest transactions. The Plan invests in Company common stock and has indebtedness with the Company as disclosed in the notes above. In addition, the Plan has various service providers. Such parties are parties-in-interest under ERISA.

Certain administrative functions are performed by officers or employees of the Company and these officers or employees do not receive compensation from the Plan.
