ORAFOL Americas Inc. 401(k) Retirement Plan
Attn: Jane Goundrey, General Counsel
120 Darling Drive
Avon, Connecticut 06001

To: Jane Goundrey, General Counsel and management of ORAFOL Americas Inc. 401(k) Retirement Plan

We have audited the financial statements of ORAFOL Americas Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025 and have issued our report thereon dated July 31, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (“U.S. GAAP”). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated March 24, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by ORAFOL Americas Inc. 401(k) Retirement Plan are described in Note (2) to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2025.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- The estimate of investments at fair value is based on the quoted market prices of the underlying investments. The key factors and assumptions used to develop the value of the investments in determining that it is reasonable in relation to the financial statements taken as a whole was based on information provided by the trustee of the plan assets. The trustee of the plan certified to us that the Plan's investments and related activity is complete and accurate. We did not perform any auditing procedures with respect to the investments at fair value.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

- The disclosures of fair value of investments in Notes (3), (4) and (5) to the financial statements, as certified by the trustee, Fidelity Management Trust Company, are based on the quoted market prices of the underlying investments and in accordance with FASB ASC 820, *Fair Value Measurements*.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 31, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, are presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the General Counsel and management of ORAFOL Americas Inc. 401(k) Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

HLB GROSS COLLINS, P.C.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

ORAFOL Americas Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

ORAFOL AMERICAS INC. 401(K) RETIREMENT PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of ORAFOL Americas Inc. 401(k) Retirement Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note (4) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ORAFOL Americas Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ORAFOL Americas Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ORAFOL Americas Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ORAFOL Americas Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ORAFOL AMERICAS INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2025 and 2024

(1) Description of the Plan

The following description of the ORAFOL Americas Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of ORAFOL Americas, Inc. (the “Company” or “Plan Administrator”) who are age 18 or older. The Plan was established effective April 1, 1988, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan was amended and restated effective January 1, 2020, and have been amended multiple times since that date to reflect new regulations and to make other plan updates. As a result of the combination of common control entities, the assets of two separate plans were contributed to the Plan as of December 31, 2023, totaling \$32,075,185.

Contributions - Each year, participants may contribute up to 90% of annual compensation, as defined in the Plan, subject to limitation as to amount under the provisions of the Internal Revenue Code (“IRC”). The Plan contains an automatic enrollment feature whereby all eligible employees are automatically enrolled in the Plan. The Plan automatically enrolls employees with a 5% pre-tax deferral of eligible compensation 35 days after their date of hire. Participant contributions for which participant direction was not provided are invested in the appropriate Fidelity Freedom Fund. The Plan offers a safe harbor plan whereby the Company makes a matching contribution in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan, and 50% of the next 2% of eligible compensation contributed to the Plan. The Company may make additional matching or discretionary contributions at the discretion of the Board of Directors, but no additional contributions were made for the years ended December 31, 2025 and 2024.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and their investments from one fund to another in accordance with rules established by the Plan Administrator. The Plan also offers a self-directed brokerage investment option (“BrokerageLink”). This option allows participants to choose from a wide variety of investments that are not included in the Plan.

Rollover provisions - The Plan allows participants to “roll over” assets from other qualified savings plans into the Plan.

Participant accounts - Each participant has an account that is credited with the participant’s voluntary contributions and an allocation of (a) the Company’s contributions, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and is charged with an allocation of administrative expenses, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

ORAFOL AMERICAS INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2025 and 2024

(1) Description of the Plan (continued)

Vesting - Participants are immediately vested in their contributions, rollover contributions, safe harbor matching contributions, and discretionary employer contributions plus actual earnings thereon.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period or 50% of their vested account balance. The \$50,000 maximum amount is reduced by the excess of the participant's highest outstanding loan balance in the previous 12 months, even if the amounts have been repaid. The rate of interest is determined by the Plan Administrator based on prevailing rates. The notes bore interest rates that ranged from 3.25% to 9.50% in 2025 and 2024. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a principal residence. Principal and interest are paid directly by participants to the Plan. The loans are secured by the balance in the participant's account.

Payment of benefits - Upon termination of service due to death, disability, retirement at age 65, early retirement at age 55, attainment of age 59½, or loan for reason of hardship, a participant may elect a lump sum distribution of his/her account. Upon termination of service for any reason other than those set out above, a participant or beneficiary will receive an amount equal to the value of the vested interest in the participant's account. The Plan dictates automatic distribution of vested benefits totaling \$5,000 or less for terminated employees.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. The balance in the forfeiture account at December 31, 2025 and 2024, was \$28,072 and \$25,179, respectively.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, as disclosed in Note (3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and marketable equity securities are valued at quoted market prices.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

ORAFOL AMERICAS INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2025 and 2024

(2) Summary of significant accounting policies (continued)

Investment income - Investment income consists of interest, dividends, gains on sale of securities and the unrealized appreciation (depreciation) in the fair market value of investments. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Defaulted participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company; however certain participant-level investment and recordkeeping fees are paid by the Plan.

(3) Fair value measurements

FASB ASC 820, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ORAFOL AMERICAS INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2025 and 2024

(3) Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Interest bearing cash and mutual funds: These investments consist of various publicly interest bearing cash funds and mutual funds. The fair values are based on quoted market prices from active markets and are therefore classified as Level 1 investments.

Self-directed brokerage accounts: These accounts consist of investments in various publicly traded money market funds and mutual funds, and marketable securities. The fair values of the money market and mutual funds are based on quoted market prices from active markets and are therefore classified as Level 1 investments. The marketable equity securities are valued at the closing price reported on the active market on which the individual securities are traded and are therefore classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value measurement set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2025				
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 4,690,075	\$ -	\$ -	\$ 4,690,075

(5) Self-directed investments

The Plan allows participants to invest their account balances in any investment desired within certain Plan and ERISA limitations. Participants are allowed to place investments into the self-directed program in addition to or in place of the various formal investment programs offered by the Plan. The following table reflects self-directed investments in the Plan included in the statements of net assets available for benefits as of December 31, 2025 and 2024:

	2025	2024
Investments:		
Interest bearing cash	\$ 2,212,641	\$ 1,991,469
Mutual funds	220,361	141,118
Marketable equity securities	3,235,722	1,266,592
Total investments	<u>\$ 5,668,724</u>	<u>\$ 3,399,179</u>

Net appreciation in fair value of self-directed investments totaled \$1,148,894 and \$164,592 for the years ended December 31, 2025 and 2024, respectively. Interest and dividends in self-directed investments totaled \$105,207 and \$204,303 for the years ended December 31, 2025 and 2024, respectively.

ORAFOL AMERICAS INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2025 and 2024

(5) Self-directed investments (continued)

Transfers of assets to self-directed investments totaled \$1,594,480 and \$533,973 for the years ended December 31, 2025 and 2024, respectively. Transfers of assets from self-directed investments totaled \$579,036 and \$2,111,198 for the years ended December 31, 2025 and 2024, respectively. Self-directed investments were certified to as complete and accurate by the Plan's qualified institution as of and for the years ended December 31, 2025 and 2024.

(6) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of termination, and all accounts will be distributed.

(7) Tax status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the IRC and accordingly, the trust's net investment income is exempt from income taxes. The Plan uses a prototype plan designed by Fidelity Management & Research Company. The Internal Revenue Service ("IRS") has stated that the Plan and related trust are designed in accordance with applicable sections of the IRC and informed Fidelity Management & Research Company of such by an opinion letter dated June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Fidelity bond coverage

ERISA Code section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total Plan assets by the Plan as of the preceding Plan year or \$500,000. The Plan had sufficient bond coverage as of December 31, 2025 and 2024.

Changes in net assets available for benefits per Schedule H of form 5500	<u>\$ 6,953,271</u>	<u>\$ 5,918,101</u>

(10) Party-in-interest transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan agreement and, therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Management Trust Company for investment management and other services for the years ended December 31, 2025 and 2024, totaled \$48,950 and \$48,622, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
