Trustees and Management of Heroux Corp. 401(k) Retirement Plan
15900 Foltz Industrial Parkway
Strongsville, OH 44149

We have audited the financial statements of Heroux Corp. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025, and we will issue our report thereon dated August 4, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustees, which are a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated May 19, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Heroux Corp. 401(k) Retirement Plan are described in Note B to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value of investments is based on prices quoted by the relevant pricing agent. We evaluated the key factors and assumptions used to develop the fair value in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements (see attached schedule). In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention.

We have attached a copy of our Management Comment Letter for your review.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 4, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule(s) accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule(s), other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Trustees and management of Heroux Corp. 401(k) Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Scroggins Assurance, LLC

To the Trustees and Management of Heroux Corp. 401(k) Retirement Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Heroux Corp. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered Heroux Corp. 401(k) Retirement Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Annuity Insurance Company of America and Empower Trust Company, LLC that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Heroux Corp. 401(k) Retirement Plan's internal control to be significant deficiencies:

Internal Control Over the Preparation of Financial Statements

The Plan does not have an internal control system designed to provide for the preparation of the financial statements and related notes to the financial statements being audited. As auditors, we were requested to draft the financial statements and accompanying notes to the financial statements. Although this circumstance is not unusual for a plan of your size, the preparation of financial statements as a part of the audit engagement may result in financial statements and related footnotes not being available for management purposes as timely as it would be if prepared by plan personnel. It is the responsibility of management and those charged with governance to determine whether to accept the risk associated with this procedure because of cost or other considerations.

Incomplete Historical Employee Records

During our review of participant records, we noted that certain historical employee files (including a participant who terminated employment in prior years) did not contain complete supporting documentation, such as date of hire, date of birth, and/or termination date. We understand that these records relate to older employee files that were not fully maintained. While this matter did not impact current-year plan operations, incomplete historical records may limit the Plan's ability to support prior eligibility, vesting, or distribution determinations if questioned, increase risk during regulatory review or participant inquiries, and indicate gaps in document retention and recordkeeping practices.

We recommend that management establish or reinforce document retention policies and maintains records in accordance with ERISA requirements and periodically review recordkeeping procedures to prevent similar issues going forward.

Incorrect Withholding of Forfeitures on Distribution

We noted one instance where forfeitures were incorrectly withheld or applied during a participant distribution. Improper handling of forfeitures may result in a participant receiving incorrect benefit amounts and cause noncompliance with plan provisions and IRS regulations.

We recommend that management:

- *Review forfeiture allocation procedures to ensure they align with plan provisions*
- *Implement controls to review calculations prior to processing distributions*
- *Correct the identified error, including making the participant whole if necessary*
- *Consider whether similar errors may have occurred for other participants*

Missed Employee Deferrals on Second Checks (Bonuses)

We identified that a participant's Roth deferral election was not applied to a second bonus payment due to a manual entry error during payroll processing. As a result, the appropriate Roth deferrals were not withheld and remitted to the Plan in accordance with the participant's election. This deficiency indicates a lapse in internal controls over payroll processing and plan compliance, particularly in the application of participant deferral elections to non-routine compensation such as bonus payments. Management has informed us that, upon discovery of the error, they reviewed all second checks for errors and calculated the missed pretax and Roth deferrals based on the participant's valid election. Management is working with Empower to remit the corrective contributions to the Plan in accordance with applicable IRS and Department of Labor guidance, including any required missed earnings, and is communicating the correction to the affected participants, as appropriate.

We recommend that management strengthen internal controls over payroll processes to ensure that participant deferral elections are consistently and accurately applied to all forms of compensation.

This communication is intended solely for the information and use of the Plan Trustees, management, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.
