Independent Auditor's Report

To the Participants and Trustees of
East Bay Drayage Drivers Security Fund:

Opinion

We have audited the financial statements of East Bay Drayage Drivers Security Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and benefit obligations as of October 31, 2025 and 2024 and the related statements of changes in net assets available for benefits and benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations as of October 31, 2025 and 2024 and the changes in net assets available for benefits and benefit obligations for the years then ended, of East Bay Drayage Drivers Security Fund in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of East Bay Drayage Drivers Security Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about East Bay Drayage Drivers Security Fund's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of East Bay Drayage Drivers Security Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about East Bay Drayage Drivers Security Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

East Bay Drayage Drivers Security Fund

Notes to Financial Statements

October 31, 2025 and 2024

1. Description of Plan

The following description of the East Bay Drayage Drivers Security Fund (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer health and welfare plan that was established effective November 1, 1952 as a result of a collective bargaining agreement ("CBA") between the Employers and Teamsters Local 70 (the "Local"); the Plan was restated effective February 15, 2021. To be eligible, an employee must be working for a participating employer who is subject to the CBA or for a participating employer subject to a trustee approved participation agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration of the Plan is the responsibility of the Board of Trustees (the "Trustees") and is governed by a joint board consisting of equal representation from the participating employers and the Local.

Eligibility

General eligibility rules under the Plan are as follows:

- a. Initial eligibility requires a certain number of hours to be worked, based on the collective bargaining agreement, during three calendar months.
- b. To maintain eligibility, an employee must work a certain number of hours, based on the collective bargaining agreement, in the preceding month, provided that employer contributions are made on the employee's behalf.

Benefits

Self-funded medical and dental benefits are administered by the Plan's third-party administrator. Participants also have the option of medical benefits through service agreements with Kaiser Foundation Health Plan, Inc.; Anthem Blue Cross; and United American Insurance Company and of dental benefits through a service agreement with Delta Dental. Vision benefits are self-funded through a contract with Vision Service Plan, Inc. Prescription drug benefits are self-funded through a contract with Elixir.

The Plan holds a stop-loss insurance policy under the terms of which certain medical benefits are paid. If the claims paid on behalf of an eligible participant or dependent exceed the deductible of \$300,000 effective January 1, 2025 and 2024, the carrier will reimburse the Plan for the excess in accordance with the terms of the stop-loss insurance arrangement. During the years ended October 31, 2025 and 2024, the Plan's reimbursements earned were \$2,479,807 and \$1,624,891, respectively, under the stop-loss insurance policy.

Certain benefits provided to retirees, reflected in the statements of benefit obligations, are being funded by current employer contributions and monthly co-payments from retirees. Although these benefits were provided by the Plan for the current fiscal year, they are not guaranteed, and the Board of Trustees reserves the right to change or discontinue these benefits or to increase the contributions and/or co-payments required to fund these benefits.

Continuation of health care benefits to persons who would otherwise lose those benefits due to certain events, as mandated by COBRA, has been adopted by the Plan.

Participants should refer to the summary plan description for more complete information.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

East Bay Drayage Drivers Security Fund

Notes to Financial Statements

October 31, 2025 and 2024

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians, as applicable. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Employer contributions receivable represents contributions which relate to compensation earned during the current period but not received by year end. The carrying amount of employers' contributions receivables are reduced by an allowance for credit losses. Management's judgement in determining the appropriate allowance for credit losses includes past collection experience, industry standards, current economic conditions, and expected future economic conditions. As of October 31, 2025 and 2024, the allowance for credit losses was zero. The Plan conducts audits to monitor employers' compliance with their obligations to make these contributions. Additional contributions resulting from underpayments found by these audits are reported as income in the year in which they are received.

Cash

Cash includes demand-deposit checking accounts.

Rebates and Recoveries

Stop-loss recoveries and prescription drug rebates due to the Plan are recorded when earned. Recoveries earned during the year are recorded on the statements of changes of net assets available for benefits. Refunds due at year-end are recorded within other receivables on the statements of net assets available for benefits.

Payment of Benefits

Premiums paid are recorded as group insurance premium in the accompanying statements of changes in net assets available for benefits. Claim payments are recorded when submitted to the Plan by the third-party claim processor for reimbursement. Claims paid by the claims processor prior to year-end or claim payments submitted to the Plan by third-party claims processor that are not yet paid are recorded as an amount currently payable in the accompanying statements of benefit obligations. Premiums not yet paid at year-end, if any, are included as an amount currently payable in the accompanying statements of benefit obligations.

Deferred Revenue

Deferred revenue represents contributions from retirees and from members electing Consolidated Omnibus Budget Reconciliation Act ("COBRA") coverage received prior to year-end for eligibility after year-end.

Claims Incurred but Not Reported

Estimated claims incurred but not reported includes an estimate of claims incurred prior to year-end but paid after that date. These estimates were calculated by the Plan's administrator based on claims experience subsequent to year-end.

Accumulated Eligibility Credits

The Plan provides eligibility for benefits in the month following the month in which an employee works the required number of hours for a contribution to be made on his/her behalf; for example, hours worked in October provide November eligibility. Accumulated eligibility credits are estimated by the Plan's administrator based on one month's cost of benefits and administrative expenses, excluding retiree benefit costs.

Post-Retirement Benefit Obligations

Post-retirement benefit obligations include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. The post-retirement benefit obligation is computed as the net cost to the Plan and considers future contributions to be received from current participants during their remaining active service and post-retirement periods. This obligation was estimated by the Plan's actuary.

East Bay Drayage Drivers Security Fund
Notes to Financial Statements
October 31, 2025 and 2024

Risks and Uncertainties

Post-retirement benefit obligations are calculated based on certain assumptions pertaining to future contributions, participant demographics, interest rates and other assumptions, all of which are subject to change. Due to the inherent uncertainty of the assumption process, it is at least reasonably possible that changes in these assumptions in the near term would be material to the post-retirement benefit obligations.

Financial instruments that potentially subject the Plan to concentrations of credit risk include cash and investments. While management of the Plan attempts to limit any financial exposure by maintaining accounts at high quality financial institutions, cash and investment balances exceed the federally insured limits. Any loss incurred or lack of access to such funds could have a significant adverse impact on the Plan's net assets available for benefits and operations.

Reclassification

Certain prior-year amounts have been reclassified to conform to the current-year presentation. Specifically, investments were reclassified from "short-term investments" to "mutual funds and exchange-traded funds" in the statements of net assets available for benefits. The reclassification had no effect on the net change in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through August 3, 2026, the date the financial statements were available to be issued.

3. Priorities Upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy, or make provisions to satisfy, the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for, or diverted to, purposes other than the exclusive benefit of the participants.

4. Tax Status

The Plan obtained its latest determination letter in 1957 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 501(c)(9) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Funding Policy

The Plan is financed by contributions from employers, retired participants, and participants electing COBRA coverage. The monthly contribution rates are established annually by the Board of Trustees based, in part, upon studies and recommendations by the Plan's consultant, subject to the terms of the applicable collective bargaining agreements.

One of the Plan's contributing employers was required to contribute an additional \$0.24 per hour on all hours worked by full-time employees for the period August 1, 2002 through July 31, 2008, pursuant to their collective bargaining agreement. The Plan has received approximately \$540,000 in additional contributions related to the \$0.24-per-hour contribution. Effective April 1, 2016, the Board of Trustees approved allocating these contributions as a reduction in the monthly self-payment contribution for retirees that met certain eligibility requirements. The Board of Trustees approved allocating net investment earnings to these contributions effective August 1, 2008. As of October 31, 2025 and 2024, contributions and allocated investment earnings less amounts used to reduce self-payment contributions totaled \$735,511 and \$673,352, respectively.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at October 31, 2025 and 2024.

Mutual Funds and Exchange-Traded Funds: The fair value is based on quoted prices in active markets (Level 1).

7. Concentrations

Cash Concentrations

The Plan has significant cash balances at a financial institution which throughout the year regularly exceed the federally insured limit of \$250,000. Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Plan's financial condition.

Participating Employer Concentrations

During each of the years ended October 31, 2025 and 2024, the Plan had two employers that together accounted for approximately 68% and 67% of employer contributions for each year, respectively. In the event these employers suspended contributions, the Plan would terminate coverage to the employers' participants, as required under the Plan Document. The Plan would retain the risk of current fixed administrative expenses until the appropriate adjustments were made.

Notes to Financial Statements
October 31, 2025 and 2024

8. Postretirement and Postemployment Benefit Obligations

The amounts reported as the post-retirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions, if any, expected to be received in the future from current Plan participants. Post-retirement benefits include future benefits expected to be paid to or for: (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active employee's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The cost of the post-retirement benefit obligations is shared by the Plan's participating employers and retirees. In addition to deductibles and co-payments, the estimated cost of providing post-retirement benefits is partially funded through retiree contributions of 16.2% and 18.1% for the years ended October 31, 2025 and 2024, respectively.

The trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the post-retirement obligation by \$64,744,706 and \$61,773,977 as of October 31, 2025 and 2024, respectively.

Some of the more significant actuarial assumptions used to calculate the post-retirement benefit obligations at October 31, 2025 and 2024, are as follows:

Mortality rate:

Normal retirees:

2025: PRI-2012 private retirement plans mortality tables with blue collar adjustment for "Employee", "Healthy Annuitant", sex distinct, projected to valuation date using scale MP-2021.

2024: PRI-2012 private retirement plans mortality tables with blue collar adjustment for "Employee", "Healthy Annuitant", sex distinct, projected to valuation date using scale MP-2021.

Discount rate: 5.50% 5.25% for 2025 and 2024, respectively.

Health trend rates:

Medical: 2025: 5.0% through 2027, then updated every year through year 2084 to 4.04%
2024: 5.0% through 2027, then updated every year through year 2083 to 4.04%

Drug: 2025: Included in assumed cost of benefits per member.
2024 : Included in assumed cost of benefits per member.

Expenses: 2025: Included in assumed cost of benefits per member.
2024: Included in assumed cost of benefits per member.

Retirement rates: Various rates ranging from 3.0% at age 49 to 100.0% at age 69 for both 2025 and 2024.

To the Participants and Trustees of
East Bay Drayage Drivers Security Fund:

Supplemental Schedules Required by ERISA

We have audited the financial statements of East Bay Drayage Drivers Security Fund as of and for the years ended October 31, 2025 and 2024, and have issued our report thereon dated August 3, 2026, which contained an unmodified opinion on those financial statements. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules October 31 2025 and 2024, which appears on page 15, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2025, is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
