Independent Auditors' Report

To the Plan Administrator of
Daily Harvest 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Daily Harvest 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Benefits – Liquidation Basis as of December 31, 2025 and the Statement of Net Assets Available for Benefits – Going Concern Basis as of December 31, 2024, and the related Statement of Changes in Net Assets Available for Benefits – Liquidation Basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Daily Harvest 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Daily Harvest 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 6 to the financial statements, the plan sponsor was acquired on May 16, 2025 and a termination amendment was executed by the plan sponsor on May 30, 2025 to terminate the Daily Harvest 401(k) Plan effective May 15, 2025. As a result, management determined liquidation to be imminent in 2025 and has changed its basis of accounting from the going concern basis used in presenting the financial statements as of December 31, 2024 to the liquidation basis used in presenting the financial statements as of and for the year ended December 31, 2025.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Daily Harvest 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions – Liquidation Basis for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – Liquidation Basis as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Daily Harvest 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of Daily Harvest 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Daily Harvest, Inc. (the Plan Sponsor) that have attained 21 years of age and completed three months of service, excluding union employees, non-resident aliens, leased employees, and interns.

The Plan was originally established on January 1, 2019 and was amended on May 30, 2025, terminating the Plan effective May 15, 2025, due to the Plan Sponsor being acquired (see Note 6). Therefore, management has determined that liquidation of the Plan was imminent with an effective date of May 15, 2025. The Plan's financial statements as of and for the year ended December 31, 2025 are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic No. 205, *Presentation of Financial Statements: Liquidation Basis of Accounting* (ASC 205), see Note 2. As of August 11, 2026, the majority of the Plan's assets have been distributed; however, certain participant distributions remain outstanding and the Plan has not been fully liquidated. Any remaining distribution of the Plan's assets is expected to occur by the end of 2026. The Plan Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Internal Revenue Code of 1986 (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

Setting Every Community Up for Retirement Enhancement (SECURE) Act and SECURE 2.0 Act

The SECURE Act and the SECURE 2.0 Act had various provisions in effect during or prior to the year ended December 31, 2025. The most significant change during 2024 required including long-term part-time employees who attained 500 or more hours of service in three consecutive 12-month eligibility computation periods beginning in 2021 as eligible employees for participant contributions. During 2025, the computation period was shortened to two consecutive 12-month periods. Further, participants from ages 60 to 63 were allowed to contribute catch-up contributions equal to 150% of the standard limit effective January 1, 2025. The Plan was amended in June 2025 and July 2025 for the SECURE Act and the SECURE 2.0 Act, respectively.

Contributions

Participants could elect to defer and contribute pre-tax or Roth contributions up to 90% or 50% of their eligible compensation, respectively, after taking into account required withholdings, as defined. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. Participant contributions and rollover contributions were suspended in conjunction with the Plan's termination (see Note 6).

The Plan provided for employer matching contributions for eligible participants. For the year ended December 31, 2025, the employer matching contribution was 50% of each participant's contributions up to 5% of each participant's eligible compensation, totaling \$65,776.

Daily Harvest 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan ...continued

Contributions...continued

In addition to the employer matching contribution, the Plan provided for discretionary non-elective employer contributions (profit-sharing contributions). For the year ended December 31, 2025, the Plan Sponsor made no such contributions.

All contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, and employer matching contributions as well as allocations of the discretionary non-elective employer contributions (if any) and the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on each participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Prior to the Plan's termination, the Plan permitted its participants to obtain loans against their account balances. A participant could borrow from his or her vested account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the difference between the highest outstanding loan balance in the participant's account during the prior twelve month period and the outstanding balance of loans from the Plan on the date the loan was made, or 50% of his or her vested account balance. Notes receivable from participants had interest at the prime rate reflected in the Wall Street Journal plus 1% on the date of the loan.

The maximum number of loans a participant could have outstanding at any one time was one. All loans were required to be repaid in level payments through payroll deductions each pay period over a period of no more than five years with the exception of loans used to purchase a primary residence, which were limited to ten years. The level repayment requirement could be suspended if a participant was on a leave of absence; however, the loan was still required to be repaid in full on the maturity date. The Plan Administrator could consider a loan in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan was initially considered past due. In the event of a default or termination of employment, the entire outstanding principal and accrued interest could be immediately due and payable. As of December 31, 2025, there were no outstanding notes receivable from participants.

Certain other restrictions apply to notes receivable from participants as defined in the plan document.

Vesting

Participants are immediately vested in all participant and employer contributions plus actual earnings thereon.

Payment of Benefits

Withdrawals may be made from a participant's account upon retirement, death, disability, financial hardship, or termination of employment in a single lump-sum payment. Distributions on account of the death of the participant allow all beneficiaries to receive extended payments, as defined. If a participant terminates service and the vested amount does not exceed \$7,000 (decreased to \$5,000, effective July 24, 2025) the vested benefit is to be paid to the participant in a single lump-sum as soon as practical without regard to the consent of the participant.

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan ...continued

Payment of Benefits...continued

A participant over age 59 1/2 may elect to withdraw all or a portion of his or her vested account while still employed at the Plan Sponsor. Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 75, which is dependent upon the participant's birth date as defined in the SECURE 2.0 Act. In connection with the Plan's termination, participants were afforded the opportunity to request a distribution prior to their account balances being transferred to individual retirement accounts in December 2025 (see Note 6).

Certain other restrictions apply to benefit payments as defined in the plan document.

Investment Elections

Each participant could direct the investment of his or her account and shall elect among various mutual funds. Each participant had the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting standards set by the FASB. The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB ASC.

As mentioned in Note 1, in connection with the termination of the Plan, the Plan's financial statements as of and for the year ended December 31, 2025 are presented in accordance with ASC 205, on a liquidation basis of accounting, as liquidation was deemed to be imminent during the year ended December 31, 2025. The Plan's financial statements as of December 31, 2024 are presented under the accrual accounting method for a going concern.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Non-interest Bearing Cash

As of December 31, 2025 (liquidation basis) and 2024 (going concern basis), non-interest bearing cash was \$800,100 and \$38,504 respectively, which consisted primarily of uncleared participant distribution checks that typically are temporary in nature and generally clear subsequent to the applicable year end. Uncleared participant distribution checks have been excluded from benefits paid to participants on the accompanying Statement of Changes in Net Assets Available for Benefits – Liquidation Basis.

2. Summary of Significant Accounting Policies...continued

Investment Valuation and Income Recognition

All investments in the Statement of Net Assets Available for Benefits – Liquidation Basis as of December 31, 2025 are reported at liquidation value due to the Plan's termination discussed in Note 1. For all investments, fair value approximates the amount the Plan expects to collect at liquidation. All investments in the Statement of Net Assets Available for Benefits – Going Concern Basis as of December 31, 2024 are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and Matrix Trust Company (Matrix), the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividends are recorded on the liquidation basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. There were no notes from participants outstanding at December 31, 2025. As of December 31, 2024, accrued, but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant loan to be in default, notes receivable from participants were reduced and a benefit payment was recorded within the Statement of Changes in Net Assets Available for Benefits – Going Concern Basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the applicable participant's account and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements...continued

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 (liquidation basis) and 2024 (going concern basis).

Mutual funds – Mutual funds are valued at the daily closing price as reported by the applicable mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission, which are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 (liquidation basis):

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>474</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>474</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 (going concern basis):

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>6,907,510</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>6,907,510</u>

4. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix has certified to the completeness and accuracy of all investments reflected on the accompanying Statement of Net Assets Available for Benefits – Liquidation Basis as of December 31, 2025 and Statement of Net Assets Available for Benefits – Going Concern Basis as of December 31, 2024, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – Liquidation Basis as of December 31, 2025, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits – Liquidation Basis for the year ended December 31, 2025.

5. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by an opinion letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

The Plan Sponsor was acquired on May 16, 2025 by Chobani. In conjunction with the acquisition, the Plan Sponsor elected to terminate the Plan effective May 15, 2025. The final participant contribution was received by the Plan on May 27, 2025. Participants were formally notified of the Plan's termination on May 28, 2025 and the related liquidation process. Participants were afforded the opportunity to request a distribution from the Plan otherwise their account balances were transferred into individual retirement accounts in December 2025 at the Plan Sponsor's request. The Plan's termination did not have an impact on the vested balance of participant accounts as all participants were fully vested in all contribution sources prior to the effective date. Any remaining assets of the Plan are expected to be fully liquidated on or before December 31, 2026.

7. Party-in-Interest Transactions

The Plan issued notes receivable to participants, which were secured by the applicable balance in each participant's account, and represent party-in-interest transactions. Certain service providers to the Plan, including its recordkeeper, are parties-in-interest as defined by ERISA. During the year ended December 31, 2025, the Plan paid fees to these parties, which are included within administrative expenses on the accompanying Statement of Changes in Net Assets Available for Benefits – Liquidation Basis. These transactions qualify as exempt party-in-interest transactions under ERISA. The amounts paid to the individual service providers were not material to the Plan.

8. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits – Liquidation Basis as of December 31, 2025 and the Statement of Net Assets Available for Benefits – Going Concern Basis as of December 31, 2024.

9. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through August 11, 2026, the date the financial statements were available to be issued.
