Independent Auditor's Report

**To the Administrative Committee
Card Kingdom, Inc. Employee Stock Ownership Plan
Monroe, Washington**

Opinion

We have audited the financial statements of Card Kingdom, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of November 1, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period from January 1, 2025 to November 1, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of November 1, 2025 and December 31, 2024, and the changes in its net assets available for benefits for the period from January 1, 2025 to November 1, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Plan Merger

As described in Note 1 to the financial statements, the Plan's administrative committee approved to merge the Plan into the Card Kingdom, Inc. 401(k) Plan effective November 1, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CARD KINGDOM, INC. EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

For the Period January 1, 2025 to November 1, 2025

Note 1 - Description of Plan

The following description of the Card Kingdom, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's definitions, benefits, eligibility, and other matters.

General - Card Kingdom, Inc. (the Company) established the Plan effective as of January 1, 2019. The Plan operates as a defined contribution employee stock ownership plan (ESOP) and is subject to Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Administrative Committee comprising four persons appointed by the Company's Board of Directors.

The Plan had not purchased any Company common stock.

Plan Merger - Effective November 1, 2025, the Plan merged into the Card Kingdom, Inc. 401(k) Plan following approval by the Plan's Administrative Committee. In connection with the merger, all net assets of the Plan were transferred to the Card Kingdom, Inc. 401(k) Plan. Assets transferred in the merger consisted of cash totaling \$1,270,477.

Eligibility and Participation - Employees of the Company over 18 who are not covered by a collective bargaining agreement become eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during such Plan year. Participants must have at least 1,000 hours of service and be employed on the last day of the Plan year to be eligible for an allocation of Company contributions each plan year after meeting initial eligibility requirements.

Contributions - The Company may make a discretionary contribution, in cash or shares of Company stock, as determined by the Company's Board of Directors. Employer contributions are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Company did not make any contributions for the period ended November 1, 2025. Employee contributions are not permitted.

Payment of Benefits - Upon termination of service or attainment of the normal retirement age, a participant or beneficiary whose vested account balance does not exceed \$7,000 may elect to receive the value of his or her account as a lump-sum distribution. Distributions greater than \$7,000 may be paid over five annual installments.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee shall vote any unallocated share for which directions are neither received from participants nor required from participants due to the matters being voted.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20 percent per year of service and are 100 percent vested after five years of service. Effective January 1, 2025, the plan was amended so that participants are fully vested regardless of employment status.

Notes to Financial Statements

For the Period January 1, 2025 to November 1, 2025

Note 1 - Continued

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of Company contributions (if any) and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation of Company contributions or forfeitures. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

All investments of the Plan are non-participant directed.

Forfeitures - Plan forfeitures may be used to pay expenses of administering the Plan at the Administrative Committee's discretion. Any remaining forfeitures are allocated to each participant's account based on the relation of the participant's eligible compensation to total eligible compensation for the plan year. Forfeitures are determined as of the last day of the plan year in which the participant received a complete distribution of the participant's vested interest in his or her account. There were no forfeiture amounts allocated to participants for the periods ended November 1, 2025. There were no unallocated forfeitures at November 1, 2025 and December 31, 2024.

Diversification - Diversification is offered to participants close to retirement so they have the opportunity to move part of the value of their account balance into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the balance allocated to his or her account, less any balance previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may elect to receive a cash distribution or rollover the funds to another qualified plan. As of November 1, 2025 and December 31, 2024, there were no balances eligible for diversification.

Note 2 - Significant Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of the investments includes the Plan's gain and loss on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits paid to participants are recognized when they are paid.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

For the Period January 1, 2025 to November 1, 2025

Note 2 - Continued

Risk and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentration of Credit Risk - The Plan's investments were concentrated and 100% invested in a money market fund as of December 31, 2024 and through the date of the merger (Note 1). The Plan's management seeks to limit its credit exposure by working with high credit quality institutions.

Administration of Plan Assets - Although certain administrative functions are performed by officers or employees of the Company, no such officer or employee receives compensation from the Plan. Substantially all other administrative expenses incurred by the Plan are paid directly by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events - The Plan's management has evaluated subsequent events through August 5, 2026, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
For the Period January 1, 2025 to November 1, 2025

Note 3 - Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2024 and through the date of the merger (as described in Note 1).

Money Market Fund - Valued at cost plus accrued interest, which approximates fair value.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,642,600	\$ -	\$ -	\$ 1,642,600

Note 4 - Tax Status

The Plan has received a determination letter from the IRS dated June 10, 2021, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audits by the IRS for certain tax periods based on applicable laws and regulations; however, there are currently no audits for any tax periods in progress.
