Independent Auditor's Report

401(k) Committee
CompareNetworks, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CompareNetworks, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CompareNetworks, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

Note 1. Description of Plan

The CompareNetworks, Inc. 401(k) Plan (Plan) was established effective January 1, 2006. The Plan is sponsored by CompareNetworks, Inc. (Company). The Plan was most recently restated effective January 1, 2023.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution profit-sharing plan with a 401(k) feature covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan assets are held by T. Rowe Price Trust Company, the Trustee of the Plan. Company contributions, participant elective deferrals, and participant accounts are administered by the Trustee, which invests cash received and income from investments based on instructions from the Company and participants and makes distributions to participants. The Plan administrators and investment advisors are responsible for the oversight of the Plan, including investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). Participants may contribute after-tax Roth elective contributions to the Plan. The maximum participant deferral for pre-tax and after-tax Roth elective contributions was \$23,500 and \$23,000 for the years ended December 31, 2025 and 2024, respectively. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum of \$7,500 for both years ended December 31, 2025 and 2024. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Each year, the Company may contribute a discretionary matching contribution to the Plan. Effective July 1, 2024, the Company contributes 75% of the first 3% of eligible compensation that a participant contributed to the Plan. Prior to July 1, 2024, the Company contributed 50% of the first 3% of eligible compensation that a participant contributed to the Plan. In addition, the Company may also make a discretionary profit-sharing contribution, which is determined annually. The discretionary profit-sharing contribution is allocated to each participant's account based upon the participant's eligible compensation. There were no discretionary profit-sharing contributions for the years ended December 31, 2025 or 2024.

Participants direct the investment of contributions into various investment options offered by the Plan.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

c. Plan Eligibility

Employees are eligible to participate in the Plan and to receive the Company's discretionary matching and profit-sharing contributions, if any, upon reaching 21 years of age. There is no length of service requirement for employees that are expected to work more than 1,000 hours on an annual basis. Employees expected to work less than 1,000 hours on an annual basis are required to complete 12 months of service in which they are credited with 1,000 hours during the eligibility computation period. The "initial eligibility computation period" is defined as the 12-month period beginning with the date the employee is hired. If the employee does not meet the hours of service requirement during the first year following the date of hire, the eligibility period becomes the Plan year and the requirements can then be met during the Plan year. Employees may enter the Plan on the first pay period following the date the eligibility requirements are met.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions (if any), as well as allocations of (a) the Company's discretionary profit-sharing contributions (if any); (b) the Plan's investment earnings (losses), net of investment expenses; and (c) administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

e. Vesting

Participants are immediately vested in their contributions (including rollovers), plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions is based on years of service. A participant is 100% vested upon: (1) disability, (2) death, (3) normal retirement at age 65, or (4) termination of the Plan. A participant shall have a vested and nonforfeitable interest in his or her account determined by the number of years of service as follows:

Years of Service	Vesting %
Less Than 1	0%
1	25%
2	50%
3	75%
4	100%

f. Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance, reduced by the highest outstanding loan balance in the previous 12 months. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the origination date of the loan, as determined by the Plan administrator. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

Note 1. Description of Plan (Continued)

g. Payment of Benefits

Upon the termination of service due to death, disability, reaching the normal retirement age, or other reasons, a participant (or their beneficiary upon death) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment or installment payments over a period specified by the participant. The Plan also allows for in-service distributions at age 59½ and hardship distributions. If the vested portion of a participant's account balance is \$5,000 or less, this amount will be automatically rolled over to an Individual Retirement Account for the benefit of the participant as soon as possible following termination, retirement, or disability, or to their beneficiary following death.

h. Forfeiture Accounts

The non-vested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures are used to reduce employer contributions or pay Plan expenses. Forfeitures used to reduce employer contributions totaled approximately \$4,700 during the year ended December 31, 2025. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2024. Forfeitures used to pay Plan expenses totaled approximately \$15,000 and \$8,000 during the years ended December 31, 2025 and 2024, respectively. Unallocated forfeitures totaled approximately \$5,700 and \$10,200 as of December 31, 2025 and 2024, respectively.

Note 2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

d. Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year the employee contributions are withheld from compensation.

See Independent Auditor's Report.

CompareNetworks, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

Note 2. Summary of Significant Accounting Policies (Continued)

e. Notes Receivable From Participants

Participant notes receivable are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Loans treated as distributions totaled approximately \$18,500 and \$8,400 during the years ended December 31, 2025 and 2024, respectively.

f. Payment of Benefits

Benefits are recorded when paid.

g. Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Company. Administrative expenses paid by the Company are excluded from these financial statements. Fees related to the administration of distributions and notes receivable are charged directly to participants' accounts and are included in administrative expenses. Other administrative expenses paid by the Plan are allocated proportionately to participants based on the value of their account balances. Investment-related expenses are included in net appreciation in fair value of investments.

h. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through July 30, 2026, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income from participant notes receivable for the years then ended, was obtained by management and agreed to, or derived from, information certified as complete and accurate by the Trustee of the Plan.

Note 4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

See Independent Auditor's Report.

CompareNetworks, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

Note 4. Investments and Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies at December 31, 2025 or 2024.

Money market funds and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds and money market funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then adjusted by the issuer to contract value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) could occur daily. Trust units are issued and redeemed only on a valuation date and at the NAV per unit computed on that date. Participant-directed redemptions do not have restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire shares in the fund. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and with participants. There are no unfunded commitments related to this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Investments and Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

December 31, 2025				
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Money market fund	\$ 69,718	\$ -	\$ -	\$ 69,718
Mutual funds	21,397,624	-	-	21,397,624
 Total included in the fair value hierarchy	<u>\$ 21,467,342</u>	<u>\$ -</u>	<u>\$ -</u>	21,467,342
 Investments measured at NAV (a)				
Common/collective trust fund				103,715
				<u>\$ 21,571,057</u>
December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Money market fund	\$ 45,007	\$ -	\$ -	\$ 45,007
Mutual funds	17,394,158	-	-	17,394,158
 Total included in the fair value hierarchy	<u>\$ 17,439,165</u>	<u>\$ -</u>	<u>\$ -</u>	17,439,165
 Investments measured at NAV (a)				
Common/collective trust fund				96,225
				<u>\$ 17,535,390</u>

(a) Certain investments that were measured at the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Related-Party and Party-in-Interest Transactions

There were no administrative expenses paid by the Company on behalf of the Plan for the year ended December 31, 2025. Administrative expenses paid by the Company on behalf of the Plan totaled \$9,799 for the year ended December 31, 2024. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

Certain Plan investments are managed by T. Rowe Price Trust Company, Trustee of the Plan.

See Independent Auditor's Report.

CompareNetworks, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated August 19, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events that could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,

Note 10. Subsequent Event

On September 30, 2025, the Plan sponsor completed the acquisition of Gulf Publishing Company, LLC dba Gulf Energy Information. On January 1, 2026, in connection with the acquisition, employees of Gulf Publishing Company, who participated in the Gulf Publishing Company 401(k) Plan, were offered the opportunity to roll over their account balances into the Plan, in accordance with applicable laws and regulations.
