Independent Auditor's Report

To the Participants and Plan Administrator of the
TxEx Energy Investments, LLC 401k Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the TxEx Energy Investments, LLC 401k Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance, and therefore it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2025, is presented for purposes of additional analysis. This information is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TxEx Energy Investments, LLC 401k Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the TxEx Energy Investments, LLC 401k Plan (the “Plan”) provides only general information. TxEx Energy Investments, LLC (“TXEX Energy”) is the Plan Sponsor. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a qualified defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of TxEx Energy Investments, LLC; TexEx Energy Operating, LLC; Spark Energy, LLC; Spark Energy Gas, LLC; Ideal Interaction, LP; NuDevco Midstream Development, LLC; Retailco Services, LLC; Fuelco Energy, LLC; Xcaliber Logistics, LLC; Verde Energy USA Inc.; National Gas & Electric, LLC; Biztel, LLC; and Major Energy Services, LLC (collectively, the “Company” or “Employer”). Employees of the following related employers also participate in the Plan: Bridgeco Financial, LLC; Flipco Financial, LLC; Via Energy Solutions; Homeco Partners, LLC; Loanco Financial, LLC; and NatWireless, LLC. Effective January 1, 2025, the Plan was amended to permit employees of NuSureCo Insurance Company Inc., a related employer, to participate in the Plan. Prior to January 1, 2025, employees were eligible to participate in the Plan upon attaining age 18. Effective January 1, 2025, the Plan was amended to eliminate the minimum age requirement for participation.

The Plan commenced effective January 1, 2001, and was amended on May 19, 2022, to comply with current law. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

The Company is the Plan Sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodian and Trustee

Fidelity Management Trust Company (“Fidelity,” “Custodian,” or “Trustee”) is the Plan Custodian and Trustee. Fidelity maintains custody of all investments held by the Plan, maintains the Plan’s participant account balances, and provides recordkeeping services to the Plan. Among other duties, Fidelity receives contributions, holds and invests fund assets in accordance with the directions of participants, and makes distributions as directed by the Employer.

Contributions

Eligible employees may elect to defer up to 90% of eligible compensation, as defined by the Plan, through either pre-tax elective deferrals or Roth contributions, subject to applicable IRC limits. Participants who attain age 50 or older by the end of the Plan year are eligible to make catch-up contributions. In addition, participants who attain ages 60 through 63 by the end of the Plan year may make enhanced catch-up (super catch-up) contributions, up to the maximum amount permitted annually under the IRC. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

1. Description of Plan (continued)

Contributions (continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. The Plan also includes an automatic escalation feature where participants with a deferral rate greater than 0% have their deferral rate increased by 1% annually until their deferral rate reaches 6%, unless the participant elects otherwise.

During the year ended December 31, 2025, under the Plan's qualified automatic contribution arrangements ("QACA") provisions, the Employer made Safe Harbor Employer matching contributions equal to 100% of each participant's elective deferrals, up to 4% of eligible compensation as defined by the Plan. The Plan includes a year-end "true up" matching contribution feature designed to ensure participants receive the full matching contribution available under the Plan by compensating for any reduction in matching contributions resulting from the timing or pattern of a participant's deferral elections during the year. The Plan also permits the Employer to make discretionary qualified nonelective contributions for non-highly compensated employees. There no such contributions were made in 2025. All contributions are subject to certain Internal Revenue Service ("IRS") and IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions, an allocation of Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Separate investment accounts are maintained for each participant for all contributions, and balances are invested among investment options as directed by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. Participants may direct their account balances to one or more of these investment options, which vary in types of investment, rates of return, and investment risk.

Vesting

Participants are always vested immediately in their own deferred contributions, rollover contributions, and Safe Harbor profit-sharing contributions, as well as any income or loss thereon. Additionally, participants immediately become 100% vested in any unvested Employer contributions, plus income or loss thereon, upon death, disability, or retirement.

Effective January 1, 2010, the vesting schedule for discretionary Employer matching contributions and nonelective Employer contributions, plus earnings thereon, are as follows:

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one outstanding loan at any point in time. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above Prime, as defined. Principal and interest are paid ratably through bi-weekly payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon separation of service due to death, disability, retirement, or termination of employment, a participant with a vested account balance greater than \$5,000 may elect to receive a lump-sum distribution or installment payments equal to the value of the participant's vested account balance or to maintain their balance within the Plan. A separated participant with a vested account balance equal to or less than \$5,000 receives a lump-sum distribution of their vested account balance as soon as administratively possible following the participant's separation. Unless directed otherwise by the separated participant, the Employer transfers the vested account balance to an individual retirement account if such balance is at least \$1,000, but not more than \$5,000.

A participant may withdraw all or a portion of their rollover contributions in the event of financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future Employer contributions and pay Plan administrative expenses. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$7,994 and \$289, respectively. During the year ended December 31, 2025, forfeitures of \$126,070 were used to reduce Employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to the Financial Statements

December 31, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Certified by the Custodian

The Plan Administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedules were agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the Plan's Custodian and a qualified institution.

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation or depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

3. Information Certified by the Custodian (continued)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Money market funds: Valued at the quoted NAV of shares held by the Plan at year-end.

Notes to the Financial Statements

December 31, 2025 and 2024

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Money market funds	\$1,685,976	\$ -	\$ -	\$1,685,976
Mutual funds	42,871,123	-	-	42,871,123
Total assets in the fair value hierarchy	44,557,099	-	-	44,557,099
Investments at fair value	\$44,557,099	\$ -	\$ -	\$44,557,099

December 31, 2024	Level 1	Level 2	Level 3	Total
Money market funds	\$1,555,298	\$ -	\$ -	\$1,555,298
Mutual funds	36,379,328	-	-	36,379,328
Total assets in the fair value hierarchy	37,934,626	-	-	37,934,626
Investments at fair value	\$37,934,626	\$ -	\$ -	\$37,934,626

5. Related Party and Party-in-Interest

Certain Plan investments are managed by the Custodian, and these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Tax Status

The Plan adopted a non-standardized, preapproved profit-sharing plan sponsored by FMR LLC. The IRS has determined and informed FMR LLC, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. As such, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt, and no provision for income taxes has been included in the Plan's financial statements.

TxEx Energy Investments, LLC 401k Plan

Notes to the Financial Statements

December 31, 2025 and 2024

7. Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	\$ 45,019,456	\$ 38,351,022
Less: employer contributions receivable	(60,397)	(63,681)
Net assets available for benefits per Form 5500	\$ 44,959,059	\$ 38,287,341

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	\$ 6,668,434
Add: employer contributions receivable, beginning of year	63,681
Less: employer contributions receivable, end of year	(60,397)
Net increase in net assets available for benefits per Form 5500	\$ 6,671,718

10. Subsequent Events

Subsequent events were evaluated through July 27, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Company amended the Plan's matching contribution formula. Under the amended provisions, the Company matches 100% of the first 6% of eligible compensation contributed by participants to the Plan.

Subsequent to year end, the Plan Sponsor became aware of a Plan operational error in the definition of eligible compensation used in the calculation of participant and Employer contributions. The Plan Sponsor engaged an ERISA attorney to review the Plan's compensation definition and to provide guidance on corrective actions, if necessary. The outcome of this review could potentially impact participant balances and Employer contributions.
