Report of Independent Auditor

To the Board of Directors
TMPA Legal, Inc. Peace Officers' Legal Defense Fund Plan and Trust
Austin, Texas

Opinion

We have audited the accompanying financial statements of TMPA Legal, Inc. Peace Officers' Legal Defense Fund Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Security Act of 1974 ("ERISA"), which comprise the statements of benefit obligations and net assets available for benefits as of October 31, 2025 and 2024, the related statements of changes in benefit obligations and net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan benefit obligations and net assets available for benefits of the Plan as of October 31, 2025 and 2024, and the changes in its plan benefit obligations and net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of October 31, 2025, and Schedule of Reportable Transactions – Form 5500, Schedule H, Part IV, Line 4j, for the year ended October 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The accompanying notes to the financial statements are an integral part of these statements.

Note 1—Description of the Plan

The following description of the TMPA Legal, Inc. Peace Officers' Legal Defense Fund Plan and Trust (the "Plan") provides only general information. Participants should refer to the Trust Agreement for a complete description of the Plan's provisions.

General Description – The Plan is a prepaid legal services plan, established on April 26, 2003, covering all members of TMPA Legal, Inc. ("Plan Sponsor" and "Administrator") and certain adopting associations. The Plan is an employee welfare benefit plan as defined in Section 3(1) of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and subject to the requirements and obligations of ERISA. An additional requirement of the Plan maintains that any and all adopting associations must be an employees' beneficiary association.

Affiliated Organization – As permitted by the Plan document, the Plan Administrator has executed a contract with Texas Municipal Police Association ("TMPA"), a party-in-interest, to provide certain administrative services, including enrollment, applications, maintaining current Plan data, billing, and processing claims for the Plan. Although legal claims are processed by TMPA staff, the responsibility for payment of claims is retained with the Plan (see Note 7).

Eligibility – The benefits are generally available to any peace officer, reserve peace officer, retired peace officer or public safety employee who is a member in good standing of TMPA which can participate in the Plan upon:

- Filing with the Plan Administrator a properly completed application
- Making the required initial contribution to the Plan
- Approval of the application by the Plan

Benefits – The Plan provides prepaid legal services to members of the Plan Sponsor and adopting associations that meet eligibility requirements as described in the Plan document. The costs of legal services benefits and administrative fees are covered by participant contributions.

Contributions – The Plan Sponsor determines the participant contribution rates based on claims made, administrative fees, and anticipated cost of claims.

Plan Modifications or Termination – Although it has not expressed any intention to do, TMPA has the right under the Plan to modify the benefits provided to members, discontinue contributions, and to terminate the Plan. In the event the Plan is terminated, or an adopting association is determined not to be an employees' beneficiary association, the Plan assets and obligations related to the adopting association or its members shall automatically be segregated from the remaining Plan assets and obligations and shall be held in a separate plan and trust deemed to have been established by the adopting association for the exclusive benefit of its members. In such an event, the segregated Plan assets and obligations shall be transferred to trustees selected by the adopting association within a reasonable time period.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The most significant estimates impacting the financial statements relate to the presentation of investments at their fair value as of October 31, 2025 and 2024. Actual results could differ from those estimated.

Note 2—Summary of significant accounting policies (continued)

Cash and Cash Equivalents – For the purposes of these financial statements, all cash and investments with a maturity of three months or less, when purchased, are considered cash and cash equivalents.

Investments – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

To satisfy its investment policy objectives, the Plan employs a strategy that emphasizes growth of principal (from capital appreciation, dividends, and interest income) over current income. The objective of the portfolio, to provide growth to meet current and future unexpected cash needs, should be pursued over a timeframe of at least 10 years through a program designed to maximize the returns without exposure to undue risk. The Plan targets a diversified asset allocation that places a greater emphasis on fixed income investments to achieve its return objectives within prudent risk constraints.

Receivable from Affiliate – The receivable from affiliate consisted of amounts received by TMPA from participants, which are due to the Plan.

Contributions and Contributions Received in Advance – Participant contributions are determined based on predetermined rates by the Plan. Contributions received in advance of being due are recorded as a liability on the statements of benefit obligations and net assets available for benefits.

Legal Assistance – Claims are recorded by the Plan as of the earlier of the date such claims are incurred or reported by the Plan attorneys.

Administrative Expense – Administrative expenses are recorded as incurred.

Note 3—Cash and cash equivalents

The composition of the Plan's cash and cash equivalents is as follows at October 31:

	2025	2024
Cash and demand deposits	$ 409,593	$ 683,816
Money market accounts	117,960	137,619
Total cash and cash equivalents	$ 527,553	$ 821,435

Note 4—Fair value of financial instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 – Inputs to the valuation methodology that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan is required to disclose estimated fair values of its financial instruments. The fair value estimates presented herein are based on relevant information available to management as of October 31, 2025 and 2024.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds and *Exchange-Traded Funds* – These public investment vehicles are valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

There have been no changes in the valuation methodology used as of October 31, 2025. The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. During the years ended October 31, 2025 and 2024, there were no transfers between fair value levels.

The following table represents the Plan's fair value hierarchy for its investments as of October 31, 2025:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Total
Mutual funds	$ 581,725	$ 581,725
Exchange-traded funds	5,154,800	5,154,800
	$ 5,736,525	$ 5,736,525

Note 4—Fair value of financial instruments (continued)

The following table represents the Plan's fair value hierarchy for its investments as of October 31, 2024:

	Quoted Prices for Active Markets for Identical Assets (Level 1)	Total
Mutual fund	$ 388,824	$ 388,824
Exchange-traded funds	4,180,798	4,180,798
	$ 4,569,622	$ 4,569,622

Note 5—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of benefit obligations and net assets available for benefits.

Certain financial instruments potentially subject the Plan to concentrations of credit risk. These financial instruments consist primarily of cash and investments. The cash policy of the Plan limits the amount of credit exposure and requires that cash be placed with high credit quality financial institutions. Cash is deposited in demand accounts in federally insured domestic institutions to minimize risk. The Federal Deposit Insurance Corporation covers $250,000 per financial institution. Further, the Securities Investor Protection Corporation covers investment accounts that contain cash and securities up to $500,000 per financial institution. The Plan from time to time may have amounts on deposit in excess of the insured limits. As of October 31, 2025 and 2024, the Plan had deposits of $290,478 and $443,176, respectively, which exceeded these insured amounts. The Plan has not experienced and does not anticipate any credit losses on these deposits.

The amount of benefit obligations related to claims incurred but not reported and future claims payable are reported based on certain assumptions, including claims history and trends in anticipated litigation costs, which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements. The amount of potential claims that will be recognized in subsequent periods, if any, cannot be determined.

Note 6—Federal income taxes

The trust established under the Plan is exempt from federal income tax under Section 501(c)(4) of the Internal Revenue Code on all exempt income. Consequently, no provision for federal income taxes is required or included in the accompanying financial statements. The Plan is required to file an annual report, Form 5500, with the U.S. Department of Labor – Employee Benefits Security Administration for the activity of the Plan.

Copies of all public reporting documents are available to members. A copy may be requested by writing to TMPA Legal, Inc. Peace Officer's Legal Defense Fund Plan and Trust, 6200 La Calma Drive, Suite 200, Austin, Texas 78752.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by Internal Revenue Service. Management has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7—Related party and party-in-interest

TMPA and the Plan have established and agreed upon a cost allocation plan by which the Plan will pay TMPA 23.13% of its gross revenues from participant contributions for each respective fiscal year for legal administration costs. For the years ended October 31, 2025 and 2024, the Plan paid $1,375,603 and $1,301,775, respectively, to TMPA for legal administration costs, which are included in legal assistance claims in the statements of changes in benefit obligations and net assets available for benefits.

Participant contributions are collected by TMPA and remitted to the Plan on a monthly basis. The Plan has receivables due from TMPA of $398,771 and $381,718 as of October 31, 2025 and 2024, respectively.

Note 8—Subsequent events

The Plan has evaluated subsequent events through August 10, 2026, the date the financial statements were available to be issued.
