35. All required filings with the appropriate agencies have been made.
36. All required amendments to and filing of plan documents with the appropriate agencies have been made.
37. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue as a qualified plan (and

trust). The Plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status.

38. The Plan has complied with the DOL's regulations concerning timely remittance of participants' contributions to trusts containing assets for the plan.
39. The Plan has complied with the fidelity bonding requirements of ERISA.
40. The form and content of the supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025 is fairly presented in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
41. There are no:
 - Nonexempt party in interest transactions (as defined in ERISA Section 3(14) and regulations under that section) that were not disclosed in the supplemental schedule or financial statements.
 - Investments in default or considered to be uncollectible that were not disclosed in the supplemental schedule.
 - Reportable transactions (as defined in ERISA Section 103[b][3][H] and regulations under that section) that were not disclosed in the supplemental schedule.
42. The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
43. Management has performed an examination of all remittances made during the year ended December 31, 2025 and has determined all remittances related to the year ended December 31, 2025 include the proper employee deferral, loan repayment and employer match, if applicable.
44. We believe that all employee contribution percentages that are being withheld from their paychecks are the proper and most recent amounts that the employees have elected.
45. We believe that all approved employee pay rates and pay rate changes were properly authorized and implemented in a timely manner.
46. There have been no cybersecurity breaches or other cyber events whose effects should be considered for disclosure in the financial statements, as a basis for recording a loss contingency, or otherwise considered when preparing the financial statements.
47. We believe all eligible pay codes are accurately reflected in the definition of eligible compensation in accordance with the Plan's documents in our internal mapping.
48. Employer contributions receivable recorded in the financial statements represent valid claims against employers for employer contributions due for the period on or before the statement of net assets available for benefits date and have been appropriately reduced to their estimated net realizable value.
49. We believe that all employee demographic information is correctly recorded in payroll and Fidelity.

50. We acknowledge an error whereby employer matching contributions for one participant were incorrectly calculated. Based on our review, we believe this was an isolated occurrence affecting only that participant. Corrections have been made for the missed employer matching contributions, including associated lost earnings.
51. We acknowledge an error resulting in missed employee and employer contributions on eligible compensation for one participant. Based on our review, we believe no other participants were affected. Corrective contributions, including applicable lost earnings, have been made.

INDEPENDENT AUDITORS' REPORT

To the Investment Committee of the
InfoTrack US Inc 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of InfoTrack US Inc 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions users made based on these financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INFOTRACK US INC 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Note 1: Description of Plan

The following description of InfoTrack US Inc 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established on January 30, 2023 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all eligible employees of InfoTrack US Inc, Green Filing, LLC, and Westin Consulting, LLC, collectively (the “Company”). As of May 2025, Westin Consulting, LLC was removed from the Plan.

The Company is the Plan administrator, sponsor, and retains the services of a third party to assist in the administration of the Plan. The Plan’s trustee and third-party administrator is Fidelity Management Trust Company (“Fidelity”).

Eligibility: Except for excluded employees, all employees may enter the Plan on the first day of the next month. Excluded employees include residents from Puerto Rico, employees covered by a collective bargaining agreement, non-resident aliens who do not receive any earned income from the Company which constitutes United States source income, temporary and part time employees, and interns. An employee may elect not to participate in the Plan.

Participant contributions: Participants may elect to contribute up to 90% of their eligible compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions, subject to statutory limits. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants may also designate a portion or all of their contributions as Roth contributions. Roth contributions are post-tax contributions of compensation, maintained in separate accounts in the Plan. Participants direct the investment of their account balances into various investment options offered by the Plan. A participant may elect to increase or decrease their percentage as of each entry date defined as the beginning of each pay period. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 5% of eligible compensation. Additionally, the Plan has an escalation clause that increases the automatically enrolled participants’ deferral rate annually by 1% until a deferral rate of 10% is reached.

INFOTRACK US INC 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Employer contributions: Employees are eligible for safe harbor matching contributions. The safe harbor match contributes 100% of the first 3% of the participant's eligible compensation, and 50% of the next 2% of the eligible compensation. For the year ended December 31, 2025, the Company contributed approximately \$884,000 in safe harbor matching contributions. In addition, the Company may, at their sole discretion, make non-elective employer contributions. To be eligible to receive a non-elective employer contribution, participants must be employed on the last day of the contribution period and complete at least 1,000 hours of service during the Plan year. Effective January 2025, the Company amended the Plan to change the frequency of employer matching contributions from an annual true-up basis to a per-pay-period basis.

The Company did not make any non-elective employer contributions for the year ended December 31, 2025.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's employer contributions, and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Participant investment options include a variety of mutual funds, a stable value fund, a money market fund, and self-directed brokerage accounts. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting: Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Employer safe harbor contributions are immediately vested. Non-elective employer contributions become 100% vested upon three years of completed service.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Note terms range from one to five years and may not exceed five years except for notes used for the purchase of a primary residence, which may be repaid over a longer period of up to ten years. Participants may only have one note outstanding at a time. Principal and interest are paid ratably through payroll deductions.

INFOTRACK US INC 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Payment of benefits: On termination of service due to death, disability, retirement, or separation from service, participants may receive benefits in a lump sum payment, installments, or partial withdrawal, in accordance with the Plan. Unless otherwise instructed by the participant, participants with vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout and participants with vested accounts balances ranging from \$1,000 to \$7,000 will automatically be rolled over to an individual retirement account (“IRA”) or another retirement plan eligible to receive rollover contributions.

As an active participant in the Plan, a participant may, upon attaining age 59 ½, request the distribution of his or her balance. In addition, a participant may apply for a hardship withdrawal, if he or she is experiencing an immediate and heavy financial need as defined by the specific criteria in the Plan document.

Forfeited accounts: Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. Forfeitures remaining in the Plan as of December 31, 2025 and 2024 were not material. For the year ended December 31, 2025, forfeitures used to pay Plan expenses were not material.

Administrative expenses: Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant’s accounts.

Note 2: Significant accounting policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan’s investments are stated at their fair values. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market fund is valued at cost plus accrued interest, which approximates fair value. Investments held in the self-directed brokerage account consist of common stock and unitized investment funds, valued at fair value based on readily determinable market prices. The stable value fund is composed primarily of fully-benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a

INFOTRACK US INC 401(K) PLAN

Notes to Financial Statements

December 31, 2025

practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that the securities liquidation will be carried out in an orderly business manner.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 4 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were made available to be issued, which is the date of the independent auditors' report.

Note 3: Stable value fund

The Plan invests in the T.Rowe Price Stable Value Fund, through which the Plan invests in fully benefit-responsive synthetic guaranteed investment contracts ("GICs") and cash. GICs are issued and guaranteed by insurance companies or other financial institutions to transact all qualified participant withdrawals at a minimum of contract value (principal plus accrued interest). Synthetic GICs are backed by a segregated portfolio of bonds or units of collective funds that are owned directly by the fund.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which represents contributions plus interest earned, less benefits paid and transfers to other funds. However, if one or all of the contracts were to be terminated prior to the expiration date and the Plan's assets withdrawn, the amount received by the Plan could be less than the contract value under the relevant provisions of the agreements. In general, contract termination and settlement at values other than the contract amounts are allowed due to changes in the qualification status of the Company or the Plan, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the pre-established investment guidelines.

INFOTRACK US INC 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Withdrawals and transfers resulting from certain events may limit the ability of the Plan to transact at contract value with the issuer of the GICs.

These events include the following: (1) amendments to the Plan (including complete or partial Plan termination or merger with another plan); (2) competing fund transfers or violation of certain investment transaction provisions; (3) an early retirement program, group termination, group layoff, facility closing, or similar program; (4) bankruptcy of the Company or other Company events that cause a significant withdrawal of assets from the Plan; and (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In these instances, market value would likely be used to determine payouts to participants. At this time, the Company does not believe that an event that would limit the Plan's ability to transact with participants at contract value is probable.

Note 4: Fair value

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value ("NRV") or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INFOTRACK US INC 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2025 and 2024 and have all been determined to be Level 1 by the Plan administrator:

	<u>2025</u>	<u>2024</u>
Mutual funds	\$ 17,011,296	\$ 12,853,037
Money market fund	169,127	156,218
Self-directed brokerage accounts:		
Common stock	-	1,222
Unitized investment funds	12,830	6,534
Total investments measured at fair value	\$ <u>17,193,253</u>	\$ <u>13,017,011</u>

The Plan's valuation methodology used to measure the fair value of mutual and money market funds, and the self-directed brokerage accounts were derived from quoted market prices as substantially all of these instruments have active markets.

Note 5: Investments

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the period presented.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

INFOTRACK US INC 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Note 6: Party-in-interest transactions

Fidelity, the Plan's trustee, serves as Plan fiduciary, investment manager and custodian to the Plan. At December 31, 2025 and 2024, the Plan held investments of approximately \$16,601,000 and \$12,551,000, respectively, in Fidelity's mutual funds, a money market fund account, and self-directed brokerage link accounts.

Note 7: Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution account balances.

Note 8: Income tax status

The prototype plan adopted by the Plan sponsor obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a separate opinion letter, however the Plan administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
