Independent Auditor's Report

To the Plan Administrator
Sanderson Farms, Inc. and Affiliates Welfare Benefit Plan
Laurel, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sanderson Farms, Inc. and Affiliates Welfare Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) in liquidation as of October 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) in liquidation for the year ended October 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of October 31, 2025 and 2024, and for the year ended October 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting; and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter — Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Board of Directors of Sanderson Farms, Inc. and Affiliates, the Plan's Sponsor, approved a plan of liquidation on October 13, 2023, and management determined liquidation is imminent. As a result, the Plan uses the liquidation basis of accounting in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and

to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) (modified cash basis) as of October 31, 2025, and the Schedule H, line 4j - Schedule of Reportable Transactions (modified cash basis) for the year ended October 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for

Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules (modified cash basis) agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Sanderson Farms, Inc. and Affiliates Welfare Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a welfare benefit plan that provides hospitalization, major medical benefits, dental benefits, vision benefits, basic life insurance, voluntary life insurance, whole life insurance, accidental death and dismemberment coverage and long-term disability coverage to substantially all employees of Sanderson Farms, LLC (formerly, Sanderson Farms, Inc., the Plan's sponsor) and its affiliated companies (collectively, the "Company") and retirees electing to continue coverage under the Plan.

Certain Plan assets are held in a voluntary employees' beneficiary association ("VEBA") trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Termination

On October 13, 2023, the Board of Directors of the Plan's sponsor adopted resolutions to terminate the Plan effective January 1, 2024. As a result, management determined liquidation was imminent as of October 13, 2023.

Stop Loss Coverage

The Plan has entered into a stop loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). The Company pays the full cost of the stop-loss insurance which is included in employer contributions in the accompanying statement of changes in net assets available for benefits.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Health claims, reinsurance and other premiums and administrative and other expenses are recognized when paid. Contributions are recognized when received.

The financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update ("ASU") 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on October 13, 2023. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or

disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments as of October 31, 2025 and 2024 are reported at liquidation value. For all investments, fair value approximates the amounts the Plan expects to collect at liquidation. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recognized when received.

Reinsurance and Other Premiums

Premiums for stop loss insurance are included in reinsurance and other premiums in the accompanying statement of changes in net assets available for benefits.

Administrative and Other Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators and the trustee, as well as professional fees. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. Other expenses include severance payments made to employees of the Company in the amount of $417,001.

3. Information Certified by Regions Bank

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at October 31, 2025 and 2024, interest income and investment transactions for the year ended October 31, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Regions Bank, the trustee of the Plan, and a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification ("ASC") Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As discussed in Note 2, fair value as of October 31, 2025 and 2024 approximates the amount the Plan expects to collect at liquidation.

Interest bearing deposit account: Valued at net asset value as determined by the fair market value of all securities owned by the fund (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Interest bearing deposit account	$ 3,868,239	$ -	$ -	$ 3,868,239
Total Investments at Fair Value	$ 3,868,239	$ -	$ -	$ 3,868,239

	2024			
	Level 1	Level 2	Level 3	Total
Interest bearing deposit account	$ 8,605,078	$ -	$ -	$ 8,605,078
Total Investments at Fair Value	$ 8,605,078	$ -	$ -	$ 8,605,078

5. Plan's Benefit Obligations

The Plan's benefit obligations represent the amounts currently payable to or on behalf of participants and their dependents and other obligations for current benefit coverage at estimated amounts (claims incurred but not reported). There were no benefit obligations of the Plan as of October 31, 2025.

The following table summarizes the Plan's benefit obligations at October 31, 2024:

Amounts currently payable to or on behalf of employees and their dependents	
Claims currently payable and incurred but not reported	$ 867,241
Total Benefit Obligations	$ 867,241

The following table summarizes the changes in the Plan's claims payable and incurred but not reported for the years ended October 31, 2025 and 2024:

	Year ended

6. Income Tax Status

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service dated June 30, 1995, stating the trust is tax-exempt under the provision of Section 501(c)(9) of the Internal Revenue Code (the "Code") as a VEBA. The Plan has been amended since the issuance of the exemption letter. The Plan and the VEBA trust are required to operate in conformity with the Code to maintain the tax-exempt status of the VEBA trust. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related VEBA trust is tax-exempt.

7. Related Party Transactions

During the year ended October 31, 2025, certain Plan investments were interest bearing deposit funds managed by Regions Bank. Regions Bank is the trustee of the Plan assets as defined by the Plan and therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid Regions Bank fees totaling $750 for such investment management services during the year ended October 31, 2025.

8. Risks and Uncertainties

The Plan invests in interest bearing deposit accounts; however, the accounts are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's objective is to maintain fair market value at $1 per share by investing in high quality, short-term securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits in liquidation.

9. Plan Termination

The Board of Directors of the Plan's sponsor voted on August 26, 2023, to terminate the Plan effective January 1, 2024, and management determined liquidation is imminent as of October 13, 2023, as discussed in Note 1. Beginning January 1, 2024, claims paid from the VEBA trust are limited to those incurred prior to January 1, 2024 through the run-out period ending December 31, 2026.

As of October 31, 2025, residual assets remain in the VEBA trust. Upon completion of the wind-down process, the remaining assets are expected to be used for permissible administrative expenses and other allowable purposes in accordance with the Plan document. No assets of the Plan may revert to the Company.

10. Subsequent Events

The Plan has evaluated subsequent events through August 13, 2026, the date the financial statements were available to be issued and incorporated all subsequent events within the financial statements.
