PLAN ADMINISTRATOR
JAMES MOORE & CO., P.L.
401(k) RETIREMENT PLAN
Gainesville, Florida

SCOPE AND NATURE OF THE ERISA SECTION 103(a)(3)(C) AUDIT

We have performed audits of the accompanying financial statements of James Moore & Co., PL. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of October 31, 2025 and 2024, statement of changes in net assets available for benefits (modified cash basis) for the year ended October 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of James Moore & Co., PL. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended October 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of James Moore & Co., PL. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT – CONTINUED

BASIS OF ACCOUNTING

We draw your attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule is prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about James Moore & Co., PL. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of James Moore & Co., PL. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about James Moore & Co., PL. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

INDEPENDENT AUDITOR'S REPORT – CONTINUED

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

OTHER MATTER - SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JAMES MOORE & CO., P.L. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2025 AND 2024

(1) Description of the Plan:

The following description of James Moore & Co., P.L. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) General—The Plan is a volume submitter, cross-tested, defined contribution prototype plan and trust covering substantially all employees of James Moore & Co., P.L. The Company sponsors a single-employer plan. Participants who are not excluded and have attained the age of 21 are eligible for salary deferral contributions. Excluded employees include collective bargaining employees, non-resident aliens, part-time/temporary/seasonal employees, defined as employees whose regularly scheduled service is less than 1,000 hours in the relevant eligibility computation period and interns. Participants actively employed at Plan year-end are eligible to share in the allocations of the Plan's employer profit sharing discretionary contribution. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Contributions—Each year, participants may contribute up to 100% of pretax and post-tax annual compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Company may contribute discretionary profit sharing contributions to the Plan. For the year ended October 31, 2025, the Company elected to make discretionary profit sharing contributions to the Plan in the amount of \$1,662,031. Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Contributions are subject to certain limitations.

(c) Participant accounts—Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The Company currently offers 18 mutual funds and a self-directed brokerage account as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting—Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's matching and discretionary profit sharing contribution portion of their accounts based on years of service. A participant is fully vested after six years of credited service. Participants become immediately 100% vested in the Company's contribution portion of their accounts upon death or disability.

(e) Notes receivable from participants—Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of their highest outstanding loan balance from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding loan balance as of the date of the new loan, or 50% of their vested account balances. Participants are allowed one outstanding loan at a time. The loans are secured by the balances in the participant's account and bear interest rates ranging from 4.25% to 9.50% with a term not to exceed five years, unless permitted otherwise by the plan administrator. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of benefits—Upon termination of service, retirement, disability or death, participants may receive a distribution equal to their vested account balance. Distributions may be paid in the form of a lump-sum payment. The participant's contributions may also be withdrawn for certain hardship situations.

(g) Forfeited accounts—At October 31, 2025 and 2024, forfeited non-vested accounts totaled approximately \$123,000 and \$119,000, respectively. These accounts will be used to reduce future employer contributions. During the year ended October 31, 2025, employer contributions were reduced by approximately \$119,000 of forfeited non-vested accounts.

(h) Administrative expenses—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Company. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e.: loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation of fair value of investments.

JAMES MOORE & CO., P.L. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2025 AND 2024

(2) Summary of Significant Accounting Policies:

(a) Basis of accounting—The financial statements of the Plan are presented under the modified cash basis method of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this method of accounting, investments are adjusted to fair or contract value, revenues are recognized when cash is received rather than when earned and expenses are recognized when cash is disbursed rather than when the obligation is incurred.

(b) Investment valuation and income recognition—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when paid. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits—Benefits are recorded when paid.

(e) Use of estimates—The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(f) Subsequent events—The plan has evaluated events and transactions for potential recognition of disclosure in the financial statements through August 13, 2026, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(3) Information Certified by the Custodian:

All investment information related to mutual funds, money market fund and self-directed brokerage accounts disclosed in the accompanying financial statements and schedules, including investments held at October 31, 2025 and 2024, and the net change in fair value of these investments and interest and dividend income for the year ended October 31, 2025, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Personal Trust Company, the custodian of the plan.

(4) Investments and Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(4) Investments and Fair Value Measurements - Continued:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund – The money market fund is valued at cost which approximates fair value.

Self-directed brokerage accounts – Common stock and exchange-traded funds held in the self-directed brokerage accounts are valued at closing price reported on the active market on which the individual securities are traded.

Mutual funds held in the self-directed brokerage accounts are valued using methodology consistent with mutual funds held by the Plan, as stated above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the assets and liabilities of the Plan for which fair values are determined on a recurring basis:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
October 31, 2025:				
Mutual funds	\$ 49,598,579	\$ -	\$ -	\$ 49,598,579

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
October 31, 2024:				
Mutual funds	\$ 41,413,749	\$ -	\$ -	\$ 41,413,749
Money market fund	2,182,490	-	-	2,182,490

Total investments at fair value	<u>\$ 44,060,282</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,060,282</u>

(5) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

JAMES MOORE & CO., P.L. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2025 AND 2024

(6) Income Tax Status:

The plan adopted a volume submitter plan that obtained a favorable determination letter from the Internal Revenue Service dated June 30, 2020. A favorable determination letter qualifies the Plan under section 401(a) of the Internal Revenue Code (IRC), and the Plan is therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income.

(7) Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

(8) Parties-in-Interest:

Plan investments are held with Fidelity Personal Trust Company, custodian of the Plan. Plan investments are managed by Avantax Financial Services, fiduciary of the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment. Avantax also provides third party administrative services to the Plan. Fees incurred by the Plan for third party administrative services are included in administrative expenses.

Certain participants of the Plan have outstanding loans with the Plan at October 31, 2025 and 2024. These loans are considered party-in-interest transactions according to the Department of Labor guidelines. Total outstanding loans as of October 31, 2025 and 2024 were \$181,944 and \$198,006, respectively.
