Employee Profit-Sharing Plan Committee
Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of October 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended October 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of October 31, 2025 and 2024, and for the years ended October 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at the End of the Year), is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control related matters that we identified during the audit.

Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Sivalls, Inc., Control Ventures, Inc., and Tectrol, Inc. (collectively, the "Company"), who have completed one year of service and are eighteen years old or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, the Company contributes to the Plan an amount determined by appropriate action of its Board of Directors as a profit-sharing contribution. The participant must complete a minimum of 1,000 hours of service during the Plan year for eligibility. These Company contributions are allocated among the Company's participants based on the ratio of each participant's compensation for the year to the total compensation of the Company's participants for the year.

Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan. The Company matches 100% of the first 3% of base compensation that a participant contributes to the Plan. The Company's matching contribution amounts may be adjusted annually at the option of the Plan's Advisory Committee and the Company's Board of Directors. Participants may also make non-deductible contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, investment earnings, and an allocation of the Company's profit-sharing contribution. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The participants' accounts are fully vested immediately.

Investment Options

Upon enrollment in the Plan, participants may direct their account balances in a diversified group of investment options with Fidelity Management Trust Company ("FMTC"). Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made, or (b) one-half the present value of the vested interest in the participant's account. The loans are secured by the balance in the participant's account and bear interest at 1% over prime at the time of the loan. All loans are payable in monthly or quarterly installments.

Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan

Notes to Financial Statements

1. Description of the Plan - Continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account or various annuity arrangements. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

Administration

The trustee, Fidelity Management Trust Company ("FMTC"), manages Plan assets. The trustee invests and reinvests Plan assets in coordination with the instructions communicated to it by the Plan participants.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, administrative expenses may be paid by the Company, and if not so paid, the Plan shall pay such expense out of principal or income.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual method of accounting.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For information related to the Plan's valuation methodologies, see Note 7 of these financial statements.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains on investments include realized gains and losses on sales of investments during the year and unrealized increases and decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies - Continued

Fully Benefit-Responsive Investment Contracts

The group annuity contract (the "Contract") with Fidelity Group Trust for Employee Benefit Plans ("Fidelity") is a general account. The Contract is a traditional investment contract and is credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the trustee. The Plan's Contract is fully benefit-responsive and is reported at contract value on the Statement of Net Assets Available for Benefits. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Principal and interest in the Contract are guaranteed against the loss by the trustee. Circumstances that would limit a participant's ability to transact with the fund are not considered probable of occurring. Under no circumstances are the participant accounts in the Contract settled at amounts other than contract value.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Payment of Benefits

Benefits are recorded when obligations are paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan

Notes to Financial Statements

4. Income Tax Status

The Company has adopted a non-standardized prototype plan and trust document on which the Internal Revenue Service ("IRS") has issued an opinion letter, dated June 30, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

5. Information Certified by the Plan Trustee (Unaudited)

As permitted by the rules and regulations of the Department of Labor ("DOL") with respect to reporting and disclosure under ERISA, the trustee has certified that certain information provided to the Plan administrator is complete and accurate. All the amounts in the financial statements and accompanying schedules have been derived from or supplied by the trustee.

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee to the information included in the Plan's financial statements and supplemental schedule. FMTC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported on the accompanying Statements of Net Assets Available for Benefits as of October 31, 2025 and 2024, the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2025, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended October 31, 2025 and 2024.

6. Investment Contract

The Plan entered into a benefit-responsive contract with Fidelity. Fidelity maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan

Notes to Financial Statements

6. Investment Contract - Continued

Certain events limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan sponsor or other Plan sponsored events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit Fidelity to terminate the agreement prior to the scheduled maturity date.

7. Fair Value Measurements

FASB Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for the full term of the asset or liability.

- Level 3 – Inputs that are unobservable for the asset or liability.

Notes to Financial Statements

7. Fair Value Measurements - Continued

FASB ASC Topic No. 820 requires that the financial statements describe the methodology used to measure the fair value of assets and liabilities. Management has described below the methodology used to measure each major category of investments. There have been no changes in the methodologies used at October 31, 2025 and 2024.

- Common/Preferred stock is measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Mutual funds are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of October 31, 2025:

	Level 1	Level 2	Level 3	Total
Cash	\$ 1,725	\$ -	\$ -	\$ 1,725
Money market funds and interest bearing cash	1,813,931			1,813,931
Common stock	3,776,955			3,776,955
Mutual funds	27,071,907			27,071,907
Total Investments at Fair Value	\$ 32,664,518	\$ -	\$ -	\$ 32,664,518

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of October 31, 2024:

	Level 1	Level 2	Level 3	Total
Cash	\$ 1,725	\$ -	\$ -	\$ 1,725
Money market funds and interest bearing cash	1,680,211			1,680,211
Common stock	3,038,797			3,038,797
Mutual funds	25,859,130			25,859,130
Total Investments at Fair Value	\$ 30,579,863	\$ -	\$ -	\$ 30,579,863

8. Party-in-Interest Transactions

Certain Plan investments include shares of mutual funds and investment contracts managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Sivalls, Inc. Employees' Profit-Sharing and 401(k) Plan

Notes to Financial Statements

9. Corrective Distributions Payable

The Plan is required to perform annual nondiscrimination testing, including the actual deferral percentage and actual contribution percentage tests. For the years ended October 31, 2025 and 2024, the Plan did not satisfy certain nondiscrimination testing requirements and is required to make corrective distributions to certain participants.

Corrective distributions payable for contributions in excess of amount allowed by the Internal Revenue Code are recorded as a liability with a corresponding reduction of contributions in the Statements of Changes in Net Assets Available for Benefits. As of October 31, 2025 and 2024, corrective distributions payable totaled \$10,704 and \$15,741, respectively, and are included in excess contributions payable in the Statements of Net Assets Available for Benefits. The Plan will distribute the excess contributions and related earnings to the affected participants in 2026.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per financial statements	\$ 37,857,724	\$ 35,989,402
Plus: excess contributions	10,704	15,741
Adjustment from fair value to contract value for investment contract	<u>(188,144)</u>	<u>(292,168)</u>
Net assets available for benefits per Schedule H to the Form 5500	<u>\$ 37,680,284</u>	<u>\$ 35,712,975</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>2025</u>	<u>2024</u>
Net change in net assets available for benefits per financial statement	\$ 1,868,322	\$ 3,304,182
Net change in the adjustment from fair value to contract value for investment contract	<u>98,987</u>	<u>335,559</u>
Net income per Schedule H to Form 5500	<u>\$ 1,967,309</u>	<u>\$ 3,639,741</u>

11. Subsequent Events

The Plan has evaluated subsequent events through August 12, 2026, which is the date the financial statements were available to be issued.
