INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
Costco Puerto Rico Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Costco Puerto Rico Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COSTCO PUERTO RICO RETIREMENT PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(1) Plan Description

The following description of the Costco Puerto Rico Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan. Participants in the Plan are employees of Costco Wholesale Corporation (the Company) in Puerto Rico.

The Plan is a defined contribution plan established by the Company under the Puerto Rico Internal Revenue Code (PRIRC). It includes a qualified cash or deferred arrangement, as described in the PRIRC, for the benefit of eligible employees. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(a) Employee Contributions

The Plan allows certain employees to elect to defer their compensation to the Plan after completing 90 days of service within 12-consecutive months and attaining the age of 18. Each year participants may contribute from 1% to 50% of their compensation before income taxes, subject to certain limitations set by the Puerto Rico Treasury Department (PRTD) and the Plan. Participants may also contribute distributions from other qualified benefit or contribution plans (rollover contributions).

All newly-eligible participants entering the Plan are automatically enrolled at a salary contribution rate of 4%. On an active participant's employment anniversary date and each anniversary date thereafter the percentage deferred into the Plan automatically increases by one percentage point, to a maximum of 20%. Employees may opt out of automatic enrollment and increases. Contributions are subject to regulatory requirements.

(b) Employer Contributions

The Company matches 50% of each employee's contribution up to a maximum of \$500 per year. Eligible employees who have completed one year of service (12 consecutive months) and have attained the age of 18 are also eligible for an annual discretionary employer contribution. The discretionary contribution is allocated only to the accounts of eligible Plan participants who are employed by the Company on the last day of the Plan year. A discretionary contribution was approved for 2025, totaling \$5.0 million and ranged from 4% to 9% of eligible compensation based on years of service. The discretionary contribution was deposited into the Plan and allocated to participant accounts in March 2026.

(c) Participants' Accounts

Each participant's account is credited or debited with the participant's contributions, the Company's contributions, distributions from the account, earnings and losses, fees, expenses, and changes in underlying account assets. The benefit to which a participant is entitled is their vested account balance.

(d) Vesting

Participants are immediately vested in their deferral contributions and in certain other contributions as defined in the Plan document.

Effective for participants employed on or after August 1, 2024, employer contributions are 100% vested and nonforfeitable.

(e) Forfeitures

The Plan provides that forfeited amounts are used to reduce employer contributions. Forfeitures during 2025 and forfeiture balances as of December 31, 2025 and 2024, were immaterial.

COSTCO PUERTO RICO RETIREMENT PLAN

Notes to Financial Statements (continued)

December 31, 2025 and 2024

(f) ***Investment Options***

Participants may direct their accounts to the Plan's investment options. Participants may change their investment options and transfer amounts between funds daily. Amounts may be temporarily invested in a cash account prior to investment in investment accounts.

If a participant makes no investment selection, their account is invested in the Retirement Trust with the target retirement date closest to the year the participant attains age 65.

During 2025, the Plan's four index investment options, previously held as mutual funds, were replaced with collective investment trusts. Specifically, the Vanguard Total Bond Market Index Fund was replaced with the State Street U.S. Bond Index Trust; the Vanguard Institutional Index Fund was replaced with the State Street S&P 500 Index Trust; the Vanguard Total International Stock Fund was replaced with the State Street Global All Cap Equity Ex-U.S. Index Trust; and the Vanguard Extended Market Index Fund was replaced with the State Street Russell Small/Mid Cap Index Trust.

(g) ***Distributions***

Upon termination of employment, total disability or death, the vested interest in a participant's account is payable in a lump sum, unless a participant or beneficiary elects an installment distribution. Participants may apply for a distribution of all or a portion of the vested interest at any time after attaining the age of 59-1/2. Participants are also eligible to make withdrawals from their salary deferral contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of twelve months.

(h) ***Notes Receivable from Participants***

A participant may borrow between \$1,000 up to the lesser of (a) \$50,000, reduced by the highest outstanding balance in the previous 12 months minus the outstanding balance of all loans on the date on which the loan is made, or (b) 45% of their vested account balance (50% when measured at the time the loan is made), provided this amount is available in the participant's pre-tax and rollover accounts. Loans are repaid through payroll deductions over a period ranging up to four years or, if for the purchase of a principal residence, up to 15 years. The bi-weekly re-payment amount cannot exceed 25% of the participant's normal per-pay-period net pay. The interest rate is determined by the Plan Administrator from time-to-time and is comparable to rates charged by commercial lenders. At December 31, 2025, interest rates on loans outstanding ranged from 8.75% to 10.50%, with various maturities through November 2039. Participant accounts with loans are charged an application fee at initiation and an annual maintenance fee.

(i) ***Trustee, Recordkeeper, and Plan Administrator***

Banco Popular de Puerto Rico is the trustee and T. Rowe Price Retirement Plan Services Inc. is the recordkeeper for the Plan. The Plan Administrator is the Costco Benefits Committee.

(j) ***Administrative, Recordkeeping, and Investment Expenses***

Certain administrative expenses, and recordkeeping and investment fees including investment management and transaction fees, are paid by the Plan. Certain of those expenses are charged to participant accounts.

COSTCO PUERTO RICO RETIREMENT PLAN

Notes to Financial Statements (continued)

December 31, 2025 and 2024

(2) Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

(c) *Investment Valuation and Income Recognition*

The Plan invests in common collective commingled trusts and registered investment company funds that invest in a combination of stocks, bonds and other investment securities. The investments are reported at fair value as certified by the Plan's trustee. If available, quoted market prices are used to value investments.

Investment securities are exposed to risks, such as interest rate, credit and overall market volatility risks. Changes in the values of investment securities could occur, and those changes could materially affect the amounts reported in the statements of net assets available for benefits and participant balances.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the change in the fair value of assets from one period to the next, plus realized gains and losses.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Loans were not allowed under the Plan until January 1, 2024.

(e) *Distribution of Benefits*

Distributions of benefits are recorded when paid.

(f) *Subsequent Events*

The Plan monitors significant events occurring after the statement of net assets available for benefits date and prior to the issuance of the financial statements to determine the impacts, if any, of events on the financial statements to be issued. The Plan has evaluated subsequent events through the date which the financial statements are issued.

(3) Fair Value Measurement

U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is estimated by applying a fair value hierarchy, which requires maximizing the use of observable inputs. The three levels of inputs are:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.

COSTCO PUERTO RICO RETIREMENT PLAN

Notes to Financial Statements (continued)

December 31, 2025 and 2024

Level 3: Significant unobservable inputs that are not corroborated by market data.

Valuation techniques utilized during the reporting period were not changed from previous practice. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment company funds:

Valued at the closing price reported in the active market in which the individual securities are traded. These assets are valued using Level 1 inputs.

Common collective commingled trust funds:

The valuation techniques used to measure the fair values of the common collective commingled trust funds are based on quoted market prices, such as quoted net asset values (NAV) published by the fund as supported in an active market. Plan participant transactions of investment or withdrawals may occur on a daily basis. These funds are valued using Level 1 inputs.

The tables below present information regarding investments that are measured at fair value on a recurring basis and indicate the level within the hierarchy reflecting the valuation techniques utilized to determine fair value as of December 31, 2025, and 2024.

December 31, 2025:	Level 1 (in 000's)
Investments, at fair value:	
Registered investment company funds	\$ 34,908
Common collective commingled trust funds	109,338
Total investments	<u>\$ 144,246</u>
 December 31, 2024:	 Level 1 (in 000's)
Investments, at fair value:	
Registered investment company funds	\$ 53,168
Common collective commingled trust funds	65,176
Total investments	<u>\$ 118,344</u>

(4) Plan Termination

Although it has no present intent to do so, the Company has the right under the Plan at any time to discontinue its contributions and to terminate the Plan, subject to ERISA. In the event of termination, participants are 100% vested in their accounts.

(5) Tax Status

In a letter dated September 21, 2018, the PRTD informed the Company that the Plan was designed in accordance with applicable sections of the PRIRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the requirements of the PRIRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the PRIRC. The Plan Administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Notes to Financial Statements (continued)

(6) Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 C.F.R. 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statement of net assets available for benefits as of December 31, 2025, and 2024.
- Net appreciation of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments reflected on the schedule of assets (held at end of year).
- Notes receivable from participants reflected on the schedule of assets (held at end of year).

(7) Party-in-Interest and Related Party Transactions

Plan investments include shares of common collective commingled trust funds and registered investment company funds managed by T. Rowe Price Trust Company or T. Rowe Price Associates, Inc., which are affiliates of the recordkeeper for the Plan, T. Rowe Price Retirement Plan Services, Inc. These transactions qualify as exempt party-in-interest transactions.
