Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **LERROSARBEY, PLLC**

(2) EIN: **27-0855205**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

Independent Auditors' Report

To the Plan Administrator of
Our 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Our 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and December 31, 2024 (ongoing basis), and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Our 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Our 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Our 401(k) Plan approved the termination and liquidation of the plan on September 1, 2025, and management determined liquidation is imminent. As a result, the plan changed its basis of accounting from the going-concern basis of accounting used in presenting the December 31, 2024 statement of net assets available for benefits to the liquidation basis of accounting used in presenting the December 31, 2025 statement of net assets available for benefits and the related statement of changes in net assets available for benefits for the year then ended. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Our 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2025 and delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OUR 401(k) PLAN

Notes to Financial Statements

December 31, 2025 (in liquidation) and 2024 (ongoing basis)

1. Description of Plan

The following description of Our 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of TrueCore Behavioral Solutions, LLC (the "Company") and participating employers who have completed three months of service, as defined, and are age 21 or older, excluding union members whose employment is governed by a collective bargaining agreement, leased employees, and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Company management is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company has entered into an agreement whereby, Principal Trust Company (the "Custodian" has been appointed the Custodian of the Plan's assets. Under the terms of the agreement, the Custodian holds and invests the funds of the Plan.

Plan Termination:

Effective September 1, 2025, the Company exercised its right to terminate the plan, upon which all participants were immediately 100% vested in their accounts. All participant contributions to the Plan ceased on September 1, 2025. Final distributions are expected to be made as soon as administratively practicable after completion of required termination procedures.

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollovers, amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, at its discretion, contribute on behalf of each eligible participant a matching contribution based on a discretionary matching allocation formula relative to a participant's compensation contributed as an elective deferral contribution with respect to each Plan year. In addition, the Company may, at its discretion, make a non-elective contribution. The Company did not make a matching contribution or non-elective contribution with respect to the years ended December 31, 2025 and 2024. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Effective September 1, 2025, the Company exercised its right to terminate the Plan, upon which all participant contributions ceased.

Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Effective September 1, 2025, the Company exercised its right to terminate the Plan, upon which all participants were immediately 100% vested in their accounts.

(continued)

OUR 401(k) PLAN

Notes to Financial Statements

December 31, 2025 (in liquidation) and 2024 (ongoing basis)

1. Description of Plan (continued)

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Company matching contributions vest immediately. Non-elective contributions vest after three years. Effective with the September 1, 2025 termination of the Plan, all participants were immediately 100% vested in their accounts.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. A participant may have no more than two loans outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Effective September 1, 2025, the Company exercised its right to terminate the Plan, upon which the issuance of all participant loans ceased.

Payment of benefits:

Upon termination of service, retirement, disability, death, or other distributable event, participants may receive distributions in accordance with the Plan document. Effective with the September 1, 2025 termination of the Plan, all participants were immediately 100% vested in their accounts. Final distributions are expected to be made as soon as administratively practicable after completion of required termination procedures.

Forfeited accounts:

Forfeited accounts may be used to pay administrative expenses or reduce employer contributions. There were no nonvested forfeited account balances at either December 31, 2025 or 2024, nor were any forfeited account balances used during 2025 or 2024 to pay administrative expenses or reduce employer contributions.

SECURE Act 2.0:

On December 29, 2022, the Setting Every Community Up for Retirement Act ("SECURE") 2.0 Act of 2022 was signed into law as part of the Consolidated Appropriations Act, 2023. The SECURE 2.0 Act includes numerous reforms to retirement law intended to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and simplify and clarify retirement plan rules. As of December 31, 2025, and through August 13, 2026, the date the financial statements were available to be issued, Plan management believes Plan provisions conform with required SECURE 2.0 regulations.

2. Summary of Accounting Policies

Basis of accounting:

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). As discussed in Note 1, the Company exercised its right to terminate the Plan effective September 1, 2025, and management determined liquidation is imminent. As a result, the December 31, 2025 statement of net assets available for benefits and the related statement of changes in net assets available for benefits for the year then ended have been prepared using the liquidation basis of accounting, while the December 31, 2024 statement of net assets available for benefits has been prepared using the ongoing basis of accounting. Although liquidation was determined to be imminent during the Plan year ended December 31, 2025, the statement of changes in net assets available for benefits for the year ended December 31, 2025, is presented on the liquidation basis for the full year. Because the statements of net assets available for benefits as of December 31, 2025 and 2024, are prepared on different bases of accounting, corresponding amounts are not fully comparable.

(continued)

OUR 401(k) PLAN

Notes to Financial Statements

December 31, 2025 (in liquidation) and 2024 (ongoing basis)

2. Summary of Accounting Policies (continued)

Basis of accounting (continued):

Under the liquidation basis of accounting, assets are measured at the amount of cash or other consideration the Plan expects to collect in settling or disposing of those assets. Liabilities are recognized and measured in accordance with otherwise applicable accounting principles generally accepted in the United States of America. The Plan also accrues estimated costs expected to be incurred and estimated income expected to be earned during the expected liquidation period.

As of December 31, 2025, the Plan recognized estimated administrative costs to be incurred during liquidation of \$50,000, consisting primarily of expected trustee, recordkeeping, audit, legal, participant communication, and distribution processing costs. The Plan did not recognize any estimated income to be earned during the liquidation period because management does not have a reasonable basis to estimate future investment earnings through the end of liquidation due to market volatility, the nature of the Plan's investments, and uncertainty in the timing of liquidation and participant distributions. Investment income will be recognized as earned and realized during the liquidation period. Management estimates that liquidation will be substantially completed by December 31, 2026. Actual liquidation costs, income, and timing could differ from management's estimates.

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Significant estimates include the fair value of investments and the estimated costs to be incurred during the expected liquidation period. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Investment valuation and income recognition (continued):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding refund of excess contributions.

Payment of benefits:

Benefits are recorded when paid. Plan management believes amounts allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid were not significant at December 31, 2025.

(continued)

OUR 401(k) PLAN

Notes to Financial Statements

December 31, 2025 (in liquidation) and 2024 (ongoing basis)

2. Summary of Accounting Policies (continued)

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Under the liquidation basis of accounting, estimated administrative and termination costs expected to be incurred during the liquidation period are accrued in the accompanying Statement of net assets available for benefits as Accrued estimated expenses to be incurred during liquidation.

Subsequent events:

The Plan has evaluated subsequent events through August 13, 2026, the date the financial statements were available to be issued. See Note 9 for further discussion of subsequent events.

3. Information Certified by Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule of assets held at end of year, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments and dividends and interest income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodian.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under Accounting Standards Codification ("ASC") 820, "Fair Value Measurements", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

OUR 401(k) PLAN

Notes to Financial Statements

December 31, 2025 (in liquidation) and 2024 (ongoing basis)

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded.

Pooled separate accounts – Pooled separate accounts are valued on a net unit basis on the last business day of the plan year. The fair values of these investments are determined by reference to the respective pooled separate account's underlying assets, with the Custodian specifying the source(s) used for underlying investment asset prices. In the event that a pooled separate account's initial valuation is not deemed reasonable, the Custodian may make adjustments to achieve a value believed to be more reflective of fair value.

Group annuity contract – The fair value of the investment is determined based on the market approach. Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Any market value adjustments are based on formulas and schedules in the contract. The credited interest rate, account balance and formulas upon which payments may be based are defined in the contract.

Common collective trusts – Common collective trusts are valued based on the information reported by the investment advisor using the audited financial statements of the common collective trust at year-end. The Plan's investments in collective interest trusts are valued based upon the net asset value of units owned by the Plan at year-end. The fair value of the Plan's investments is based on the net asset values of the underlying open-end mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024, for investments measured at fair value on a recurring basis.

December 31, 2025 (in liquidation)	Fair Value Measurements

5. Group Annuity Contract

The Plan's investment in the group annuity contract is invested in the Principal Fixed Income Guaranteed Option ("PFIGO"), which is a guaranteed general account group annuity contract issued by Principal Life Insurance Company ("PLIC"). Under the group annuity contract, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes.

Under the contract, certain withdrawals and transfers may be restricted. Plan management does not consider the restrictions to be substantial in the context of the definition of a fully benefit-responsive insurance company contract under ASC 962, "Plan Accounting – Defined Contribution Plans" ("ASC 962") and therefore Plan management believes the contract meets the requirements for fully benefit-responsive contracts. As such, in accordance with ASC 962, the value of the contract would be reported at the contract value. Contract value represents the amount participants would normally receive if they were to initiate a benefit-responsive transaction under the terms of the ongoing Plan and is generally calculated as the sum of contributions made under the contract plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. However, due to the September 1, 2025 termination of the Plan (see Note 1) and the resulting planned liquidation of the investment, the PFIGO is reported in the accompanying Statements of net assets available for benefits at fair market value, which approximates contract value at December 31, 2025 and 2024.

Interest is credited at a declared interest rate. The net credit rate is after the deduction of fees for administrative and recordkeeping services. Interest crediting rates are reviewed on a semi-annual basis for resetting. The rate credited to accounts is a composite weighted average of underlying guarantees provided in the contract. The target average maturity of the underlying guarantees of the PFIGO is two to four years.

The guarantees are supported by the assets in PLIC's general account and are based on the financial strength of PLIC.

Transfers into or out of the contract, including for retirement, termination of employment, disability, plan termination, death, loans, and withdrawals, as allowed by the Plan, generally do not incur surrender charges. Termination of the Plan's interest is subject to a 12-month advance notice or a 5% surrender charge calculated using the 12-month average value of the Plan's interest in the contract. The authorized Plan representative chooses the termination provision for liquidation. Notice of termination of the Plan's interest in the contract was provided to Principal concurrent with the termination of the Plan on September 1, 2025.

6. Related Party Transactions

Certain Plan investments and related transactions were in investment funds managed by the Plan's Custodian and, therefore, these investments and transactions qualify as party-in-interest transactions. The notes receivable from participants are also considered to be party-in-interest transactions. These transactions are not considered prohibited by statutory exemptions under ERISA.

7. Tax Status

The Company has adopted a preapproved plan document that has received a favorable tax determination letter from the IRS dated June 30, 2020, stating that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan itself has not received a determination letter and the prototype plan has been amended since receiving that determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt.

The Plan was not in compliance with certain IRS non-discrimination tests for the years ended December 31, 2025 and 2024. The noncompliance is corrected through a refund of excess 401(k) contributions contributed by "highly compensated" employees. Such refunds are reflected in the accompanying Statements of net assets available for benefits as Excess contributions payable.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of net assets available for benefits.

The Plan's liquidation process is subject to administrative, regulatory, participant communication, distribution, and market risks. Actual liquidation costs and timing of participant distributions may differ from management's estimates. Management believes the likelihood is remote that the termination and liquidation will be blocked by the Internal Revenue Service or another party.

9. Subsequent Events

In July 2026, the Company identified that for the Plan year ended December 31, 2025, certain participant deferral election increases had been excluded in error. Accordingly, in July 2026, the Company contributed on behalf of the affected employees a portion of the amounts that would have been deferred by those employees, plus lost earnings calculated thereon. A total of \$7,969 was contributed by the Company in July 2026 for such amounts. Such amount was accrued as Employer contributions receivable at December 31, 2025, in the accompanying Statement of net assets available for benefits.

Subsequent to December 31, 2025, through August 13, 2026, the date the financial statements were available to be issued, the Plan earned investment income of approximately \$156,000 and made distributions of approximately \$415,000. Management expects the remaining Plan assets to be distributed as soon as administratively practicable after completion of required termination procedures.
