Plan Administrator of
Ritchey Management II, LLC 401(k) Plan
Collierville, TN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Ritchey Management II, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical

responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

The following brief description of Ritchey Management II, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan, established on May 1, 2007, and restated effective January 1, 2022, is a defined contribution 401(k) profit sharing plan covering employees of Ritchey Management II, LLC (the “Company”, the “Plan Sponsor”) and related companies who have met the Plan’s eligibility requirements. Employees are eligible to participate in the Plan upon the attainment of three months of service; there is no minimum age requirement. Eligible participants may enter the Plan on the first day of the month coinciding with or next following the date the eligibility requirements have been met. Service with entities acquired by the Company is counted for eligibility and vesting purposes.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, referred to as ERISA. The trustee is responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan complied with ERISA's fidelity bond compliance requirements for the years ended December 31, 2025 and 2024.

John Hancock Life Insurance Company (U.S.A.) is the Plan's custodian and is responsible for investing and managing the Plan assets (subject to the direction of the Plan participants and trustee oversight). Plan assets are held under a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.).

Plan Amendments

During 2025, the Plan Sponsor executed Amendment No. 2 to the Plan, effective January 1, 2026, which revises the Plan's in-service withdrawal and hardship provisions (permitting hardship and age-59½ in-service withdrawals from elective deferral, vested employer matching, and rollover accounts, with age-59½ withdrawals limited to two per year and a \$1,000 minimum). The Plan Sponsor also adopted a Roth catch-up contribution correction policy in advance of the SECURE 2.0 Act requirement, effective January 1, 2026, that catch-up contributions for certain highly paid individuals be made on a Roth basis. These changes had no effect on the 2025 plan year.

Contributions

Participant contributions: Plan participants may voluntarily contribute, on a pre-tax or post-tax basis (Roth), any amount of their qualified annual compensation, as defined by the Plan, up to the Internal Revenue Code (IRC) maximum limits. Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions. The maximum allowable voluntary contribution, as determined by the Internal Revenue Service (IRS), was \$23,500 with a maximum catch-up contribution of \$7,500 for 2025 (\$23,000 and \$7,500 for 2024). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). All contributions are held under the Plan's group annuity contract and invested by the Plan's custodian in accordance with the options elected by the participants (i.e., all investments are participant directed).

Employer contributions: The Plan Sponsor matches 50% of the amount contributed by the participant, up to 4% of pay. The Plan permits rollover contributions from other qualified plans; however, rollover contributions are not eligible for the Plan Sponsor matching contribution.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and related employer contributions. Plan earnings are allocated based on participant account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the vested portion of the participant's account. Participant accounts are valued on a daily basis.

Forfeitures are used to reduce the Plan Sponsor's matching contributions and may also be used to pay plan expenses or restore participant accounts. There were \$76,205 in forfeitures used to reduce employer contributions for the year ended December 31, 2025 (\$41,811 for 2024).

Vesting

Each participant is 100% immediately vested in salary reduction amounts contributed to the Plan plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Benefits and Distributions Upon Termination of Employment

Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan for the following reasons: termination of employment for reasons other than death, disability, or retirement; normal retirement; disability; or death. Benefits are recorded when paid. Normal retirement age is 65 and the Plan currently has no early retirement provision. Participants become 100% vested in all of their accounts under the Plan once the Normal Retirement Age is attained; however, the actual payment of benefits generally will not begin until participants have terminated employment and reached the Normal Retirement Age. Distributions under the Plan may be made in lump sums or partial withdrawals. Hardship distributions are permitted upon demonstration of financial hardship. Terminated participants with vested account balances of \$5,000 or less may be involuntarily distributed; such mandatory distributions greater than \$1,000 are automatically rolled over to an individual retirement account for the benefit of the participant.

Distributions Prior to Termination (“In-Service” Distributions)

Participants are entitled to receive an in-service distribution; however, this distribution is not in addition to other benefits and therefore reduces the value of the benefits received at retirement. This distribution is made at the participant's election. To receive an in-service distribution, participants must be of age 59½ and the amount can only be made from accounts which are 100% vested. Effective January 1, 2026, in-service withdrawal provisions were revised as described under Plan Amendments above.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms shall not exceed 5 years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Only one loan may be outstanding at a time.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Other administrative service fees may be charged to participant accounts or paid from plan assets and are separately disclosed in the accompanying financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Additional fees are charged to participants based on their use of certain plan features. For the year ended December 31, 2025, there were \$86,849 in administrative service fees charged to participant accounts or paid from plan assets (\$70,331 for 2024).

Investment Options

Plan investments are participant directed. The Plan includes numerous investment funds. All funds are mutual funds that are offered through John Hancock Life Insurance Company. Participants may currently invest in all of the funds.

Excess Contributions

The Plan did not satisfy the nondiscrimination requirements of IRC Section 401(k) for the 2024 plan year; during 2025, the Plan distributed \$47,921 of 2024 excess contributions and related earnings to affected participants. These corrective distributions are included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits. The Plan also did not satisfy the nondiscrimination requirements of IRC Section 401(k) for the 2025 plan year; corrective distributions of \$44,186 were made to affected highly compensated participants in March 2026 and will be included in benefits paid to participants in the 2026 plan year. Related excess matching contributions were forfeited.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Presentation of Financial Statements/Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accordingly, income is recorded in the year earned and expenses are recorded in the year incurred.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, as well as disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and is presented in the aggregate.

Notes Receivable

Notes receivable from participants are recorded at amortized cost plus accrued, but unpaid, interest. No allowance for losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the plan document.

Date of Management's Review

The plan sponsor evaluated the December 31, 2025 financial statements for subsequent events through August 13, 2026, the date the financial statements were available to be issued. See Plan Amendments and Excess Contributions disclosures in Note 1. Management is not aware of any other subsequent events that would warrant financial statement disclosure.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value of assets and liabilities is determined by using a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity, and the reporting entity's own assumptions about market participant assumptions based on the best information available in the circumstances.

The three levels of the fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and inputs derived principally from or corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31:

Mutual Funds: Valued at the closing price reported on the active market on which the individual funds are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value hierarchy for the balances of assets of the Plan measured at fair value on a recurring basis:

December 31, 2025				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 15,555,057</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,555,057</u>
December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 13,820,587</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,820,587</u>

All of the Plan's investments are mutual funds classified as Level 1 within the fair value hierarchy. There were no transfers between levels of the fair value hierarchy and no Level 3 assets during the years ended December 31, 2025 or 2024. Notes receivable from participants are measured at amortized cost and are not included in the fair value hierarchy.

NOTE 4 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian, John Hancock Life Insurance Company (U.S.A.), has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- The schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan has not obtained a separate determination letter from the Internal Revenue Service (IRS) stating that the Plan was compliant with the applicable requirements of the Internal Revenue Code (IRC). The Plan is relying on the IRS approval of the pre-approved prototype plan that it is utilizing. The IRS has opined and informed the document provider by a letter dated May 11, 2021 that the prototype plan was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

Generally accepted accounting principles (GAAP) requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan had no uncertain income tax positions as of December 31, 2025. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

John Hancock Life Insurance Company (U.S.A.) manages the plan investments. John Hancock Life Insurance Company (U.S.A.) is the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Certain administrative expenses paid directly by the plan sponsor also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provisions of ERISA and the Internal Revenue Code. Some fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Statements of Net Assets Available for Benefits.
