INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Century Fasteners Corp. Employees' Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Century Fasteners Corp. Employees' Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of October 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended October 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of October 31, 2025 and 2024, and for the year ended October 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Century Fasteners Corp. Employees' Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Century Fasteners Corp. Employees' Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Century Fasteners Corp. Employees' Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Century Fasteners Corp. Employees' Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4i - Schedule of Assets (Held At End of Year) as of October 31, 2025, and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended October 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CENTURY FASTENERS CORP. EMPLOYEES'
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan:

The following description of the Century Fasteners Corp. (the “Company” and “Plan Sponsor”) Employees’ Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Certain employees, as defined, are eligible to participate on the first day of the Plan year or the first day of the seventh month of the Plan year following the completion of one year of service and the attainment of twenty-one years of age.

Plan Administration - The Plan is administered by the Plan Sponsor. The Plan’s assets are held by Principal Trust Company (the “Trustee”), who is responsible for the custody and management of the Plan’s assets.

Eligibility - Employees of the Company are eligible to participate in the Plan upon attaining age 21 and completing 1,000 Hours of Service within a 12-month period, measured from the employee's date of hire. The date on which an employee may enter the Plan is the November 1 or May 1 coinciding with or following the date an employee satisfies eligibility requirements.

Contributions - Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of Code Section 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Each year, the Company has the option of making matching contributions to participating employees based on discretionary amounts. In addition, the Company may elect to make a profit-sharing contribution to all employees meeting the eligibility requirements, allocated based on a maximum of 5.7% of a participant's compensation up to the Social Security taxable wage base, plus a maximum of 11.4% of compensation in excess of that amount. The Company elected to make a \$300,000 profit sharing contribution for the year ended October 31, 2025, and did not elect to make a matching contribution for the year. The \$300,000 contribution had not been remitted to the Plan as of October 31, 2025, and is reflected as a contribution receivable in the accompanying statement of net assets available for benefits.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s profit sharing and matching contribution portions of their accounts is based on years of continuous service and reaching 1,000 hours of service within a 12-month period. A participant becomes vested at a rate of 20% per year after the second year, becoming fully vested after six years of service.

Participant Accounts - Each participant’s account is credited/charged with the participant’s contribution and allocations of (a) the Company’s contributions, if any, (b) Plan earnings/(losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings/(losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**CENTURY FASTENERS CORP. EMPLOYEES'
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits - Upon termination of service due to death, disability, retirement, or other separation from service, a participant, or his or her designated beneficiary in the case of death, is entitled to the value of the participant's vested interest in his or her account. If the vested account balance exceeds \$7,000 as of the date of distribution, the participant (or beneficiary) may elect at any time to receive the benefit as a single-sum payment or in partial payments; if no election is made, the balance remains in the Plan. Once a distribution is elected, if no form of payment is specified, the benefit is paid as a single sum. If the vested account balance is \$7,000 or less, the benefit is automatically distributed: balances greater than \$1,000 are rolled over directly to an individual retirement account unless the participant elects otherwise, and balances of \$1,000 or less are paid directly to the participant in a single sum.

Prior to termination of service, a participant who has attained age 59½ may withdraw all or a portion of his or her vested account at any time. A participant who has not attained age 59½ may withdraw amounts attributable to 401(k) elective deferral contributions upon demonstrating a financial hardship, as defined by the Plan.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeitures are then eligible to be used to pay Plan administrative expenses, reduce future employer contributions to the Plan, or be reallocated to participants' accounts. At October 31, 2025 and 2024, forfeited non-vested accounts totaled \$0 and \$1,080, respectively. During the Plan year ending October 31, 2025, the Company utilized approximately \$3,500 of forfeitures to pay for Plan administrative expenses.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the loan remains unpaid as of the end of the calendar-year quarter following the calendar-year quarter in which a payment was due, the loan is deemed to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

**CENTURY FASTENERS CORP. EMPLOYEES'
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Recordkeeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Asset fees and investment advisory fees are paid by the Plan and are also included in administrative expenses. Professional fees of the Plan are paid by the Company. Investment related expenses are included in net appreciation of fair value of investments.

Benefit Payments - Benefits are recorded when paid.

Hardship Withdrawals - The Plan provides for hardship withdrawals from the participant's elective deferral account, not to exceed an amount required to meet an immediate need created by hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include qualified medical expenses, costs related to the purchase of a principal residence or to prevent eviction from or foreclosure on the participant's primary residence, tuition and related educational expenses, funeral or burial expenses, expenses to repair damage to the participant's primary residence, expenses and losses due to a disaster declared by the Federal Emergency Management Agency, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service ("IRS") rules and regulations.

Subsequent Events - The Plan Administrator has reviewed and evaluated all events and transactions from October 31, 2025, through August 17, 2026, the date the financial statements were available to be issued. The effect of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

Effective November 1, 2025, the Plan was amended to add an automatic enrollment feature. Under this provision, eligible employees who do not make an affirmative deferral election, including existing participants who had not elected to defer as of the amendment's effective date, are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation. This amendment was adopted subsequent to the Plan's fiscal year end and did not impact the accompanying financial statements as of and for the year ended October 31, 2025.

Note 3 - Certified Investment Information:

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee of the Plan, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- a) Investments, as shown in the Statements of Net Assets Available for Benefits as of October 31, 2025 and 2024.
- b) Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended October 31, 2025.
- c) Investment information included in the Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2025, as shown on the ERISA-required supplemental schedule of assets (held at end of year).

**CENTURY FASTENERS CORP. EMPLOYEES'
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

Note 4 - Collective Investment Trust:

The Plan invests in investment contracts through its collective investment trust ("CIT"). The CIT's fair value is a relevant measurement attribute. The CIT held by the Plan is a stable value investment which has an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective the fund invests primarily in synthetic guaranteed investment contracts and cash equivalents. Redemptions are allowed for participants daily, however, in the event of a complete redemption, the Plan is subject to a one year redemption notice period which may be waived by the Trustee. There are no unfunded commitments at October 31, 2025 and 2024.

Note 5 - Fair Value Measurements:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**CENTURY FASTENERS CORP. EMPLOYEES'
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2025 and 2024.

- *Mutual Funds*: Valued at the closing price in the active market in which the fund is traded.
- *Collective Investment Trust*: Valued at the net asset value (“NAV”) of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All collective trusts utilize NAV as the practical expedient to valuing the investment upon sale (See Note 4).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as follows:

<i>Investments at Fair Value as of October 31, 2025</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 17,312,614	\$ -	\$ -	\$ 17,312,614
Total investments in fair value hierarchy	<u>\$ 17,312,614</u>	<u>\$ -</u>	<u>\$ -</u>	17,312,614
Investments measured at net asset value (a)				1,229,173
Total investments at fair value				<u>\$ 18,541,787</u>

<i>Investments at Fair Value as of October 31, 2024</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 15,118,642	\$ -	\$ -	\$ 15,118,642
Total investments in fair value hierarchy	<u>\$ 15,118,642</u>	<u>\$ -</u>	<u>\$ -</u>	15,118,642
Investments measured at net asset value (a)				825,392
Total investments at fair value				<u>\$ 15,944,034</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended October 31, 2025, and 2024, there were no significant transfers in or out of levels 1, 2, or 3.

Note 6 - Risks and Uncertainties and Concentration of Investment Risk:

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan's investment in three funds comprises approximately 62% and 63% of total investments at October 31, 2025 and 2024, respectively.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' contributions remain fully vested and Company contributions, if any, become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 8 - Notes Receivable from Participants:

Participants may borrow from their individual account balances in accordance with Plan provisions. The minimum loan granted is \$1,000 and the maximum of one-half of a participant's vested account balance, or \$50,000, whichever is less. Loans are permitted from all contribution type account balances except for employer profit sharing contributions, and participants are limited to a maximum of two loans outstanding at the same time. Loans bear interest at the prime rate plus 1% and are collateralized by the participant's account balance. Loans are generally payable through payroll deductions within five years, except that loans used to purchase a participant's principal residence may be repaid over a period not to exceed ten years; however, prepayment is allowed in accordance with the terms of the Plan's loan agreement.

Note 9 - Tax Status:

The Plan was written on an IRS non-standardized pre-approved document, which obtained its latest opinion letter on June 30, 2020 in which the IRS stated that the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

**CENTURY FASTENERS CORP. EMPLOYEES'
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 10 - Party-In-Interest:

The Trustee administers the Plan's investments which include various mutual funds and a collective investment trust, and Bridgehaven Fiduciary Partners provides investment advisory services and is a fiduciary of the Plan, therefore, fees paid for such services qualify as party-in-interest transactions. Administrative expenses paid to the Trustee and to Bridgehaven Fiduciary Partners by the Plan totaled approximately \$75,000 in 2025.

Note 11 - Prohibited Transactions:

During the Plan year ended October 31, 2024, the Company remitted late participant contributions to the Plan totaling \$21,981, which represents 3 pay periods. As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which the amounts are withheld from wages. During the Plan year ended October 31, 2026, the Company will make additional contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays, totaling approximately \$148.
