Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the AFL-CIO Appalachian 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of October 31, 2025 and 2024, and the related statements of changes in net assets available for benefits – modified cash basis for the year ended October 31, 2025, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of October 31, 2025 and 2024, and for the year ended October 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Schedules Required by ERISA

The supplementary schedules of assets (held at end of year) as of October 31, 2025 and schedule of delinquent contributions for the year ending October 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOLs' Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOLs' Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the AFL-CIO Appalachian Council, Inc. (Company) 401(k) Plan (formerly, the AFL-CIO Council Collectively Bargained 401(k) Plan) (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of AFL-CIO Appalachian Council, Inc., Human Resource Development Foundation, Inc. (HRDF/HRDE), West Virginia AFL-CIO, Inc. (AFL-CIO), and their affiliated entities (collectively, the Employers). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The effective date of the Plan is April 1, 2023. Management controls and manages the operations of the Plan. For the period April 1, 2023 through August 19, 2024 Ameriserve Trust and Financial Services Company served as Trustee of the Plan. Effective August 20, 2024 Principal Trust Company served as Trustee of the Plan.

Employees of the Company and its affiliated entities and AFL-CIO are eligible to participate on the first day of their employment with the employer. Employees of HRDF/HRDE and its affiliated entities are eligible to participate after completing a probationary period as defined through a collectively bargained agreement. An employee remains a participant in the Plan until termination of employment.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the employers' contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to benefit payments and allocations of administrative expenses. Allocations of earnings and expenses are based on each participant's account balance in relation to the total balance for each fund at the beginning of the allocation period. The employers make contributions on behalf of participants who are employed by them in accordance with the Plan's policies.

Contributions

Participants may voluntarily contribute up to 100% of their compensation earned on a pre-tax basis while participating in the Plan. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The voluntary contributions may be withdrawn from the Plan at the discretion of the employee. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

AFL-CIO and its affiliated entities contribute 10% of the compensation of employees eligible to participate in the plan. HRDF/HRDE and its affiliated entities contribute 10% of the compensation of employees eligible to participate in the Plan who were employed prior to December 14, 1988 and makes a contribution on behalf of its employees eligible to participate in the Plan who were employed on or after December 14, 1988 in accordance with years of service ranging from 4% for less than one year of service and increasing 2% annually to a maximum rate of 10%.

Vesting

All participants are 100% vested in their account upon entry into the Plan.

AFL-CIO Appalachian Council 401(k) Plan
Notes to Financial Statements
October 31, 2025 and 2024

Notes Receivable from Participants

Effective October 1, 2024, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate commensurate with local prevailing rates as determined by the Plan Administrator. At October 31, 2025, outstanding loans bore interest rates of 9.25%-10%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments over a fixed year period. Upon termination of service for other reasons, a participant may receive the value of the vested interest in their account only as a lump-sum distribution. Hardship distributions are permitted upon demonstration of financial hardship. In-service distributions of vested account balances are allowed for those participants who have reached age 59½.

Note 2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the modified cash basis of accounting, an accounting practice permitted by the Department of Labor (DOL). This method includes recording of Plan assets at fair value, the recording of pending trades and receivables for participant and employer contributions but excludes the recording of interest and dividends receivable on investments and accrued expenses. The effect of these items has not been determined. This practice differs in some respects from accounting principles generally accepted in the United States of America, which require that the financial statements be prepared on an accrual basis. Accordingly, the accompanying financial statements are not intended to present the financial position and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a settlement-date basis. Interest and dividend income, if any, is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

AFL-CIO Appalachian Council 401(k) Plan
Notes to Financial Statements
October 31, 2025 and 2024

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific transactions (benefit payments and notes receivable from participants) are charged directly to the participants' accounts.

Subsequent Events

The Plan has evaluated subsequent events through August 14, 2026, the date the financial statements were available to be issued.

Note 3. Unaudited Information Certified by Trustees

The accompanying financial statements include the following unaudited information as of October 31, 2025 and 2024 and for the year ended October 31, 2025, that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

	<u>2025</u>	<u>2024</u>
Investments	\$ 10,449,584	\$ 10,568,487
Notes receivable from participants	\$ 82,222	\$ 30,854
Net appreciation in fair value of investments	\$ 1,288,138	
Interest and dividend income	\$ 233,212	
Interest income on notes receivable from participants	\$ 4,694	

The certification mentioned above includes all investment information discussed in Note 4.

Note 4. Fair Value Measurements

Fair value is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Assets and liabilities are classified under a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement

AFL-CIO Appalachian Council 401(k) Plan
Notes to Financial Statements
October 31, 2025 and 2024

requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the periods presented.

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value (NAV) per share provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

Money market funds

These funds are valued using \$1 for the NAV. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of October 31, 2025 and 2024.

Assets at Fair Value as of October 31, 2025			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 10,412,183</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value (a)			<u>37,401</u>
Investments at fair value			<u>\$ 10,449,584</u>

Assets at Fair Value as of October 31, 2024			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 10,456,724</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value (a)			<u>111,763</u>
Investments at fair value			<u>\$ 10,568,487</u>

AFL-CIO Appalachian Council 401(k) Plan
Notes to Financial Statements
October 31, 2025 and 2024

(a) *In accordance with the modified cash basis of accounting, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of October 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at October 31, 2025	Fair Value at October 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	\$ -	\$ 31,233	None	Daily	12 months
Money market funds	37,401	80,530	None	Daily	None
	<u>\$ 37,401</u>	<u>\$ 111,763</u>			

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Principal Life Insurance Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator and plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

The modified basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of October 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$16,309 were not remitted within the required time period for the year ended October 31, 2025.

Note 7. Exempt Party-In-Interest Transactions

Certain investments of the Plan are various funds managed by Principal Trust Company, the trustee as defined by the Plan. Such investments, therefore, qualify as exempt party-in-interest transactions.

The Company pays certain administrative expenses on behalf of the Plan, including legal and accounting fees. Other administrative services are provided by the Company at no cost to the Plan. Fees paid by the Plan to the trustees or their affiliates for administrative services and investment holding period fees were \$41,252 for the year ended October 31, 2025. Investment advisory fees paid by the Plan were \$37,415 for the year ended October 31, 2025. Other administrative fees charged to the Plan include auditor and ERISA bonding fees.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits – modified cash basis.
