Report of Independent Auditors

To the Plan Participants and Plan Administrator of Polaris 401(k) Retirement Savings Plan

Opinion

We have audited the financial statements of Polaris 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions,

**Shape the future
with confidence**

including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

POLARIS 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

1. Description of the Plan

The following description of the Polaris 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering the majority of the employees of the Plan's sponsor, Polaris Industries Inc. (the "Company"), and certain U.S. subsidiaries of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Participant Loans. Participants may apply for loans from the Plan up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loans must be paid back within five years; however, this period may be extended to fifteen years if the loan is used for the acquisition of a primary residence. The interest rate charged on loans is the Prime Rate plus 1%.

Plan Operations. No administrative costs were paid by the Company for the plan year ended December 31, 2025. Certain administrative costs totaling \$37,466 were paid by the Company for the plan year ended December 31, 2024. Administrative costs paid by the Company include trustee/asset custodian fees, record-keeping fees, and investment management fees. For the plan years ended December 31, 2025 and 2024, certain administrative costs totaling \$371,096 and \$105,734, respectively, were paid by the Plan using previously forfeited amounts or revenue credits in accordance with Plan terms and applicable law. A quarterly plan administrative fee is deducted directly from participant accounts.

Plan Administration. The Plan's trustee is Fidelity Management Trust Company (the "Trustee"). The Plan is administered by the Polaris Retirement Plan Committee.

Participant Accounts. Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings, as defined, are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions. Participants may elect to make contributions in whole percent increments of 1% to 50% of the participant's compensation, as defined in the Plan document, up to the annual contribution limit established by the Internal Revenue Service ("IRS") of \$23,500 and \$23,000 for 2025 and 2024, respectively. Participants age 50 or older may elect to make catch-up contributions in excess of the IRS limits stated above. The annual catch-up contribution limit established by the IRS was \$7,500 for 2025 and 2024. Once eligible, employees who have not made a retirement savings election shall be automatically enrolled to participate in the Plan at the automatic enrollment percentage (currently 5%).

The Company will make a fully vested matching contribution to each participant's account in the Plan of 100% of each dollar of 401(k) contributions (other than a participant's catch-up contributions), up to 5% of covered compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by IRS regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made to the Plan.

The Plan includes a discretionary true-up feature, which, if made allows the Company to make up for any missed matching contributions resulting from the difference between the per payroll calculation performed throughout the year and the annualized amount. The true-up for a given plan year is performed in the following plan year and compares the maximum matching contributions that could have been received under the match formula against the matching contributions that were actually made. The 2025 plan year true-up amount of \$1,773,834 was reflected as employer contribution receivable in the statement of net assets available for benefits and was included as a component of employer contributions in the statement of changes in net assets available for benefits for the plan year ended December 31, 2025. There was no discretionary true-up contribution related to the 2024 plan year.

Investment Options. The investment options of the Plan at December 31, 2025 and 2024 consisted of deposits with two funds managed by the Trustee, 29 externally managed funds, Polaris Inc. common stock, and a self-directed brokerage option. Participants elect to have their account balances invested in one or more of the investment options and may change their investment mix daily via a voice response system or the internet.

Vesting. Participants are immediately vested in their contributions and employer contributions, including actual investment earnings thereon.

Distributions to Participants. Employee account balances are distributable upon retirement, disability, death or termination from the Company. Upon the occurrence of one of these events, a participant (or the participant's beneficiary in the case of

death) may receive his or her account balance as a full or partial distribution or in installments, in accordance with Plan provisions. In-service withdrawals are permitted upon attainment of age 59 1/2 or for financial hardship in accordance with Plan provisions.

Terminated participants with account balances of \$1,000 or less will receive a lump-sum cash payment as soon as administratively practicable following the participant's employment termination. Terminated participants with account balances of \$1,000 to \$7,000 will receive a lump-sum cash payment as soon as administratively practicable following termination or can elect to have the Plan Administrator pay the distribution in a direct rollover to an eligible retirement plan of their choosing; if no election is made, the distribution will be rolled over to an individual retirement account designated by the Plan Administrator. In addition to these options, terminated participants with account balances in excess of \$7,000 may also elect to delay distributions to a later date.

2. Significant Accounting Policies and Procedures

Plan Amendment and Termination. The Company has the right to amend or terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, all assets of the Plan will be distributed to participants in accordance with Plan provisions.

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition. Investments of the Plan are stated at fair value. See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

3. Fair Value Measurement

Accounting Standards Codification Topic 820 ("ASC 820") defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires classification based on observable and unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

The following is a description of the valuation techniques and inputs used for significant classes of assets measured at fair value:

Common stock - Valued at the closing price reported on the active market on which the individual securities are traded.

Interest-bearing cash - Valued at cost, which approximates fair value.

Mutual funds and money market funds - Valued at the net asset value of shares held by the Plan at year-end based on publicly traded values for the funds.

Self-directed brokerage assets - The self-directed brokerage assets consist primarily of common stock and mutual funds, which are valued at the closing price reported on the active market on the last business day of the year, and cash, which is recorded at cost, which approximates fair value.

Common collective trust funds - Valued at the net asset value provided by the administrator of the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis are summarized below:

	Fair Value Measurement as of December 31, 2025			
	Total	Level 1	Level 2	Level 3

Total	<u>\$ 1,108,172,985</u>	<u>\$ 1,108,172,985</u>	<u>—</u>	<u>—</u>

4. Tax Status

The Plan has received a determination letter from the IRS dated December 4, 2015, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Party-in-Interest Transactions

The Plan holds units of mutual funds managed by the Trustee. The Plan also invests in Polaris Inc. common stock. These qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. The fair value of Polaris Inc. common stock was \$13,738,232 and \$8,867,204 as of December 31, 2025 and 2024, respectively. The Plan received \$544,918 and \$411,004 in common stock dividends from the Company during 2025 and 2024, respectively.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

7. Transfers in from ESOP

The Polaris Inc. Employee Stock Ownership Plan ("ESOP") allows participants to diversify part of their ESOP account via transfer into the Plan, if they have at least five years of ESOP participation and have attained age 40. Transferred funds follow the Plan's existing withdrawal provisions. The total amount transferred into the Plan from the ESOP for the years ended December 31, 2025 and 2024 was \$1,142,573 and \$1,863,329, respectively.

8. Subsequent Events

Management evaluated events for the Plan through June 17, 2026, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or financial statement disclosures.
