(1) Name: **PBMARES, LLP**

(2) EIN: **54-0737372**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☒		
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	☒		
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	☒		

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee
LS Technologies Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LS Technologies Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 16, 2025 (in liquidation) and December 31, 2024, the related statement of changes in net assets available for benefits for the period January 1, 2025 through October 16, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 16, 2025 and December 31, 2024, and for the period January 1, 2025 through October 16, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 7 to the financial statements, the Managing Member of LS Technologies, LLC, the Plan's sponsor, voted on September 26, 2025, to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

LS TECHNOLOGIES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the LS Technologies Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was a non-standardized 401(k) profit sharing plan covering substantially all eligible employees of LS Technologies, LLC (the Plan Sponsor) who were at least 18 years old and had completed 90 days of service for the elective deferral and safe harbor match and 12 months of service for the employer match. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees was responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Effective January 1, 2023, the Plan was amended and restated to change the formula for the Plan's safe harbor contribution match.

Effective January 31, 2024, Tetra Tech, Inc. acquired all membership interests of the Plan Sponsor for an aggregate cash purchase price of \$80 million plus total earn-out payments and the tax gross-up amount.

Effective July 26, 2024, the Plan changed its trustee from Keith Wallace to Jim Little.

Effective September 30, 2025, the Plan was terminated. See Note 7 for further information regarding the Plan termination.

Contributions: Each year, participants could contribute up to 100% of pretax annual compensation, as previously defined in the Plan, limited to the maximum amount allowed by law. Participants were eligible to make catch-up contributions, as allowed by law. Participants were able to contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor made a safe harbor matching contribution equal to 100% of salary deferrals that did not exceed 4% of the participant's compensation, as well as a discretionary profit sharing contribution that was determined by the Plan Sponsor. During the period January 1, 2025 through October 16, 2025, the Plan Sponsor made no profit sharing contribution to the Plan.

Vesting: As a result of the decision to terminate the Plan during the period January 1, 2025 through October 16, 2025, all participants became fully vested in their account balances.

Payment of benefits: Benefits were payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals were permitted, subject to provisions described in the plan document. Benefits were payable in lump sum payments.

Participant accounts: Each participant's account was credited with the participant's contributions, the Plan Sponsor's contributions, and an allocation of the investment earnings and losses. Allocations of the investment earnings and losses were based on account balances in the various investment options. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

LS TECHNOLOGIES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Participant investment options: Participants directed their salary deferral contributions to selected investments as made available and determined by the Plan Sponsor. Participants could change their investment options at each payroll period throughout the year via phone or internet access.

Forfeited accounts: Forfeited balances of terminated participants' nonvested accounts were first used to pay administrative expenses and then were used to reduce future employer contributions. There were no forfeited nonvested accounts at October 16, 2025 and December 31, 2024.

Notes receivable from participants: Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates that the Plan Administrator established in a nondiscriminatory manner. As of October 16, 2025, there were no outstanding loans. Principal and interest was paid ratably through biweekly payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: Due to the decision to terminate the Plan during 2025, management determined that liquidation of the Plan is imminent and the financial statements for 2025 have been prepared using the liquidation basis of accounting. The 2024 financial statements were prepared as a going concern on the accrual basis of accounting.

Contributions: Contributions from Plan participants and the related matching contributions from the employer were recorded in the year in which the employee contributions were withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could have differed from those estimates.

Valuation of investments: There were no investments remaining at October 16, 2025.

All investments (except for fully benefit-responsive investment contracts) on the 2024 Statement of Net Assets Available for Benefits were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

At December 31, 2024, fully benefit-responsive investment contracts were reported at contract value.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities were recorded on a settlement-date basis. Interest income and dividends, if any, were recorded on the liquidation basis for 2025, including amounts expected to be earned through the final liquidation.

LS TECHNOLOGIES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants were measured at their unpaid principal balances plus any accrued interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses when they were incurred. No allowance for credit losses was recorded as of October 16, 2025 and December 31, 2024. Delinquent loans were recorded as distributions on the basis of the terms of the Plan agreement.

Payment of benefits: Benefits were recorded when paid.

Expenses: Certain expenses incurred maintaining the Plan were paid directly by the Plan Sponsor and were excluded from these financial statements. Investment-related expenses were included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through August 17, 2026, the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by the Custodian

The investment balances, activity and transactions information contained in the statement of net assets available for benefits as of October 16, 2025 (in liquidation) and December 31, 2024, statement of changes in net assets available for benefits for the period January 1, 2025 through October 16, 2025 (in liquidation), and notes to the financial statements, other than the assigned fair value hierarchy as summarized in Note 4 of these financial statements, have been derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal), the custodian of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodians, except for comparing such information certified by the custodian to information included in the Plan's financial statements.

The following information included in the accompanying financial statements as of October 16, 2025 (in liquidation) and December 31, 2024, and for the period January 1, 2025 through October 16, 2025 (in liquidation), was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 16, 2025 and December 31, 2024.

Common collective trust: Valued at fair value based on information reported in the audited financial statements of the common collective trust at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year end, determined using observable inputs.

The preceding methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 16, 2025 and December 31, 2024. Classification within the fair value hierarchy table was based on the lowest level of any input that was significant to the fair value measurement:

Assets at Fair Value as of October 16, 2025				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ -	\$ -	\$ -	\$ -
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value (a)				-
Total investments, at fair value				\$ -

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 13,290,207	\$ -	\$ -	\$ 13,290,207
Total assets in the fair value hierarchy	\$ 13,290,207	\$ -	\$ -	\$ 13,290,207
Investments measured at net asset value (a)				40,109,349
Total investments, at fair value				\$ 53,399,556

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits in liquidation as of October 16, 2025 and December 31, 2024.

Investments Measured Using the NAV per Share Practical Expedient

Note 5. Fully Benefit-Responsive Investment Contracts

The Principal Fixed Income Guaranteed Option is a benefit-responsive group annuity contract issued by Principal. The Plan held a portfolio of investment contracts that were comprised of traditional investment contracts. This contract met the fully benefit-responsive investment contract criteria and therefore, was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

	2025	2024
Traditional investment contracts:		
Fixed income guaranteed option	\$ -	\$ 2,311,201

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on Principal's ability to meet its financial obligations. Principal's ability to meet its contractual obligations was affected by future economic and regulatory developments.

Certain events limited the ability of the Plan to transact at contract value with Principal. Examples of such events included the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the Trust to be tax-exempt under Section 501(a) of the IRC; (2) premature termination of the contracts; (3) Plan termination or merger; (4) changes to the Plan's prohibition on competing investment options; (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events.

No events were probable of occurring that limited the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants. In addition, certain events allowed Principal to terminate the contracts with the Plan and settle at an amount different from contract value: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; (4) a material amendment to the agreements without the consent of Principal.

Note 6. Tax Status

The Plan had adopted a non-standardized form of a preapproved plan. The preapproved plan provider, Coastal Pension Services, Inc., had received on November 30, 2020, an opinion letter from the Internal Revenue Service as to the preapproved plan's qualified status. The preapproved plan opinion letter had been relied upon by this Plan. The Plan Administrator believed the Plan was designed and was being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

On September 26, 2025, the Plan Sponsor approved and ratified an amendment to terminate the Plan effective September 30, 2025. Following the termination date, the assets of the Plan were transferred by means of a trustee-to-trustee transfer to the Tetra Tech, Inc. and Subsidiaries Retirement Plan.

It was further resolved that after the termination date, no employees of the Plan Sponsor or any participating employer shall continue to participate in the Plan and no new employees shall be admitted to participate in the Plan.

Effective October 16, 2025, the Plan transferred assets totaling \$61,105,431 to the Tetra Tech, Inc. and Subsidiaries Retirement Plan. The transferred assets are presented as transfers-out on the statement of changes in net assets available for benefits in liquidation.

Note 8. Risks and Uncertainties

The Plan provided for investment in various securities that were exposed to risks, such as interest rate, credit and overall volatility risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could have materially affected the amounts reported in future statements of net assets available for benefits.

Note 9. Related Party and Party-in-Interest Transactions

Certain Plan investments were managed by Principal. Principal was the custodian for the Plan and, therefore, these transactions qualified as party in interest transactions. Fees paid by the Plan for investment management services were included in net appreciation in fair value of the investments, as they were paid through revenue sharing, rather than a direct payment.
