INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Falvey Linen Supply, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Falvey Linen Supply, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Description of the Plan

The following description of the Falvey Linen Supply, Inc. 401(k) Retirement Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers substantially all employees of Falvey Linen Supply, Inc. (the Employer, Plan Sponsor or Company), as defined in the Plan Agreement. The Plan covers all full-time employees who, on the first day of the first month or the seventh month of the plan year, have attained age 18 and completed 90 days of service.

The Employer is also the administrator of the Plan. As administrator, the Employer has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. The Plan trustee is Lincoln Financial Group Trust Company, Inc. (Lincoln). As appointed trustee, Lincoln acts at the direction of the Plan Administrator.

Contributions

Participants may elect to contribute up to 100% of their pre-tax and after-tax compensation, as defined in the Plan, subject to limitations by the IRC. Participants who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC. Rollover contributions representing distributions from other qualified defined contribution or defined benefit plans are permitted by the Plan.

The Employer may make discretionary non-elective contributions and Employer matching contributions to the Plan on behalf of participants. Under the Plan, each employee is a separate classification. To qualify for an allocation, participants must complete at least 1,000 hours of service during the applicable period and be employed by the Employer on the last day of that period, as defined in the Plan Agreement. The total amount of discretionary non-elective contributions and Employer matching contributions is determined by the Employer, in its sole discretion, and is determined separately for each employee classification, as defined in the Plan Agreement. No Employer matching contributions were made for the year ended December 31, 2025. The Company made discretionary non-elective contributions of \$934,501 for the year ended December 31, 2025.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's discretionary non-elective contributions and Employer's matching contributions (if applicable), and their allocation of Plan earnings/losses and any expenses incurred. Allocations are based on participant compensation or individual participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions and any earnings thereon. Participants become vested in the Employer's discretionary non-elective contributions and Employer's matching contributions, including related earnings, as follows: 25% after 2 years, 50% after 3 years, 75% after 4 years, and 100% after 5 years. Participants are immediately vested in all accounts upon death, disability, or attainment of normal retirement age as defined in the Plan Agreement.

Participant Notes Receivable

The Plan does not permit participant loans.

Payment of Benefits

Benefits are available for distribution upon retirement, death or disability in a single lump-sum distribution or an annuity option. In the event of termination for any reason other than retirement, death or disability, payment of vested benefits will be made by the Plan Sponsor in accordance with the procedures described in the Plan. Participants who have attained age 59½ may elect to withdraw all or a portion of their vested account while still employed. If a participant's vested balance is less than \$1,000, the participant will receive an immediate cash-out of their vested account balance. If a participant's vested balance exceeds \$1,000 but is less than \$5,000, the amount will be rolled over to an individual retirement plan designated by the Plan Sponsor. The Plan also provides for mandatory distributions to participants upon reaching the Required Minimum Distribution age, as defined in the Plan Agreement.

Hardship withdrawals from the Plan are also permitted subject to the applicable Internal Revenue Service (IRS) laws and cannot exceed the amount required to meet the immediate financial need created by the hardship. Withdrawals are subject to a \$500 minimum.

Forfeitures

Forfeitures of non-vested Employer discretionary non-elective contributions and Employer matching contributions may be used to pay administrative expenses and reduce Employer contributions to the Plan. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$56,882 and \$20,146, respectively. During 2025, approximately \$25,800 of forfeitures were used to offset Employer contributions. There were no forfeitures used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive group fixed annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Contract value represents investments at cost plus accrued interest income, less amounts withdrawn to pay benefits and expenses. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and the insurance company (Notes 3 and 4).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-responsive Investment Contract

Authoritative guidance defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts held by defined contribution, health and welfare and pension plans.

The Plan has an investment in the Lincoln Stable Value Account, a group fixed annuity contract issued and backed by the general account of The Lincoln National Life Insurance Company, which is fully benefit-responsive.

The Plan's investment in the contract, which represents contributions and reinvested interest income, less withdrawals and expenses, plus or minus net participant-directed transfer activity with the Plan's other investment options are recorded at contract value.

Participant Notes Receivable

Participant notes receivable are not permitted by the Plan.

FALVEY LINEN SUPPLY, INC. 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Contributions

Participant contributions are recorded weekly or biweekly when the Employer remits the payroll deductions for investment into the Plan. Employer discretionary non-elective contributions and Employer matching contributions are made at year-end, if applicable.

The Employer's discretionary non-elective contribution receivable in the amount of \$933,318 was remitted subsequent to year-end.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in five mutual funds that accounted for approximately 69% of total Plan investments as of December 31, 2025. The Plan invested in six mutual funds that accounted for approximately 83% of total Plan investments as of December 31, 2024.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Management has evaluated subsequent events through July 31, 2026, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2025 and 2024, the Plan's investments in mutual funds are reported at level 1, within the fair value hierarchy.

4. Fully Benefit-responsive Investment Contract

The Plan has an investment in the Lincoln Stable Value Account, a group fixed annuity contract issued by The Lincoln National Life Insurance Company and backed by its general account.

The Plan's investment in the Lincoln Stable Value Account, a traditional group fixed annuity contract, is a fully benefit-responsive investment contract. This fully benefit-responsive guaranteed investment contract provides preservation of principal, credits interest daily, and permits participant-initiated withdrawals at contract value, subject to the provisions of the Plan and the contract. The issuer is contractually obligated to repay principal and credit interest at no less than the guaranteed minimum interest rate provided under the contract.

The contract's declared interest rate is established in advance for each six-month period. The guaranteed minimum interest rate and the actual interest credited under the contract was 2.30% and 1.00% as of December 31, 2025 and 2024, respectively. Some restrictions apply to the free transferability from the group fixed annuity contract to other investment options and withdrawals for reasons driven by the contract owner. The guarantees of values provided for investments made with Lincoln under the Plan's contract are based on the financial strength and claims-paying ability of Lincoln. As described in Note 2, because the group fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the group annuity contract.

5. Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants. Any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

6. Income Tax Status

The Plan is an adoption of a non-standardized pre-approved defined contribution plan that received an opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Employer and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

7. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by Lincoln, the trustee:

Statements of Net Assets Available for Plan Benefits at December 31, 2025 and 2024, except for contributions receivable;

Investment income on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at Year End) at December 31, 2025.

8. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

9. Related Party Transactions and Party-in-Interest Transactions

Lincoln serves as the recordkeeper and trustee of the Plan and Angell Pension Group, Inc. (Angell) serves as the third-party administrator. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments of approximately \$70,300 to Lincoln and approximately \$4,400 to Angell, respectively, for the year ended December 31, 2025.
