Independent Auditor's Report

To the Plan Administrator
Molekule Group 401(k) Plan
Palm Beach Gardens, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Molekule Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Molekule Group 401(k) Plan (the Plan), formerly the Molekule 401(k) Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2018, as a defined contribution plan. The Plan is available to eligible employees of Molekule Group, Inc. and its subsidiary, Molekule, Inc. (collectively, the Company, Employer or Plan Sponsor). The Plan has been amended and restated over the years to comply with certain tax legislation. Eligible employees are covered full-time employees who work more than 500 hours during the Plan year and are age 21 or older, as defined in the Plan document. An eligible employee may begin participating in the Plan immediately after completing the Plan's age and service requirements.

The Company is the Plan Administrator. Fidelity Management Trust Company (Fidelity) is the Plan's Trustee and recordkeeper. Fidelity holds the Plan's investment assets, executes investment transactions and provides recordkeeping services.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment

Effective January 1, 2025, the Plan was amended and restated to reflect the Employer's new parent company, Molekule Group, Inc. as the Plan's sponsor in addition to a new Tax ID number. Additionally, the Plan Sponsor amended certain Employer contribution provisions.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Participants may voluntarily make pre-tax and after-tax contributions of up to 90% of eligible compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants attaining ages 60 through 63 during the calendar year are eligible to make super catch-up contributions, as permitted under SECURE 2.0. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). Participants may make Roth 401(k) elective deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer makes a safe harbor matching contribution equal to 100% of the first 4% of eligible compensation, as defined, that a participant contributes to the Plan. For the year ended December 31, 2025, the Employer made safe harbor matching contributions totaling \$277,444. Employer safe harbor matching contributions are invested in accordance with the participant's direction and the Plan's provisions. The Employer may also make discretionary profit sharing and qualified nonelective (QNEC) contributions using a discretionary, pro-rata formula.

Participants must have performed a specified period of service (defined as 500 hours of service during the Plan year) and be employed on the last day of the plan year, except in the event of death, disability or retirement during the year, to be eligible for the profit-sharing contribution. For the year ended December 31, 2025, there were no Employer discretionary profit sharing or qualified nonelective (QNEC) contributions.

Contributions are subject to certain IRS limitations.

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions, and an allocation of earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferrals, and the allocated earnings or losses thereon. Participants are 100% vested in their Employer's contributions and the related net earnings or losses thereon.

Notes receivable from participants

Plan participants may borrow from their account \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant which must be repaid with ten years from the date the loan is issued. Loans are secured by the balance in a participant's account and bear a reasonable rate of interest, as defined. Principal and interest are paid through regular payroll deductions and remitted to the Trustee. Any delinquent notes receivable from participants are recorded as distributions.

Payment of benefits

On termination of service due or death, disability or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment. Mandatory distributions of account balances under \$5,000 will be made as soon as possible. On termination, a participant's account balance is distributed if the vested value of the participant's account is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected. On termination of service due to reasons other than death, disability, or retirement, a participant is entitled to a benefit equal to the vested interest in the participant's account. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½ or for a qualifying financial hardship, as defined.

Plan administration

The Company is the Plan Administrator and, as such, controls and manages the operations of the Plan.

Fidelity maintains the records of the participant data and invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities, including the uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants account and included as administrative expenses when incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reclassified and a benefit payment recorded. There was no allowance for doubtful collection recorded as of December 31, 2025 and 2024.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Plan Sponsor and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, trustee, and third-party administrator fees. Certain participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds traded on national exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at those prices. The mutual funds are deemed to be actively traded.

Money market fund – institutional short-term investment vehicle valued daily with a NAV of \$1. NAV is the quoted price in an active market, and therefore, is classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

Fair Value Measurements as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,548,820	\$ -	\$ -	\$ 8,548,820
Money market fund	186,221	-	-	186,221
Total investments, at fair value	<u>\$ 8,735,041</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,735,041</u>

Fair Value Measurements as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,083,617	\$ -	\$ -	\$ 7,083,617
Money market fund	68,161	-	-	68,161
Total investments, at fair value	<u>\$ 7,151,778</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,151,778</u>

Note 5 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Plan uses a non-standardized pre-approved profit-sharing plan with CODA plan document sponsored by Financial Management and Research Company, LLC. Financial Management and Research Company, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS.

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Tax Status, Continued

The Plan has been amended since receiving the opinion letter, however, the Plan's management and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. In accordance with the guidance, the Administrator has determined it does not have any positions at December 31, 2025, that it could be unable to substantiate. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits shown on Form 5500 at December 31, 2025 and 2024, and changes in net assets available for benefits for the year ended December 31, 2025, with the amounts shown in the financial statements.

	2025	2024

	2025	
Change in net assets – Form 5500	\$ 1,579,314	
Reconciling items:		
Less: 2024 Employer contributions	(32,219)	
Change in net assets – financial statements	<u>\$ 1,547,095</u>	

Note 8 – Party-In-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan's investments are managed, administered, and/or issued by Fidelity. Fidelity is the Plan's Trustee and recordkeeper and, therefore, these transactions with Fidelity qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA. Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

The Plan also receives revenue credits from Fidelity. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA. Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 9 – Subsequent Events

Effective January 1, 2026, the Plan adopted certain provisions of the SECURE Act 2.0 as applicable to higher income participants, as defined by the IRS, and must designate catch-up contributions as designated Roth (after-tax) contributions.

Effective March 2, 2026, the Plan was amended to permit In-Plan Roth rollover contributions.

The Plan evaluated events occurring subsequent to December 31, 2025 through August 14, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.

Independent Auditor's Report

To the Plan Administrator
Molekule Group 401(k) Plan
Palm Beach Gardens, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Molekule Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Molekule Group 401(k) Plan (the Plan), formerly the Molekule 401(k) Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2018, as a defined contribution plan. The Plan is available to eligible employees of Molekule Group, Inc. and its subsidiary, Molekule, Inc. (collectively, the Company, Employer or Plan Sponsor). The Plan has been amended and restated over the years to comply with certain tax legislation. Eligible employees are covered full-time employees who work more than 500 hours during the Plan year and are age 21 or older, as defined in the Plan document. An eligible employee may begin participating in the Plan immediately after completing the Plan's age and service requirements.

The Company is the Plan Administrator. Fidelity Management Trust Company (Fidelity) is the Plan's Trustee and recordkeeper. Fidelity holds the Plan's investment assets, executes investment transactions and provides recordkeeping services.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment

Effective January 1, 2025, the Plan was amended and restated to reflect the Employer's new parent company, Molekule Group, Inc. as the Plan's sponsor in addition to a new Tax ID number. Additionally, the Plan Sponsor amended certain Employer contribution provisions.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Participants may voluntarily make pre-tax and after-tax contributions of up to 90% of eligible compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants attaining ages 60 through 63 during the calendar year are eligible to make super catch-up contributions, as permitted under SECURE 2.0. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). Participants may make Roth 401(k) elective deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer makes a safe harbor matching contribution equal to 100% of the first 4% of eligible compensation, as defined, that a participant contributes to the Plan. For the year ended December 31, 2025, the Employer made safe harbor matching contributions totaling \$277,444. Employer safe harbor matching contributions are invested in accordance with the participant's direction and the Plan's provisions. The Employer may also make discretionary profit sharing and qualified nonelective (QNEC) contributions using a discretionary, pro-rata formula.

Participants must have performed a specified period of service (defined as 500 hours of service during the Plan year) and be employed on the last day of the plan year, except in the event of death, disability or retirement during the year, to be eligible for the profit-sharing contribution. For the year ended December 31, 2025, there were no Employer discretionary profit sharing or qualified nonelective (QNEC) contributions.

Contributions are subject to certain IRS limitations.

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions, and an allocation of earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferrals, and the allocated earnings or losses thereon. Participants are 100% vested in their Employer's contributions and the related net earnings or losses thereon.

Notes receivable from participants

Plan participants may borrow from their account \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant which must be repaid with ten years from the date the loan is issued. Loans are secured by the balance in a participant's account and bear a reasonable rate of interest, as defined. Principal and interest are paid through regular payroll deductions and remitted to the Trustee. Any delinquent notes receivable from participants are recorded as distributions.

Payment of benefits

On termination of service due or death, disability or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment. Mandatory distributions of account balances under \$5,000 will be made as soon as possible. On termination, a participant's account balance is distributed if the vested value of the participant's account is \$1,000 or less. For terminated participants with vested balances greater than \$1,000, but less than \$5,000, their vested balance may be automatically rolled into an IRA unless otherwise elected. On termination of service due to reasons other than death, disability, or retirement, a participant is entitled to a benefit equal to the vested interest in the participant's account. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½ or for a qualifying financial hardship, as defined.

Plan administration

The Company is the Plan Administrator and, as such, controls and manages the operations of the Plan.

Fidelity maintains the records of the participant data and invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the high level of risk associated with certain investment securities, including the uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants account and included as administrative expenses when incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reclassified and a benefit payment recorded. There was no allowance for doubtful collection recorded as of December 31, 2025 and 2024.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classified certain administrative expenses as an expense rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Plan Sponsor and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping, trustee, and third-party administrator fees. Certain participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – Schedule of Assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds traded on national exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at those prices. The mutual funds are deemed to be actively traded.

Money market fund – institutional short-term investment vehicle valued daily with a NAV of \$1. NAV is the quoted price in an active market, and therefore, is classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

Fair Value Measurements as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,548,820	\$ -	\$ -	\$ 8,548,820
Money market fund	186,221	-	-	186,221
Total investments, at fair value	<u>\$ 8,735,041</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,735,041</u>

Fair Value Measurements as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,083,617	\$ -	\$ -	\$ 7,083,617
Money market fund	68,161	-	-	68,161
Total investments, at fair value	<u>\$ 7,151,778</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,151,778</u>

Note 5 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Plan uses a non-standardized pre-approved profit-sharing plan with CODA plan document sponsored by Financial Management and Research Company, LLC. Financial Management and Research Company, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS.

MOLEKULE GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Tax Status, Continued

The Plan has been amended since receiving the opinion letter, however, the Plan's management and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. In accordance with the guidance, the Administrator has determined it does not have any positions at December 31, 2025, that it could be unable to substantiate. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits shown on Form 5500 at December 31, 2025 and 2024, and changes in net assets available for benefits for the year ended December 31, 2025, with the amounts shown in the financial statements.

	2025	2024
Net assets available for benefits – Form 5500	\$ 8,754,765	\$ 7,175,451
Reconciling items:		
2024 Employer contributions receivable	-	32,219
Net assets available for benefits – financial statements	<u>\$ 8,754,765</u>	<u>\$ 7,207,670</u>
	2025	
Change in net assets – Form 5500	\$ 1,579,314	
Reconciling items:		
Less: 2024 Employer contributions	(32,219)	
Change in net assets – financial statements	<u>\$ 1,547,095</u>	

Note 8 – Party-In-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan's investments are managed, administered, and/or issued by Fidelity. Fidelity is the Plan's Trustee and recordkeeper and, therefore, these transactions with Fidelity qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA. Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

The Plan also receives revenue credits from Fidelity. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA. Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

Note 9 – Subsequent Events

Effective January 1, 2026, the Plan adopted certain provisions of the SECURE Act 2.0 as applicable to higher income participants, as defined by the IRS, and must designate catch-up contributions as designated Roth (after-tax) contributions.

Effective March 2, 2026, the Plan was amended to permit In-Plan Roth rollover contributions.

The Plan evaluated events occurring subsequent to December 31, 2025 through August 14, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
