To the Plan Administrator and Participants
The Conrad Company 401(k) Plan
York, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The Conrad Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Conrad Company 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of The Conrad Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan, sponsored by Conrad Company Holdings, LLC (the Company), is a defined contribution plan covering all full-time, non-leased employees. Effective January 1, 2025, the Company allows long-term part-time workers to participate in the plan. To be eligible to make salary deferrals and receive the discretionary employer match, employees must complete 500 hours of service in a 6-month period, or 1,000 hours of service in a 12-month period, be age 19 or older, and must not be part of a collective bargaining union. Employees are automatically eligible for employer non-elective profit-sharing contributions as there are no age or service requirements. Plan entry dates are the first day of each calendar month upon completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan allows active participants between the ages of 60 and 63 to increase their catch-up contributions to the greater of \$10,000 or 150% of the regular catch-up limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan on the next plan entry date unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with automatic escalation of 1% each year to a maximum deferral rate of 6% of eligible compensation, as well as their contributions invested in a qualified default investment fund until changed by the participant.

The Company may make discretionary matching contributions to be determined each year. During 2025 and 2024, the employer's matching contribution was 50% of the participant's salary deferral, including catch-up contributions, to a maximum of 6% of the participant's eligible compensation. The discretionary matching contribution for the year ended December 31, 2025 amounted to \$298,013 less forfeitures utilized of \$21,182. The discretionary matching contribution for the year ended December 31, 2024 amounted to \$299,454, less forfeitures utilized of \$22,901.

The Company may elect to make non-elective profit-sharing contributions. There were no profit-sharing contributions made for the years ended December 31, 2025 and 2024. Contributions are subject to certain IRS limitations.

The Conrad Company 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 - Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, as well as allocations of (a) the Company's profit-sharing contribution, (b) plan earnings, (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and qualified non-elective contributions, plus actual earnings thereon. Vesting in the discretionary matching contributions and non-elective profit-sharing contributions is based on years of service. A participant is 100% vested after five years of credited service, based on the following vesting schedule:

Years of Service	Vesting Percentage
Less than 1	0 %
1	20
2	40
3	60
4	80
5	100

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance during the past 12 months. Loan terms range from one to five years, unless the loan is to acquire the participant's principal residence, in which case, the loan may be for up to thirty years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.5%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments under a systematic withdrawal plan to satisfy the required minimum distribution rules.

Upon termination of employment, if a participant's vested interest in their account exceeds \$7,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant and their spouse, if applicable. If the participant's vested balance does not exceed \$7,000, the vested account balance is paid out in the form of a lump-sum distribution. In the event of a mandatory distribution greater than \$1,000, the distribution will be paid in the form of a direct rollover to a designated individual retirement arrangement if the participant does not elect a direct rollover or lump-sum distribution.

Note 1 - Description of Plan (continued)

Payment of Benefits (continued)

In addition, the Plan allows for hardship distribution, if certain criteria are met, and in-service withdrawals for participants, which have attained age 59-1/2.

Forfeited Accounts

Forfeited nonvested accounts, if any, shall be used to restore forfeitures, pay administrative expenses, or reduce future employer contributions. Forfeited nonvested accounts at December 31, 2025 and 2024 were immaterial.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 and 2024 excess contributions to the applicable participants prior to March 15, 2026 and 2025, respectively.

Contributions

Note 2 - Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to the distribution of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The Plan has a Plan Expense Account (PEA) with Empower, which may be used to pay plan expenses. Asset-based payments are calculated based upon an average daily balance of the investments for the month. During the years ended December 31, 2025 and 2024, the Plan received and utilized \$24,014 and \$27,300, respectively, from the PEA to pay certain plan expenses.

Note 3 - Information Certified and Provided by the Issuer and the Custodian

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower), the issuer and the custodian of the Plan.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
and

Notes to Financial Statements

Note 4 - Fair Value Measurements (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts (PSAs) and the Plan's interests in the collective trust funds (CTFs) are valued based on the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. The PSAs and CTFs are direct filing entities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at December 31, 2025			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
			Total
Registered investment companies	\$ 10,130,574	\$ -	\$ -
Investments measured at net asset value ⁽¹⁾			840,795

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Empower. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- A. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.

Note 5 - Fully Benefit-Responsive Investment Contract (continued)

- B. Premature termination of the contracts.
- C. Plan termination or merger.
- D. Changes to the Plan's prohibition on competing investment options.
- E. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- A. An uncured violation of the Plan's investment guidelines.
- B. A breach of material obligation under the contract.
- C. A material misrepresentation.
- D. A material amendment to the agreements without the consent of the issuer.

Note 6 - Tax Status

The Company has adopted a pre-approved plan document that was sponsored by PA Retirement Solutions, Inc. The pre-approved document has received an opinion letter from the IRS, dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and; therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. Federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contribution portion of their account.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Empower. Empower is the issuer of the contract and the custodian as defined by the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management and recordkeeping services amounted to \$19,945 and \$16,609 for the years ended December 31, 2025 and 2024, respectively.
