Communications with Those Charged with Governance

To the Trustees and Retirement Plan Committee
Betts Company 401(k) Retirement Savings and Profit Sharing Plan

We have performed an audit of the financial statements of Betts Company 401(k) Retirement Savings and Profit Sharing Plan (the Plan) as of and for the year ended December 31, 2024, as permitted by Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C). We have issued our report on the financial statements and ERISA-required supplemental schedules dated May 14, 2026. Management, having determined it is permissible in the circumstances, elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated May 20, 2025, we are responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with your oversight, are prepared, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP). Our audit of the financial statements does not relieve you or management of your responsibilities.

Our audit performed as permitted by ERISA Section 103(a)(3)(C) did not extend to the certified investment information prepared and certified to by qualified institutions, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). As part of an audit conducted in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we considered the Plan's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Considerations Related to Form 5500 Filing

Professional standards require that we obtain and read a draft of the Form 5500 that is substantially complete prior to the dating of our auditor's report. The purpose of this procedure is to identify material inconsistencies, if any, with the audited financial statements. These procedures are not sufficient nor are they intended to determine that the Form 5500 is completely or accurately prepared.

We have read the draft Form 5500, and nothing came to our attention that caused us to believe that such information is materially inconsistent with the financial statements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in the engagement letter dated May 20, 2025.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted and there were no changes in the application of existing accounting policies during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transactions occurred.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We did not note any significant accounting estimates in the financial statements. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are readily marketable.

Financial Statement Disclosures

The disclosures in the financial statements are consistent, clear, and understandable. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

We did not note any disclosures in the financial statements that we consider sensitive to potential users.

Significant Unusual Transactions

We encountered no significant unusual transactions during our audit of the Plan's financial statements.

Significant Difficulties Encountered in Performing the Audit

Professional standards require us to inform you of any significant difficulties encountered in performing the audit. No significant difficulties were encountered during our audit of the Plan's financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Circumstances that Affect the Form and Content of the Auditor's Report

There may be circumstances in which we would consider it necessary to include additional information in the auditor's report in accordance with GAAS. There were no circumstances that affected the form and content of the auditor's report.

Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

There were no non-trivial misstatements detected as a result of audit procedures that were communicated to management.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 14, 2026.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We are required to communicate to you other findings or issues arising from the audit that are, in our professional judgment, significant and relevant to your oversight of the financial reporting process. There are no items to report.

Communication of Internal Control Related Matters

Our responsibility under auditing standards with respect to internal control is described above. Had the scope of our audit not been limited as described on page 1, other matters might have come to our attention that would have been reported to you.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was also not designed to identify deficiencies in internal control that might be significant deficiencies. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

RECOMMENDATION 1: The Plan Sponsor should develop and execute policies and procedures to maintain formal documentation for the review and approval of controls implemented for the various business cycles.

During our control walkthroughs, we inquired and confirmed with the Plan Sponsor the control activities that were implemented for the different business cycles. However, there was no formal evidence of the review and approval of these control activities implemented for several business cycles, such as, the payroll, contributions, distributions, and participant data cycles. The Plan Sponsor was unable to provide support for the authorization of loan and distribution withdrawals, approval of pay rate/salary changes and deferral percentage changes, review and approval of new hire offer letters, payroll timesheets and payroll reports for us to corroborate the controls implemented. While it is likely the operations of the Plan are being adequately managed and executed, without documented controls in place, it would be difficult, if not impossible, to demonstrate management's due diligence in this area.

We recommend the Plan Sponsor develop and execute policies and procedures to retain formal documentation of the review and approval of offer letters, timesheets, and payroll reports. We also recommend the Plan Sponsor implement review procedures to ensure deferral amounts and percentages are appropriately updated and are consistent in their recordkeeper and payroll software. Lastly, we recommend the Plan Sponsor execute policies to retain formal documentation for the approval or denial of loan requests and withdrawals.

RECOMMENDATION 2: The Company should review its controls and procedures to establish a standard time period for depositing employee deferrals to ensure the deferrals are deposited in accordance with Department of Labor (DOL) guidelines.

We noted a deposit of employee deferrals that was not made within the DOL guidelines and resulted in a prohibited transaction. The delinquent deposit, and any other delinquent deposits not identified in our audit tests, should be corrected for lost participant earnings, and a Form 5330 filed with the Internal Revenue Service for the excise tax.

Current DOL policy states deposit of employee deferrals must be made on the earliest date they can reasonably be segregated from the employer's general assets, but in no event later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the employer. However, the DOL has made it clear the 15-day period is not a safe harbor and employee deferrals should be deposited as soon as the amounts can be segregated from the Company's general assets.

Based on Moss Adams x Baker Tilly LLP's discussions with the DOL and experience with DOL audits, "segregated from the employer's general assets" has been determined by the DOL to be the number of days in which the Company has demonstrated it can deposit the funds with the custodian. During the 2024 year, employee benefit plan withholdings were deposited over periods ranging from 1 day to 15 days. There was also one outlier that was brought to the Company's attention by the recordkeeper, that was deposited in 2024, with a delay of 19 business days. The Company, in consultation with its ERISA counsel, should determine the minimum number of days in which it can segregate employee deferrals from the employer's general assets, and should deposit employee deferrals, via wire transfer, with the Plan custodian within this self-established minimum time period.

During our engagement, the following matters came to our attention that we believe are control deficiencies; however, they do not rise to the level of a significant deficiency or material weakness:

RECOMMENDATION 3: **The Plan Sponsor should perform periodic reviews of the Service Organization Controls (SOC) reports provided by third-party service providers.**

During our audit, we noted that Plan management did not perform a review of SOC 1 reports provided by the Plan's third-party service providers, Principal Life (custodian and recordkeeper) and Paylocity (payroll provider). We recommend Plan management annually review the SOC 1 reports, which address internal controls over the service providers' financial reporting, to determine whether the internal controls in place at the service providers may be relied on and whether the Plan Sponsor has effective controls to ensure the (a) proper and complete transmission of data to the service organization, (b) proper processing of data and complete receipt of data from the service organization, and (c) timely reconciliation of data received by the service organization. Plan management should document its review of the SOC 1 reports as part of obtaining an understanding of the design and implementation of controls used to process transactions at the service organization.

RECOMMENDATION 4: **The Plan Sponsor should develop and execute policies and procedures to frequently review employee contributions to verify proper deferrals are withheld.**

During our contributions testing, we noted one instance in which a participant elected to defer 5% of their eligible compensation, however, 7.45% was actually withheld for the pay period tested. We recommend the Plan sponsor develop and execute policies and procedures to frequently review employee contributions to verify the proper deferrals are withheld.
