INDEPENDENT AUDITORS' REPORT

To Plan Administrator of the
WorkFusion, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of WorkFusion, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule line 4i – schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2024 Financial Statements

The December 31, 2024 financial statements of the Plan were audited by predecessor auditors whose report dated July 31, 2025, expressed an unmodified opinion on those financial statements and included an other matter paragraph that provided an opinion that the information in the December 31, 2024 supplemental schedule was fairly stated in all material respects in relation to the financial statements as a whole.

WORKFUSION, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Note 1: Description of Plan

The following description of The Workfusion, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Company is the Plan Sponsor.

General: The Plan is a defined contribution plan established on October 1, 2022. The Plan was restated January 1, 2023 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all non-union and non-leased domestic eligible employees of the Company. Effective January 1, 2026, the Plan was amended to make immaterial updates to provisions.

The Plan is administered by its sponsor, the Company, who retained the services of ADP Retirement Services (“ADP”) as the trustee of the Plan’s assets, the Plan’s record keeper and third-party administrator through December 31, 2025.

Eligibility: The Plan covers all employees who have reached twenty-one years, excluding union employees, nonresident aliens, leased employees, residents of Puerto Rico and interns. Employees may enter the Plan on the first day of the month following meeting all requirements. An employee may elect not to participate in the Plan.

Participant contributions: Participants may elect to contribute up to 90% of their eligible compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions, subject to statutory limits. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants may also designate a portion or all of their contributions as Roth contributions. Roth contributions are post-tax contributions of compensation, maintained in separate accounts in the Plan. Participants direct the investment of their account balances into various investment options offered by the Plan. A participant may elect to increase or decrease their percentage as of each entry date defined as the first day of each month. Participants may only have one outstanding note at a time.

Employer matching contributions: Employees are eligible for safe harbor matching contributions. The safe harbor matching contributions are 100% of the amount of the participant’s deferral up to 4% of the participant’s compensation. For the year ended December 31, 2025, the Company contributed approximately \$507,900 in safe harbor matching contributions.

Participant accounts: Each participant’s account is credited with the participant’s contribution and allocations of: (a) the Company’s matching contributions, and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Participant investment options include a variety of mutual funds and common collective trusts. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting: Participants become immediately vested in employer contributions and their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or up to 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 1% over the prime rate at the time of the note. Note terms range from one to five years and may not exceed five years except for notes used for the purchase of a primary residence, which may be repaid over a longer period of up to ten years. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, termination of employment, or financial hardship. Upon termination, participants may elect to leave their account balance in the Plan or receive their total benefits in a lump sum payment equal to the value of the participant's vested interest in their account. Participants with vested account balances of \$7,000 or less upon separation will receive a lump sum cash payout.

As an active participant in the Plan, a participant may, upon attaining age 59 ½, request the distribution of his or her balance. In addition, a participant may apply for a hardship withdrawal, if he or she is experiencing an immediate and heavy financial need as defined by the specific criteria in the Plan document.

Forfeited accounts: Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. Forfeitures remaining in the Plan as of December 31, 2025 and 2024 were immaterial. For the year ended December 31, 2025, no forfeitures were used to pay Plan expenses.

Administration and other costs: Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for note processing and certain investments as specified in the service agreement, are charged to individual participant's accounts. The Plan participates in a fee credit sharing program with ADP whereby credits are periodically allocated to participant's balances. For the year ended December 31, 2025, the Plan earned revenue credits of approximately \$24,000, which are reported in the financial statements as part of administration and other costs, net.

Notes to Financial Statements

December 31, 2025

Reclassifications: Prior period financial statements amounts have been reclassified to conform to current period presentation. There was no impact to the Plan's previously reported net increase (decrease) in net assets resulting from these reclassifications.

Note 2: Significant accounting policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at their fair values or net asset value ("NAV"). The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The common collective trusts are measured at NAV as a practical expedient, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were made available to be issued which is the date of the independent auditors' report.

Note 3: Fair value

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value ("NRV") or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2025, as determined by the Plan administrator:

	Level 1	Total
Mutual funds	\$ 10,950,322	\$ 10,950,322
Total invesmtents in the fair value hierarchy	10,950,322	10,950,322
Investments measured at net asset value (a)		396,036
Total investments at fair value	\$ 10,950,322	\$ 11,346,358

WORKFUSION, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2024, as determined by the Plan administrator:

	Level 1	Total
Mutual funds	\$ 8,977,222	\$ 8,977,222
Total investments in the fair value hierarchy	8,977,222	8,977,222
Investments measured at net asset value (a)		275,357
Total investments at fair value	\$ 8,977,222	\$ 9,252,579

The Plan's valuation methodology used to measure the fair value of mutual funds were derived from quoted market prices as substantially all of these instruments have active markets.

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available or benefits.

Collective investment trusts: The Plan held collective investment trusts investments in the Putnam Stable Value and Alliance Bernstein Large Cap Growth funds, which are more specifically listed in Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2025 and 2024. Investments in collective investment trusts are valued at NAV of units of the collective investment trust. The NAV, as provided by the trustee, is used as a practice expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. Were the Plan to initiate a full redemption of these investments, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investments measured at net asset value consisted of the following as of December 31, 2025:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Putnam Stable Value Fund 25	\$ 342,743	None	Daily	None

Note 4: Investments

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by ADP, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

Note 5: Party-in-interest transactions

At December 31, 2025 and 2024, the Plan did not hold investments in funds managed by ADP.

Note 6: Plan termination

The Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

WORKFUSION, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2025

Note 7: Income tax status

The prototype plan adopted by the Plan Sponsor obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a separate opinion letter however the Plan administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 10: Subsequent events

Subsequent to year end, the Company was acquired and as a result, intends to merge the Plan into the acquiring company's plan, subject to provisions of ERISA. The Plan sponsor has notified participants of the merger.
