To the Trustees of
U.S. Engine Valve Company 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of U.S. Engine Valve Company 401(k) Plan (the "Plan") as of and for the year ended December 31, 2024 in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Our consideration of internal control was for the limited purpose described in the first two paragraphs and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be significant deficiencies or material weaknesses.

Our audit has identified items which we believe can improve the controls surrounding the Plan and reduce fiduciary risk.

Forfeitures of Employer Contributions:

We noted that the balance in the forfeiture account in the Plan totaled approximately \$78,000 at December 31, 2024 and it appears as if these were not used to reduce employer contributions as allowed under the Plan document. We recommend that the Plan's management establish procedures for tracking forfeitures to ensure the Company utilizing forfeitures throughout the year and not allowing them to accumulate.

Meeting Minutes:

We noted that there were no meeting minutes maintained in relation to the Plan for the year ended December 31, 2024. We recommend that the Plan's management establish procedures for keeping minutes of all meetings where the Plan is discussed to ensure that matters relevant to the Plan are properly recorded and communicated.

This communication is intended solely for the information and use of the Trustees and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.
