Opinion

We have audited the financial statements of Webster Bank Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Retirement Committee of
Webster Bank Retirement Savings Plan

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

WEBSTER BANK RETIREMENT SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Webster Bank Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored and administered by Webster Bank, National Association (the Bank), a subsidiary of Webster Financial Corporation (the Company or Webster), and covers all eligible employees of the Company and the Bank and its subsidiaries who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Retirement Plans Committee is responsible for the oversight of the Plan.

Proposed Transaction with Banco Santander

On February 3, 2026, Webster entered into a Transaction Agreement with Banco Santander and Webster Virginia Corporation, a wholly owned subsidiary of Webster incorporated in the State of Virginia. The Transaction Agreement provides that, upon the terms and subject to the conditions set forth therein, Banco Santander will acquire Webster in two steps. First, Webster will merge with and into Webster Virginia Corporation, with Webster Virginia Corporation continuing as the surviving corporation in such merger. Second, immediately following the completion of such merger, Banco Santander will acquire all outstanding shares of Webster Virginia Corporation through a statutory share exchange.

The transaction is expected to close in the second half of 2026, and remains subject to customary closing conditions. As of the date of issuance of this report, June 18, 2026, the only impact at this time is that the Company's stock is no longer offered as an investment option within the Plan.

Plan Mergers

Effective January 23, 2024, the Bend Financial Inc., 401(k) Plan was merged with and into the Plan (the Bend Plan Merger). The transfer in of net assets associated with the Bend Plan Merger totaled \$2,220,585, and comprised entirely of investments.

Effective February 10, 2025, the Ametros 401(k) Plan was merged with and into the Plan (the Ametros Plan Merger). The transfer in of net assets associated with the Ametros Plan Merger totaled \$4,131,766, and comprised \$4,074,405 of investments and \$57,361 of notes receivable from participants.

Contributions

Each year, participants may make pre-tax and/or post-tax Roth contributions up to 75% of their annual compensation through voluntary payroll deductions, subject to the Internal Revenue Service (IRS) limit of \$23,500 and \$23,000 for 2025, and 2024, respectively. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, subject to the IRS limit of \$7,500 for both 2025, and 2024. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan on a pre-tax basis after 90 days of hire, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Annually on April 1, the deferral rate for automatically enrolled participants will automatically increase by 1% up to a maximum of 15%, unless the participant elects to opt out of the automatic increase feature. However, if a newly hired or rehired employee is hired on or after July 1, their deferral contribution percentage will not be automatically increased during the first plan year in which an automatic increase is scheduled.

The employer will make a matching contribution equal to 100% of a participant's deferral contribution to the extent the participant's deferral contribution does not exceed 2% of their annual compensation, plus 50% of a participant's deferral contribution to the extent the participant's deferral contribution exceeds 2% but does not exceed 8% of their annual compensation. In addition, the employer makes transition contributions that range from 1% to 6% of annual compensation to participants who were age 35 or older on January 1, 2008, were employed by the Bank on December 31, 2006, and who were active participants in the Webster Bank Pension Plan on December 31, 2007.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan, one of which includes Webster Financial Corporation common stock. Participants may change their investment options at any time. Each participant's account is credited with the participant's contributions and the employer's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on account balances and participant earnings, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**WEBSTER BANK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

Vesting

Participants are immediately vested in their deferral, rollover, and qualified non-elective contributions, plus actual earnings and losses thereon. Vesting in the employer's contributions is based on years of service. A participant is fully vested after two years of vesting service. If a participant's employment is terminated prior to attaining two years of vesting service, amounts previously contributed by the employer, plus actual earnings and losses thereon, are forfeited.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding loan balance during the prior 12-month period) or 50% of their vested account balance. No more than one loan can be outstanding at any time. The loan interest rate is equal to the prime rate plus 1%, or such other reasonable rate of interest determined by the plan administrator. Each loan is secured by a pledge of the vested portion of the participant's account balance and is required to be repaid within 5 years or less, or up to 15 years if the loan is for the purchase of a primary residence. Principal and interest are paid by the participant through payroll deductions. If a participant ceases to make loan repayments in a timely manner, and the plan administrator deems the loan to be in default, the outstanding loan balance is considered a distribution and a benefit payment is recorded. Any required loan application processing fees, as well as an annual loan administrative fee, are deducted from the participant's account.

Payment of Benefits

On termination of service, retirement, death, or disability, a participant may elect to receive all or a portion of their vested account balance either in a single lump-sum or in installments over a period of time not to exceed the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. Terminated vested participants with account balances less than or equal to \$7,000 are subject to the Plan's maximum cash-out provision. In-service withdrawals are permitted at the request of the participant upon having attained age 59-1/2 or in the event of financial hardship, as defined by the Plan, subject to the participant having exhausted all non-taxable loan options and available distributions prior to the request. Distributions from a participant's rollover contributions are allowed at any time.

Forfeited Accounts

Amounts forfeited during the plan year are first used to reinstate previously forfeited amounts of certain rehired employees, then to pay Plan expenses, and lastly to reduce employer contributions. No forfeitures were used to reinstate rehired employee accounts for the years ended December 31, 2025, and 2024. For the years ended December 31, 2025, and 2024, \$51,400 and \$20,100, respectively, of forfeited amounts were used to pay plan expenses. For the years ended December 31, 2025, and 2024, \$715,169 and \$684,367, respectively, of forfeited accounts were used to reduce employer contributions. At December 31, 2025, and 2024, the remaining forfeited non-vested accounts totaled \$88,218 and \$215,567, respectively.

Plan Amendments

Effective January 1, 2024, an employee is eligible to receive employer contributions under the Plan as soon as administratively feasible after having attained age 21.

Effective January 1, 2024, individuals who became employees of the Bank or the Company in connection with either the Sterling Bancorp merger on January 31, 2022, or the Bend Financial, Inc. acquisition on February 18, 2022, are eligible to participate in the Plan. In addition, individuals with an account balance under the Sterling National Bank 401(k) and Profit Sharing Plan as of December 28, 2023, or the Bend Financial, Inc. 401(k) Plan as of January 22, 2024, and whose account balance had transferred to the Plan, became fully vested in their transferred account balance as of the respective plan merger effective date. Any of such individuals who had attained age 59-1/2 may also withdraw all or a portion of their transferred account balance.

Effective January 1, 2024, if an employee is either newly hired or rehired on or after January 1, 2024, and is automatically enrolled in the Plan, or if an employee is a former participant of the Sterling National Bank 401(k) and Profit Sharing Plan who was automatically enrolled in that plan prior to the Sterling Plan Merger, their deferral rate shall automatically increase by 1% each January 6 up to a maximum of 15%, unless the participant elects to opt out of this automatic increase feature. However, if a newly hired or rehired employee is hired on or after July 1, their deferral contribution percentage will not be automatically increased during the first plan year in which an automatic increase is scheduled.

Effective January 1, 2024, former participants of the Sterling National Bank 401(k) and Profit Sharing Plan may withdraw any portion of their transferred deferral contributions account balance if such a distribution would meet the requirements to be a Qualified Reservist Distribution, as defined in the plan document.

**WEBSTER BANK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

Effective January 1, 2025, an employee is not required to be a Regular Employee, as defined in the plan document, to be eligible to participate in the Plan.

Effective January 1, 2025, the deferral rate for automatically enrolled participants will automatically increase by 1% on April 1 of each year up to a maximum of 15%, unless the participant elects to opt out of the automatic increase feature. However, if a newly hired or rehired employee is hired on or after July 1, their deferral contribution percentage will not be automatically increased during the first plan year in which an automatic increase is scheduled.

Effective January 1, 2025, for participants aged 60, 61, 62, or 63, the catch-up contribution limit is the greater of (i) \$10,000 or (ii) 150% of the regular catch-up contribution.

Effective January 1, 2025, the Plan's maximum cash-out provision amount was increased from \$5,000 to \$7,000.

Effective January 1, 2025, for each plan year beginning on or after January 1, 2025, the plan administrator will provide notice to any participant whose deferral rate is less than 3% of their eligible compensation. If they do not make an affirmative election within the time frame permitted in the notice, the participant will be automatically enrolled in the plan on a pre-tax basis and deemed to have elected their deferral rate be set at 3% of eligible compensation.

Effective February 10, 2025, employees of Ametros Financial Corporation (Ametros), which was acquired by the Bank on January 24, 2024, are eligible to participate in the Plan. Individuals who had an account balance under the Ametros 401(k) Plan as of the plan merger effective date, and whose account balance had transferred to the Plan, became fully vested in their transferred account balance, except for their employer matching contributions account. Former Ametros employees will become 20% vested in their transferred employer matching contributions account after one year of vesting service and 100% vested after two or more years of vesting service. Any of such individuals who had attained aged 59-1/2 may also withdraw all or a portion of their vested account balance that was transferred to the Plan.

Effective February 10, 2025 with respect to an employee of Ametros who (i) was hired during the two month period immediately before the plan merger effective date; (ii) was not automatically enrolled in the Ametros 401(k) Plan; and (iii) did not make an affirmative election with respect to deferral contributions in the Ametros 401(k) Plan, the Plan's automatic enrollment provisions will be applied as if the employee became eligible to make deferral contributions under this Plan on the first day on which the employee became a common law employee of Ametros.

Effective February 11, 2025, qualified birth or adoption distributions may be made from the Plan to participating employees in an amount up to \$5,000 per child. The distribution must be made within one year of the birth of the child or the finalization of the adoption. The individual may repay a qualified birth or adoption distribution within three years of the distribution date.

Effective February 11, 2025, all active plan participants may withdraw any portion of their transferred deferral contributions account balance if such a distribution would meet the requirements to be a Qualified Reservist Distribution, as defined in the plan document.

Effective December 4, 2025, the Plan has added "Secure Inc." to the list of predecessor employers.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies using information provided by the investment advisor and custodian. Refer to Note 3: Fair Value Measurements for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**WEBSTER BANK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

Contributions

Participant contributions and employer contributions are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Bank, as provided by the plan document. Expenses that are paid directly by the Bank are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurement, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. This includes certain pricing models and other similar techniques that require significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and 2024.

Registered Investment Companies: Registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are quoted in an active market (Level 1).

Webster Financial Corporation Common Stock: Webster Financial Corporation common stock is valued at the closing price reported on the New York Stock Exchange (Level 1).

Interest-Bearing Cash: Interest-bearing cash is recorded at cost plus accrued interest (Level 1).

Common Collective Trusts: Common collective trusts are valued based on the net asset value as reported by the trustee of each fund. The underlying holdings of the funds may vary, but primarily comprise domestic and/or international equity securities, fixed-income debt securities, money market funds, and mutual funds, which are valued using quoted market prices in active markets or observable inputs for similar assets (Level 2).

**WEBSTER BANK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total

4. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments, the trustee and recordkeeper for the Plan. These transactions qualify as party-in-interest transactions under ERISA.

Fidelity Investments provides certain administrative services to the Plan pursuant to a master services agreement between the Bank and Fidelity Investments. Fidelity Investments receives revenue from mutual fund service providers for services that Fidelity Investments provides to the funds. This revenue is used to offset certain amounts owed to Fidelity Investments for its administrative services to the Plan.

If the revenue received by Fidelity Investments from such mutual fund service providers exceeds the amount owed under the master services agreement, the amount equal to such excess revenue is allocated to eligible participant accounts and applied to pay Plan administrative expenses. Net fees paid directly by the Plan to Fidelity Investments for administrative expenses totaled \$286,714 and \$211,685 for the years ended December 31, 2025, and 2024, respectively.

The Plan invests in Webster Financial Corporation common stock. At December 31, 2025, and 2024, the Plan held 1,463,237 shares and 1,549,618 shares of Webster Financial Corporation common stock, respectively, valued at \$92,103,230 and \$85,576,606, respectively. For the years ended December 31, 2025, and 2024, the Plan recorded dividends from Webster Financial Corporation common stock totaling \$2,360,120 and \$2,598,379, respectively.

5. Plan Termination

Although the Bank has not expressed any intent to terminate the Plan, it has the right to do so at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions and have a non-forfeitable interest in their account balances. After providing for the expenses of the Plan, any remaining assets would then be allocated by the Office of the Chairman, which is appointed by the Bank's Board of Directors.

**WEBSTER BANK RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

6. Tax Status

The Plan has received a favorable tax determination letter from the IRS dated January 9, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Both the plan administrator and the Plan's counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the Code so that the Plan is qualified and the related trust is tax-exempt. Although the Bank is not currently aware of any source of action or series of events that have occurred that would adversely affect the qualified status of the Plan, management has indicated that it would take the necessary steps, if any, to bring the Plan's operations into compliance with the Code in the event a non-compliance matter is identified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Subsequent Events

The plan administrator has evaluated subsequent events from the date of these financial statements and supplemental schedule, through the date of issuance of this report, and determined that, except for the Proposed Transaction with Banco Santander and plan amendments discussed above in Note 1: Description of the Plan, no significant events were identified requiring recognition or disclosure.
