INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Greenpoint Metals, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Greenpoint Metals, Inc. 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Greenpoint Metals, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greenpoint Metals, Inc. 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpoint Metals, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greenpoint Metals, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpoint Metals, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of this statement.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Greenpoint Metals, Inc. 401(K) Plan (the “Plan”) is provided for general information purposes only. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants should refer to the Plan document for more complete information.

General

The Plan was established January 1, 2004 and was restated July 1, 2022. Employees of Greenpoint Metals, Inc. (the “Company”), who have reached age 18 and have at least two months of service, are eligible to participate in the Plan. Normal retirement age is 65 years.

Contributions

A participant may authorize contributions up to the annual maximum amount permitted by the Internal Revenue Service (“IRS”) through payroll deductions. The Company has historically matched 25% of participants’ contributions up to 6% of their base compensation; however, the Company is not obligated to make matching contributions. Participants may allocate contributions made to their account in any of the investment options offered by the Plan. Participants are auto enrolled in the Plan at 6% when they first become eligible if they do not opt out of the Plan. The Company can also make an additional discretionary profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching contribution, and investment income and loss. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in Company discretionary match and profit sharing contributions based on the following schedule:

Years of Service	Vested Percentage
2	20%
3	40%
4	60%
5	80%
6+	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a distribution equal to the value of the participant's vested interest in their account in a lump-sum or equal annual installments. If the participant's vested balance is less than \$5,000, then the account balance will be distributed in a lump-sum as soon as practicable without consent from the participant.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a prevailing interest rate, which is commensurate with local prevailing rates as determined quarterly by the plan administrator at the time of the loan. Interest is charged until the loan is repaid and loans are not placed on a nonaccrual status. Principal and interest is paid ratably through payroll deductions and is credited to each participant's account balance. Loans are considered past due when scheduled payments are more than 30 days behind the original loan agreement payment schedule.

Administrative Expense

The expenses of administering the Plan and the related Plan assets may be paid by either the Company or from the assets of the Plan.

Forfeitures

Forfeitures may be used in succeeding years to reduce employer contributions or pay plan expenses. Forfeited nonvested accounts totaled \$40,796 and \$48,800 at December 31, 2025 and 2024, respectively. Forfeitures of \$54,117 and \$28,818 were used in 2025 and 2024, respectively, to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") and conform to the accounting requirements of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings, less withdrawals, and fees.

Contributions

Participants' contributions and Company matching and nonelective discretionary contributions are recognized in the period related payroll deductions are made. Company matching and nonelective contributions are true-up and accrued, if necessary, as of Plan year end and paid in the following Plan year.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The investments are not covered by federal insurance.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recognized at the time a payment is made. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to a participants' contributions. Amounts payable to participants for contributions in excess of amounts allowed by the IRS were \$0 at December 31, 2025 and \$1,857 at December 31, 2024. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

NOTE 3 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

All of the Plan investments were managed by Voya from January 1, 2024 through April 16, 2024. Voya was the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. No administrative fees were paid to Voya during the year ended December 31, 2025.

All of the Plan investments are managed by Charles Schwab Trust Bank from April 17, 2024 through December 31, 2025. Charles Schwab Trust Bank is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

During the year ended December 31, 2025, the Plan paid administrative fees of \$19,030 for investment advisory services and \$16,016 to PCA for recordkeeping services.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

In addition, during the year ended December 31, 2025, the Plan paid administrative fees of 2,919 for custodial services to Charles Schwab Trust Bank. These fees are included in administrative expense in the accompanying statement of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions but are exempt from the prohibited transaction rules under ERISA. The Company provides the Plan with certain accounting and administrative services for which no fee is charged.

NOTE 5 - INCOME TAX STATUS

The Company has adopted a non-standardized pre-approved profit sharing plan with CODE ("non-standardized plan"), which has received an opinion letter dated June 30, 2020 from the IRS stating that the prototype document, in form only, meets the requirements under the applicable sections of the Internal Revenue Code ("IRC") and is therefore qualified. The Plan has not obtained a determination letter from the IRS, nor is it required to do so. Although the Plan has been amended, the Company and the plan administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirement of the IRC as of December 31, 2025. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2022. There are currently no audits for any tax periods in progress.

NOTE 6 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value) in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission.

These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 6 - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and December 31, 2024:

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2025</u>		
Mutual funds	\$ <u>10,761,684</u>	\$ <u>10,761,684</u>
Total assets at fair value	\$ <u>10,761,684</u>	\$ <u>10,761,684</u>

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>
<u>December 31, 2024</u>

Total assets at fair value	\$ <u>8,679,974</u>	\$ <u>8,679,974</u>

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation/depreciation in fair value of investments.

NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Charles Schwab Trust Bank, the custodian at December 31, 2025 and December 31, 2024. Effective April 17, 2024, the Plan's custodian changed from Voya Retirement Insurance and Annuity Company to Charles Schwab Bank Trust. Investment information certified by Voya Retirement Insurance and Annuity is included for the period January 1, 2024 through April 16, 2024. Investment information certified by Charles Schwab Bank Trust is included for the period April 17, 2024 through December 31, 2025.

	<u>December 31, 2025</u>	<u>December 31, 2024</u>

Investment income	\$ <u>1,537,044</u>	

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through August 13, 2026, the date the financial statements were available to be issued.
