Independent Auditor's Report

To the Plan Administrator and Plan Participants
Francis Manufacturing Company
Employees Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Francis Manufacturing Company Employees Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Francis Manufacturing Company Employee Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note #7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Francis Manufacturing Company Employees Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Francis Manufacturing Company Employees Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Francis Manufacturing Company Employees Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Francis Manufacturing Company Employees Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters -Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note #1 – Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates:

Management used estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported additions and deductions of net assets. Actual results could vary from those estimates that were used.

Investment Valuation and Income Recognition:

Mutual funds are stated at fair values determined by quoted market prices.

Collective investment funds are valued at the net asset value determined by the administrator of the fund. The net asset value (NAV) is based on the underlying assets owned by the funds, minus its liabilities divided by the number of shares outstanding. The NAV's unit price is quoted by the administrator of the fund when the market is not active. The NAV is used as a practical expedient to estimate the fair value of the collective trust funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits:

Benefits are recorded when paid.

Note #2 – Description of the Plan

The following description of the Francis Manufacturing Company Employees Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan was established by Francis Manufacturing Company (the Company) effective December 1, 1961 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Certain usual and reasonable administrative expenses are paid by the Company and are excluded from these financial statements.

Eligibility:

Employees become eligible to participate in the Plan on December 31 of the year coinciding with or after completing six months of service and attaining the age of 18.

Note #2 – Description of the Plan (Continued)

Contributions:

Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans (Rollover Contributions). The Company may make a discretionary profit sharing contribution, which shall be allocated based on his or her compensation in proportion to total compensation of all eligible participants, to each eligible participant employed at December 31, who has completed 1,000 hours of service during the year. Participants will share in the profit sharing contribution for the year, regardless of the amount of service, if not employed on December 31 due to death, disability, or normal retirement. The Company made a 15% discretionary contribution in 2025.

Participant Accounts:

Each participant's account is credited with the allocations of the Company's contributions, forfeitures, and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Participants direct their investment contributions into investment options offered by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

If employment terminates after completion of six years of service, because of death, after attainment of retirement age, or as a result of total and permanent disability, the participant's account is fully vested. If employment terminates for any other reason, his or her account will be 20% vested after two years of service with an additional 20% vesting after each additional year of service. A year of service is a 12 – month period during which they are credited with 1,000 hours of service.

Payment of Benefits:

Participants are entitled to benefits upon termination of service, retirement, death, or total and permanent disability. Normal retirement age is 65 and early retirement is age 60 with five years of service. If a participant terminates employment prior to death, disability, or retirement, such participant may elect to receive a payment of his or her vested account balance. If the value of the vested account balance does not exceed \$5,000, then a distribution will be made regardless of a consent to receive it. Distributions under the Plan are made in installments, lump-sums or direct rollovers to an IRA or other eligible retirement plan.

Participants may receive in-service distributions after attaining age 59.5 and hardship distributions are permitted. Loans are not permitted.

Forfeited Accounts:

Forfeitures may be allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the plan year bears to the compensation of all participants for such year. No forfeitures were allocated for the year ended December 31, 2025. The Plan allows forfeitures held to be used to pay Plan expenses. Forfeitures of \$14,800 were used to pay Plan expenses for 2025. The balance of forfeitures held was \$142,459 and \$119,710 at December 31, 2025 and 2024, respectively. Subsequent to December 31, 2025, \$127,000 of forfeitures were allocated to plan participants.

Note #3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated funds of the trust shall be allocated, and all participants' accounts will become fully vested and nonforfeitable.

Note #4 – Investments

The Plan's investments are entirely participant – directed and are reported at fair value in the accompanying statements of net assets available for benefits.

Fair value measurements are as follows as of December 31, 2025:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$ 28,586,344	<u>\$ 28,586,344</u>
Other Investments Measured at Net Asset Value	<u>1,602,593</u> <u>\$ 30,188,937</u>	

Fair value measurements are as follows as of December 31, 2024:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$ 24,629,979	<u>\$ 24,629,979</u>

Note #4 – Investments (Continued)

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

In accordance with ASC Subtopic 820-10, certain investments measured at net asset value per share have not been classified in the fair value hierarchy. The fair value of the Collective Investment Funds are presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The Plan's Level 1 fair value measurements for certain mutual funds are priced using the fair value based on market quotes as of the valuation date.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>2025</u>				
Collective Investment Funds	<u>\$ 1,602,593</u>	None	Daily	None
<u>2024</u>				
Collective Investment Funds	<u>\$ 1,407,912</u>	None	Daily	None

Note #5 – Stable Value Fund

The Collective Investment Funds consist of Stable Value Funds. The Plan has a fully benefit-responsive group annuity contract with an investment company, which is called the Goldman Sachs Stable Value Collective Trust. The investment company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment annuity contract is included in the financial statements at contract value which is equal to fair value.

There are certain circumstances in which a withdrawal from the Fund would be redeemed at fair value rather than contract value. These circumstances may include employer-initiated events as follows: the partial or complete termination of the participating trust, the exclusion from coverage of a group of employees by the sponsor or the participating trust, the implementation of an early retirement program by the sponsor of the participating trust and termination of employment.

Note #5 – Stable Value Fund (Continued)

It is not probable an event would occur that would limit the funds ability to transact at contract value. The investment company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the investment company. The contract's crediting rate provides a fixed return for a period of time until the next monthly rate reset. Crediting rates for contracts are influenced by a number of factors including: 1) the current yield of the underlying assets in the contract, which may not reflect prevailing interest rates, (2) the duration of the underlying assets covered by the contract, (3) whether the market value of the underlying assets increases or decreases through investment performance, market conditions or otherwise, (4) the existing difference between the market value of the underlying assets and contract value and (5) the contract fees and certain other expenses incurred that are paid from the underlying assets. The management of these factors can affect the volatility of the Fund's crediting rate.

The average yield earned by the Fund's underlying investments is calculated by dividing the annualized earnings of the underlying investments by the fair value of those investments. For the years ended December 31, 2025 and 2024, the average yield based on the earnings of the Fund's underlying investments was 4.24% and 4.89%, respectively. The average yield earned by the Fund is calculated by dividing the actual interest credited to participants in the Fund by the fair value of the investments. For the year ended December 31, 2025 and 2024, the average yield based on the actual interest credited to participants was 3.36% and 3.11%, respectively.

Note #6 – Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(a) of the Internal Revenue Code and, therefore, the trust's net investment income is not subject to tax under present law. The Plan is designed in accordance with a standardized prototype, which received a favorable tax opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Note #7 – Certification & Party-In Interest Transactions

Certain of the Plan's investments and investment transactions were recorded by Bank of America, N.A. (BOA), the trustee. Therefore, the accompanying financial statements have been prepared from the information supplied and certified by the trustee, including investment assets, transactions, and earnings.

Note #8 – Subsequent Events, Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan has evaluated the need for disclosures and/or adjustments resulting from subsequent events through August 4, 2026, the date the financial statements were available to be issued. This evaluation did not result in any subsequent events that necessitated adjustments.
