INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Freeman Manufacturing & Supply Company Employee Capital Accumulation Plan
Avon, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Freeman Manufacturing & Supply Company Employee Capital Accumulation Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Freeman Manufacturing & Supply Company Employee Capital Accumulation Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Freeman Manufacturing & Supply Company Employee Capital Accumulation Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Freeman Manufacturing & Supply Company Employee Capital Accumulation Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Freeman Manufacturing & Supply Company Employee Capital Accumulation Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE CAPITAL ACCUMULATION PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Freeman Manufacturing & Supply Company Employee Capital Accumulation Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of The Freeman Manufacturing & Supply Company (the “Company” or “Plan Sponsor”) except those employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee of the Company must have completed six months of service. Employees may enter the Plan immediately upon meeting the service requirement. Participants become eligible to receive Company matching and discretionary non-elective profit sharing contributions after six months of service.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions through salary deferral agreements of up to 100% of eligible compensation, subject to IRS limitations, for the Plan year. The Plan includes an automatic enrollment feature whereby newly eligible employees are automatically enrolled at a deferral rate of 3% of compensation, which increases annually by 1% until reaching 6%, unless the participant elects a different rate or opts out of participation. Participants age 50 and over are eligible to make catch-up contributions, subject to IRS limits (\$7,500 for the 2025 Plan year). The Plan also permits rollover contributions from other qualified retirement plans. Participants may direct the investment of their contributions among the investment options offered by the Plan.

The Company may make matching contributions to Plan participant accounts at the discretion of Plan management. During 2025, the Company provided matching contributions equal to 50% of the first 6% of compensation deferred by participants. In addition, the Company may make discretionary non-elective profit-sharing contributions, as further defined in the Plan document. There were no discretionary non-elective profit-sharing contributions contributed by the Company to the Plan in 2025.

Participant accounts: Each participant’s account is credited with the participant’s contribution, an allocation of (a) the Company’s contributions, if any, and (b) plan earnings, and is charged with an allocation of the Plan’s administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. The participant’s interest in the Company’s matching contributions and discretionary non-elective profit-sharing contributions is also immediately fully-vested and nonforfeitable.

Notes receivable from participants: The Plan allows participants to obtain a loan from the Plan. Loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence; and, the loan is secured by the participant's entire account balance or by other collateral agreed to by the trustee. Loans will be charged interest at a rate comparable to the rate charged by a commercial lender for a similar loan at the date of issuance. Interest income is recorded on the accrual basis.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. In case of hardship, a participant may apply for a distribution as described in the Plan agreement. Lump-sum distributions are required if the vested balance, excluding rollover contributions, is \$5,000 or less. Actively employed participants may begin receiving distributions at age 59½.

Forfeited accounts: Forfeitures are retained in the Plan and used to reduce future employer contributions payable under the Plan. Forfeited non-vested accounts totaled \$157 and \$3,892 as of December 31, 2025 and 2024, respectively. During 2025, \$942 were added to the forfeiture account through revenue sharing credits and dividends and \$4,677 were used to reduce employer matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In the event of a participant loan default, the unpaid balance is treated as a deemed distribution for tax reporting purposes. However, the loan balance continues to be reported as a note receivable from participants for financial reporting purposes until the loan is repaid or written off. Interest continues to accrue on defaulted loans in accordance with the terms of the Plan.

Loans that are deemed distributed and for which no repayments are being made are generally excluded from the Schedule H, Line 4i – Schedule of Assets (Held at End of Year), but continue to be reported as notes receivable from participants on the statement of net assets available for benefits until formally written off in accordance with plan policy.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors may be paid either by the Company or by the Plan, at the Company's discretion. Certain investments of the Plan provide for revenue sharing, whereby a portion of the investment management fees are returned to the Plan to offset plan administrative expenses. If such revenue exceeds the agreed-upon compensation for plan services, the excess is allocated to the accounts of eligible participants. These amounts are generally allocated to participant accounts in the same manner as administrative expenses and are reflected as a reduction of expenses. In 2025, participant revenue credits totaling \$1,240 were applied to reduce administrative expenses. Total administrative expenses before such credits were \$39,555. After applying these credits, net administrative expenses of \$38,315 were reflected in the accompanying statement of changes in net assets.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through August 17, 2026, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds (registered investment companies): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at net asset value: The Fidelity Advisor Stable Value Fund is a common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts which is valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy:				
Mutual funds	\$ 11,354,729	\$ -	\$ -	\$ 11,354,729
Investments measured at net asset value ^(a) :				
Common/collective trust				302,303
Investments at fair value	<u>\$ 11,354,729</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,657,032</u>
Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy:				
Mutual funds	\$ 10,230,378	\$ -	\$ -	\$ 10,230,378
Investments measured at net asset value ^(a) :				
Common/collective trust				279,940
Investments at fair value	<u>\$ 10,230,378</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,510,318</u>

- (a) Certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2025 and 2024.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity Management Trust Company, the trustee. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2025	2024
Net assets available for benefits:		
Investments, at fair value	\$ 11,657,032	\$ 10,510,318
Notes receivable from participants	174,597	135,473
	<u>\$ 11,831,629</u>	<u>\$ 10,645,791</u>
Additions to net assets:		
Net appreciation in fair value of investments	\$ 990,787	
Interest and dividends	717,081	
Interest income on notes receivable from participants	11,645	

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the applicable section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS, dated June 30, 2020, that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended and restated since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity Investments and its affiliates. Fidelity Management Trust Company, an affiliate of Fidelity Investments, serves as trustee of the Plan. Accordingly, these transactions qualify as party-in-interest transactions under ERISA. Fees paid by the mutual funds for investment management services are reflected in the net asset values of the respective funds.

The Plan also issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions are considered party-in-interest transactions under ERISA.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options which, along with the underlying securities, are exposed to risks such as market, interest rate, and credit risk. Investment values may decline for a variety of reasons, including changes in prevailing market conditions and interest rates, as well as increases in defaults and credit rating downgrades.

NOTE 8 – PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.
