To the Participants and Plan Administrator of
Glenn Thurman, Inc. 401(k) Profit Sharing Plan
Balch Springs, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Glenn Thurman, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of this report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance, and therefore it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Glenn Thurman, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the Glenn Thurman, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Glenn Thurman, Inc. and its wholly owned subsidiaries Thurman Transportation, Inc. and GTI Energy Services, LLC (collectively, the "Company" or "Employer"). Employees who have completed one year of service with more than 1,000 hours during a twelve-month period are to be eligible to participate in the Plan.

The Plan commenced effective May 1, 1986, and was amended and restated effective January 1, 2022, to comply with the latest rules and regulations. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodians and Trustees

Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, the "Custodians") are the Custodians maintaining custody of all investments held by the Plan. Empower Retirement, LLC ("Recordkeeper") maintains the Plan's participant account balances and provides recordkeeping services to the Plan. Among other duties, the Recordkeeper receives contributions, holds and invests the fund assets in accordance with the direction of participants, and makes distributions as directed by the Plan Administrator. Certain officers of the Company serve as trustees of the Plan.

Contributions

Eligible participants may elect to contribute a percentage of pretax annual compensation, as defined in the Plan Document, up to the maximum limit permitted under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

The Plan provides for Safe Harbor Employer matching contribution equal to 100% of the first 3% and 50% of the next 2% of each participant's eligible compensation contributed to the Plan as employee contributions. In addition, at the discretion of the Company's board of directors, the Company may make discretionary non-elective contributions. The Company made no non-elective contributions for the year ended December 31, 2025.

All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, allocations of the Company's discretionary contributions, and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document. Participants may direct the allocation of their account balances to one or more of these options, which vary in types of investment, rates of return, and investment risk.

Vesting

Participants are immediately fully vested in their pre-tax contributions, rollover contributions, and Safe Harbor Employer matching contributions, plus any income or loss thereon.

Vesting in Employer matching, discretionary non-elective contributions and actual earnings thereon, made prior to January 1, 2015, are based on years of service with a participant becoming 20% vested after two years of credited service, and increasing at a rate of 20% per year until reaching full vesting after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined on the date the loan is distributed, is set at 1% above Prime rate, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly. Terms range up to five years, or longer if the loan is used for the purchase of a primary residence.

Payment of Benefits

Upon separation of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump sum payment from the vested portion of their account balance. Vested account balances of a terminated employee with a balance less than or equal to \$5,000 are immediately distributable in a lump sum payment under the terms of the Plan, without the participant's consent.

Account balances exceeding \$1,000 but less than or equal to \$5,000 may be distributed to an individual retirement account for the benefit of the participant designated by the Plan Administrator. Account balances less than or equal to \$1,000 may be distributed as a lump sum distribution.

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan (continued)

Payment of Benefits (continued)

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½ or from a participant's rollover account.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$19 and \$767, respectively. These accounts will be used to reduce future Employer contributions or to pay Plan administrative expenses. During 2025, Employer contributions were reduced by \$11,869 from forfeited nonvested accounts, in accordance with Plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Custodians. See Note 4 for discussion of fair value measurements.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

Glenn Thurman, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2025 and 2024

2. Summary of Accounting Policies (continued)

Contributions

Contributions from participants and the matching contributions from the Employer are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the Plan's Custodians and qualified institutions:

- Investment information and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividend income from investments, and interest income on notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

Glenn Thurman, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2025 and 2024

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **Investments measured at NAV:** Investments consisting of common collective trust funds and pooled separate accounts are valued at the NAV per unit as determined by the Custodians. The NAV, as provided by the Custodians and fund managers, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of a collective trust investment, the investment adviser reserves the right to temporarily delay withdrawals from the trust to ensure that liquidations of the underlying securities are carried out in an orderly manner.

Glenn Thurman, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2025 and 2024

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,529,646	\$ -	\$ -	\$ 8,529,646
Investments measured at NAV (a)	-	-	-	1,467,925
Investments at fair value	\$ 8,529,646	\$ -	\$ -	\$ 9,997,571

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)	-	-	-	7,782,392
Investments at fair value	\$ -	\$ -	\$ -	\$ 7,782,392

(a) In accordance with FASB ASC 820, certain investments (common collective trust funds and pooled separate accounts) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Guaranteed Investment Contract with Insurance Company

The Plan has a guaranteed investment contract with Empower Annuity Insurance Company of America (the "Issuer") in the form of a group annuity contract that invests contributions in the Key Guaranteed Portfolio Fund (the "Fixed Account"). Interest earned on the Fixed Account value is compounded daily to the effective annual interest rate. The interest rate to be credited to the Plan will be determined by the Issuer prior to the last day of the previous calendar quarter.

The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

This guaranteed investment contract is a traditional investment contract. The Issuer is contractually obligated to repay the principal and interest at a specified interest rate guaranteed to the Plan. The crediting rate is based on a formula established by the Issuer, but may not be less than 0%, and the rate is reviewed for resetting on a quarterly basis. The contract cannot be terminated before the scheduled maturity date.

Glenn Thurman, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2025 and 2024

5. Guaranteed Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include the following: (i) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Custodian, which are considered party-in-interest transactions as defined by ERISA.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. Tax Status

The Company has adopted a pre-approved plan document offered by RetirementPlans.com that has received an IRS Determination Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the IRS Determination Letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
