Independent Auditors' Report

To the Plan Administrator of
XBP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of XBP 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude, whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

The XBP 401(k) Plan (Plan) is sponsored by XBP Americas (Company or Plan Sponsor). The Company's corporate offices are located in Irving, Texas. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Company's board of directors established the Plan effective January 1, 1997. The Plan is a voluntary defined contribution plan covering substantially all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company acts as the Plan administrator. Principal Trust Company (Trustee) is responsible for the custody and management of the Plan's assets and acts as the recordkeeper of the Plan.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows for certain provisions to participants impacted by COVID-19 such as in-service distributions up to \$100,000, loan borrowings up to \$100,000, and suspension of loan payments and required minimum distributions. In accordance with the CARES Act, the Plan has until December 31, 2026 to formally amend the plan documents.

During the year ended December 31, 2025, the Plan was amended to change the Plan's name from Exela 401(k) Plan to XBP 401(k) Plan and to provide additional contributions on behalf of eligible employees covered under a collective bargaining agreement.

Eligibility and Participant Accounts

All employees of the Company are eligible to participate in the Plan, as defined in the Plan document. Additionally, the Plan allows for separate bonus pay deferral elections and accepts after-tax rollover contributions from other qualified defined contribution plans. Subject to certain limitations on annual additions, each participant's account is credited with the participant's voluntary contributions and allocations of the Company's discretionary contributions, forfeitures, and Plan earnings or losses. Allocations are based on participant earnings on account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants of the Plan may elect to contribute their pre-tax annual compensation, as defined by the Plan, limited to the maximum amount permitted under the applicable Internal Revenue Code (IRC). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are allowed and may be made prior to meeting the eligibility requirements for participation in the Plan. Participants are also permitted to designate a portion or all of their participant deferrals as Roth contributions to the Plan.

XBP 401(k) Plan

Notes to Financial Statements

The Plan allows for employer discretionary matching and profit sharing contributions in amounts to be determined by the Company. During the year ended December 31, 2025, no discretionary matching and profit sharing contributions were made.

Regarding Union employees of Pacific Northwest United Information Services, under the collective bargaining agreement, the Plan contributes \$125 per calendar month to each covered employee paid for at least 80 hours during applicable calendar months. During the year ended December 31, 2025, employer contributions were made totaling \$60,750.

The Plan includes auto-enrollment and auto-increase provisions whereby all newly eligible employees, except Union employees, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic elective deferral rate is increased by 1% on the first day of each Plan year up to a maximum automatic elective deferral rate of 10%.

Vesting

As defined by the Plan, participant voluntary contributions to the Plan, plus actual earnings or losses thereon, are fully vested at all times. The participant's share of the Company's matching and profit sharing contributions and earnings or losses thereon vest in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	100%

Vesting under the Plan is based upon the elapsed time method. Hours of service are not counted and instead periods of service are computed. The period of service starts with the participant's hire date and, generally, ends the date the participant terminates. Whole years of service with the Company will be counted to compute years of service. A participant will automatically become fully vested in Company matching contributions in the events of retirement at age 65, permanent disability, or death.

Benefits Paid to Participants

Participants who withdraw for reasons of termination of service or disability, retirement, or death are entitled to their vested account balance. Benefits are distributed in the form of lump sum, single distributions, installment payments, or direct rollover into another qualified plan or individual retirement account (IRA). If withdrawing participants are not entitled to their entire account balance, the non-vested amounts are forfeited. The Plan requires all benefit payments less than or equal to \$5,000 to be paid in the form of a lump sum or automatically rolled over into an IRA. Benefit payments greater than \$5,000 may be deferred. Participants are entitled to hardship distributions which are defined under IRC §401(k) and related regulations.

XBP 401(k) Plan

Notes to Financial Statements

Forfeitures

Forfeited balances of terminated participants' non-vested employer matching contributions shall be used to restore the account balances of former Plan participants who are rehired within five years, to reduce Company contributions or to reduce Company administrative expenses. Forfeited balances of terminated participants' non-vested profit sharing contributions are used to reduce the Company's profit sharing contributions or reduce administration expenses. There were no unallocated forfeitures available for future use at December 31, 2025 and 2024. During the year ended December 31, 2025, \$23 of forfeitures were used to pay administrative expenses.

Notes Receivable from Participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Under the Plan, participants may obtain loans in amounts up to 50% of their vested balance not to exceed \$50,000. The repayment terms of loans may not exceed five years except for loans used to acquire a principal residence. Each loan bears interest at a rate determined by the Plan. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded at December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Administrative Expenses

Administrative expenses related to loans are paid by the requesting participants. Expenses incurred in connection with the administration of the investments of the Plan and participant account balances are primarily paid by the Company. The Company pays certain professional fees and payroll costs associated with Plan administration and such costs are not reflected in the financial statements of the Plan.

Plan Termination

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

XBP 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

- | | |
|---------|---|
| Level 1 | Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets. |
| Level 3 | Valuations derived from valuation techniques in which one or more significant inputs are unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts include investments in various securities, primarily stocks, bonds, mutual funds and cash and cash equivalents. These investments are valued using quoted prices in active markets.

Collective Trusts

These investments are valued using the NAV of shares held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

XBP 401(k) Plan

Notes to Financial Statements

The Plan holds investments in the Principal Stable Value Z Fund (Fund), which is managed by the Trustee and invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts (Wrap) issued by third parties and invests in cash equivalents represented by shares in money market funds. A Wrap is a contract with an insurance company or bank, which absorbs any gains or losses caused by market fluctuations. The Wrap allows investors to hold their investments at the original par or book value plus accrued interest, resulting in stable rates of return. The fair value of the units of this investment is based on the fair value of the underlying investments, and a NAV can be calculated for this Fund. These investments are not fully benefit-responsive funds; however, they do contain several redemption restrictions: redemptions by Plan participants to reinvest in options that compete with the Fund may be delayed for up to 90 days, and full or partial Plan administrator directed redemptions or terminations may be delayed for up to 365 days.

The Plan also holds other assets and liabilities not measured at fair value on a recurring basis, including notes receivable from participants. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2025:

	Level 1	Total
Mutual funds	\$ 73,296,044	\$ 73,296,044
Self-directed brokerage accounts	6,194,785	6,194,785

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024:

	Level 1	Total
Mutual funds	\$ 78,803,419	\$ 78,803,419
Self-directed brokerage accounts	4,893,376	4,893,376
Collective trusts measured at NAV*	-	251,361,746
	<u>\$ 83,696,795</u>	<u>\$ 335,058,541</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Investments Measured using the NAV per share as a practical expedient

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trusts	\$ 242,060,364	\$ 237,566,940	n/a	Daily	n/a
Stable value collective trust	13,169,820	13,794,806	n/a	Daily	12 months
	<u>\$ 255,230,184</u>	<u>\$ 251,361,746</u>			

5. Financial Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee, a party-in-interest as defined by ERISA, at December 31, 2025 and 2024 and for the year ended December 31, 2025, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

XBP 401(k) Plan

Notes to Financial Statements

This information consists of the following:

	2025	2024
Mutual funds	\$ 73,296,044	\$ 78,803,419
Self-directed brokerage accounts	6,194,785	4,893,376
Collective trusts	255,230,184	251,361,746
Notes receivable from participants	3,268,441	3,813,002
Total	<u>\$ 337,989,454</u>	<u>\$ 338,871,543</u>
Interest income on notes receivable from participants	<u>\$ 287,854</u>	
Interest, dividends and other income	<u>\$ 2,565,196</u>	
Net appreciation in fair value of investments	<u>\$ 43,378,088</u>	

6. Tax Status of the Plan

The Plan is based on a prototype plan developed by the Trustee which received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

7. Related Party Transactions and Parties-In-Interest Transactions

Certain Plan investments are shares of collective trusts managed by the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

XBP 401(k) Plan
Notes to Financial Statements

8. Subsequent Events

Plan management has evaluated all other subsequent events through August 20, 2026, the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
