Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **WESSEL & COMPANY**

(2) EIN: **25-1390233**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Markosky Engineering Group 401k Plan
Ligonier, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Markosky Engineering Group 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Markosky Engineering Group 401k Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. b As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Markosky Engineering Group 401k Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Markosky Engineering Group 401k Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103 (a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users based on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Markosky Engineering Group 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Markosky Engineering Group 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARKOSKY ENGINEERING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Markosky Engineering Group 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of The Markosky Engineering Group, Inc. ("the Company"). An employee is eligible to participant in the plan when the employee has completed 3 months of service and has attained age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan management is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants are permitted to make elective deferrals up to the maximum percentage of compensation and flat dollar amounts permissible under the Internal Revenue Service Code, not to exceed certain limits. Participants may also designate all or a portion of their elective deferrals as after-tax Roth elective deferrals.

Participants who have attained age fifty (50) by the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Participants that have completed one (1) year of credited service are eligible to receive annual Company safe harbor nonelective contributions of 3%. The Company in order to maintain "safe harbor" status will make a contribution equal to three (3) percent of participants compensation. This contribution is 100% vested.

At the direction of the Board of Directors, the Company may make a discretionary matching contribution. If the Company does makes an additional discretionary matching contribution, the additional discretionary matching contribution will not apply as to elective deferrals exceeding 6% of a participant compensation. The total amount of this discretionary additional matching contribution will not exceed 4% of a participant compensation.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. The Plan currently offers registered investment companies, common/collective trusts, pooled investment, investment contracts with Insurance company and self-directed brokerage as investment options.

Contributions to the Plan are recorded in the period that payroll deductions are made from participants. Company contributions are accrued based upon the period those contributions relate to. Any receivables from the Plan Sponsor are unsecured.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Companies' non-elective discretionary contribution, if any, and (b) the Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always fully vested in their voluntary contributions, rollover contributions, safe harbor contributions and any earnings thereon. Vesting in the remainder of their account (including nonelective employer contributions and employer additional discretionary matching contributions) is earned in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the number of years of service, a participant's account balance (including nonelective employer contributions and employer additional discretionary matching contributions) becomes fully vested if a employed participant is employed on or after normal retirement age, becomes permanently disabled, or account of death.

Notes Receivable from Participants

Active participants may request to obtained a loan from their fund account with a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participants may only have one (1) loan outstanding at one time. A participant may request a general purpose loan which has a term of twelve (12) to sixty (60) months. A participant may request a principal residence loan has a term of sixty-one (61) to two hundred and forty months (240) months. A loan is secured by the balance in the participant's account and bear interest at 1% over the Prime Rate published by the Wall Street Journal on the first business day of the month. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant with a balance that exceed \$7,000 may elect to receive a lump-sum, partial, or annual installment payment amounts equal to the value of the participant's vested interest in their account. The amount, form, and timing of distributions available to a participant may also be limited by the investment options that comprise their vested account balance or other plan requirements. Upon reaching age fifty-nine and a half (59 ½), participants may elect to receive in-service withdrawals. The Plan also maintains a provision for qualifying hardship distributions.

Forfeited Accounts

Forfeitures may be used to pay plan expenses, used to reduce any nonelective contribution or used to reduce any matching contribution, as defined in the Plan document. At December 31, 2025, forfeited nonvested accounts totaled \$475.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three (3) levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Shares of registered investment companies are valued at quoted market prices.

Pooled separate accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy.

Common/Collective Trust Funds: Valued at the NAV of units held by the Plan at year end adjusted for any cash held for liquidity purposes and any fees imposed by the fund. The net asset value per unit is determined by dividing the net assets by the number of units outstanding on the day of valuation. The net asset value of the fund is determined daily. Units are issued and redeemed daily, at the daily net asset value. Also the net investment income and realized and unrealized gains on investments are not distributed.

Investment Contract with Insurance Company: Represents a fully benefit-responsive investment contract and guarantees a fixed rate of interest. See Note 4 for valuation methodology for the investment contract with insurance company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's assets measured at fair value on a recurring basis:

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
<i>As of December 31, 2025</i>				
Registered Investment Companies	<u>\$ 328,832</u>	<u>\$ ---</u>	<u>\$ ---</u>	\$ 328,832
Pooled Separate Accounts (a)				914,803
Common/Collective Trust Funds measured at Net Asset Value (a)				<u>10,675,655</u>
Total Assets at Fair Value				<u>\$11,919,290</u>

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
<i>As of December 31, 2024</i>				
Registered Investment Companies	<u>\$ 1,510,311</u>	<u>\$ ---</u>	<u>\$ ---</u>	\$ 1,510,311
Pooled Separate Accounts (a)				677,288
Common/Collective Trust Funds measured at Net Asset Value (a)				<u>7,133,742</u>
Total Assets at Fair Value				<u>\$ 9,321,341</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table sets forth additional disclosures for the investments whose fair value is estimated using net asset value per share practical expedient (or its equivalent) as follows.

NOTE 4 FULLY BENEFIT-RESPONSIVE CONTRACT

EI Fixed Account – Series Class III

The Plan maintains an investment in the Empower (EI) Fixed Account – Series Class III which is a fully benefit responsive traditional investment contract (GIC). The carrying value of the EI Fixed Account Investment was \$11,542 and \$23,482 as of December 31, 2025 and 2024, respectively. Under the contract, the participants principal and interest are fully guaranteed by the general account assets of Empower Annuity Insurance Company of America. The investment strategy employed seeks to achieve consistent returns to support a competitive credited rate.

The contract meets the fully benefit-responsive investment contract criteria and therefore were reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Each quarter an interest rate is established for new deposits received in that quarter and that interest rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is then established each subsequent calendar year and is guaranteed for one calendar year. The contracts do not have a maturity date. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield earned for 2025 is 1.95%. The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the plan's quarterly interest rates. That average actual yield for 2024 was 1.91%

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under section 501(a) of the Code; premature termination of the contract; Plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations. Plan management does not believe any of the above events are probable of occurring.

NOTE 5 CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC. and Empower Annuity Insurance Company of America, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income and interest income from notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- Investment and participant loan information included in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown on the ERISA required supplemental schedule.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent (100%) vested in their non-elective discretionary Company contributions.

NOTE 7 TAX STATUS

The Plan adopted Non-Standardized Pre-Approved Profit Sharing Plan, Money Purchase with CODA. The Non-Standardized plan received an opinion letter from the Internal Revenue Service dated November 11, 2022, as to the Non-Standardized Pre-Approved Profit Sharing Plan, Money Purchase with CODA plan's qualified status. The Non-Standardized plan opinion letter has been relied upon by this Plan. The Non-Standardized plan has been amended since receiving the determination letter. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan transactions are handled by ACEC Retirement Trust, which provides administration and retirement solution services, as defined by the Plan, and Empower Annuity Insurance Co. of America is the recordkeeper as defined by the Plan; therefore, such transactions qualify as party-in-interest transactions. Direct compensation paid to ACEC Retirement Trust and Empower Annuity Insurance Co. of America by the Plan for the year ended December 31, 2025 amounted to \$17,358 and \$1,025, respectively. Substantially all other fees related to the Plan are paid for directly by the Company. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 19, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
