Independent Auditor's Report

Plan Administrator
Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor’s Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Plan Description

The following description of the Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established effective June 1, 2023, and restated January 1, 2025. The Plan covers all employees, excluding collective bargaining employees and nonresident alien employees, of Probo Medical LLC, Alpha Source LLC, and Remetronix Medical LLC (collectively, the Company) who have 30 days of service, as defined by the Plan agreement, and at least 21 years of age. Eligible employees become participants in the Plan on the first day of each month of the Plan year, coincident with or immediately following attainment of these requirements. Employees who have completed 1,000 hours of service during the year and who are employed on the last day of the Plan year are eligible to receive discretionary contributions, if applicable. Long-term part-time employees who met eligibility requirements under SECURE Act 2.0 are also eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2025, the Plan was restated. As a result of the Plan restatement, the Plan name changed from Alpha Source LLC 401(k) Plan to Probo Medical, LLC 401(k) Plan.

On December 31, 2024, the assets of the Probo Medical 401(k) Plan and the Remetronix Medical 401(k) Plan totaling \$12,430,637 and \$2,423,658, respectively, were transferred to the Plan and received on January 2, 2025. These amounts were recorded as an other receivable on the 2024 financial statements.

Contributions: Each year, participants may contribute a percentage of their pre-tax and/or after-tax annual compensation, as defined in the Plan agreement. Contributions are recorded in the year in which participant compensation is withheld. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For the year ended December 31, 2025, the Company made safe harbor matching contributions to the Plan up to 100% of a participant's first 3% of a participant's compensation plus 50% of a participant's salary reduction between 3% and 5% of the participant's compensation, with a maximum match of 4%. In addition, the Plan allows for a discretionary matching contribution to all participants. There were no discretionary contributions made during the year ended December 31, 2025. Company contributions are invested in a manner consistent with participant contributions. Contributions are subject to certain limitations.

Contributions from plan participants and the related matching contribution from the Company are recorded in the year in which the participant's contributions are withheld from compensation.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of: (a) the Company's contributions, if any, and (b) plan earnings, and charged with an allocation of certain administrative expenses (if any). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their voluntary contributions and safe harbor matching contributions plus earnings. Vesting on other employer discretionary contributions is based on continuous service. A participant is 100% vested after three years of credited service.

Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Participants are limited to one outstanding note at any time. The terms of a note receivable cannot exceed five years unless the note receivable is for the purchase of the employee's principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates range from 4.25% to 10.50% for all outstanding notes at December 31, 2025. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. In addition, participants may make withdrawals of vested funds upon reaching age 59 ½ or by determination that a financial hardship, as defined by the Plan agreement, has occurred.

Forfeitures: Forfeited accounts can be used to reduce employer contributions, allocated to participants as a discretionary employer match or to pay administrative expenses of the Plan. Forfeitures are allocated to participants based on the participant's compensation to total compensation for all participants. At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$10,000 and \$31,000, respectively. Approximately \$38,000 of forfeitures were used to pay plan expenses or reduce employer contributions during the year ended December 31, 2025.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Company.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Benefit payments: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully-benefit responsive investment contracts which are to be reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Fully benefit-responsive investment contract: Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the quoted market price of the fund as reported on public exchanges.

Common collective trust funds: Valued at a daily net asset value (NAV) per unit held by the Plan as quoted by the funds. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is the basis for current transactions. Participant transactions may occur daily. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through August 17, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and the ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Empower, a qualified institution, as complete and accurate:

	2025	2024
Mutual funds, at fair value	\$ 34,522,923	\$ 17,393,677
Common collective trust fund, at fair value	106,676	-
Fully benefit-responsive investment contract, at contract value	590,882	538,805
	<u>\$ 35,220,481</u>	<u>\$ 17,932,482</u>
Notes receivable from participants	<u>\$ 595,802</u>	<u>\$ 333,318</u>

Empower has certified to the completeness and accuracy of \$3,885,322 of net appreciation in fair value of investments, \$1,093,849 of interest and dividend income related to the aforementioned investments, and \$47,080 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 34,522,923	\$ -	\$ -	\$ 34,522,923
Investments measured at NAV				106,676
Total Investments, at fair value				<u>\$ 34,629,599</u>
Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 17,393,677	\$ -	\$ -	\$ 17,393,677

Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2025 and 2024:

Investment Category	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
	2025	2024			
Common collective trust fund	\$ 106,676	\$ -	\$ -	Daily	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment for one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no significant transfers in or out of Level 3.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional fully benefit-responsive guaranteed investment contract, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of December 31, 2025 and 2024, the traditional investment contract was valued at \$590,882 and \$538,805, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract.

Probo Medical, LLC 401(k) Plan f/k/a Alpha Source LLC 401(k) Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Income Tax Status and Uncertain Tax Positions

The Plan adopted a non-standardized form of a pre-approved plan by Empower Retirement, LLC. The pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2022.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8. Related-Party and Party-In-Interest Transactions

Empower manages certain investments and provides services to the Plan; therefore, these transactions qualify as party-in-interest under ERISA guidelines. Fees paid by the Plan to Empower amounted to approximately \$46,000 for the year ended December 31, 2025.

Note 9. Plan Merger and Subsequent Event

Effective March 27, 2026, Davis Medical Electronics, Inc. 401(k) Profit Sharing Plan was merged into the Plan. Plan assets of approximately \$234,367 were transferred into the Plan.
