INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants
G&A Managers, LLC Retirement Plan
Alpharetta, GA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of G&A Managers, LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) Audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2024 Financial Statements* section:

- the amounts and disclosures in the accompanying 2024 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying 2024 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2024 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) Audit opinion on the 2024 Financial Statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) Audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) Audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 Financial Statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 17, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

G&A MANAGERS, LLC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of plan:

The following description of the G&A Managers, LLC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is National Custom Corporate Services, Inc. and affiliated participating employers (the Company, Plan Sponsor, or Plan Administrator). The Plan is a defined contribution plan covering all employees of the Company who have attained age 21. The Plan entry date is the first day following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee is responsible for oversight of the Plan, and along with the Plan's investment advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute to the Plan up to 90% of their pre-tax or Roth after-tax compensation as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically-enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated default investment fund until changed by the participant. This Plan includes an automatic escalation provision whereby a participant's deferral rate will increase annually by 1% of eligible compensation up to a maximum of 6%. The Company makes a Qualified Automatic Contribution Arrangement (QACA) safe harbor match of the first 100% of the first 1% of eligible compensation and 50% of the next 5% of eligible compensation that participants contribute to the Plan. The Company's QACA safe harbor contributions for the year ended December 31, 2024 totaled \$333,373. The Company can also make discretionary matching and/or nonelective contributions. The Company did not fund discretionary matching or discretionary non-elective contributions for 2024. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Upon enrollment into the Plan, participants may direct the investment of both employee and Company contributions into various investment options offered by the Plan.

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the applicable Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's QACA safe harbor, discretionary matching, or discretionary non-elective contributions portion of their accounts, plus earnings thereon, is based on years of continuous service. A year of service is credited each year a participant works at least 1,000 hours. Participants become vested in Company discretionary matching or discretionary non-elective contributions in accordance with a five-year graded vesting schedule. Company QACA safe harbor contributions vest 100% after the completion of two years of continued service, as defined by the Plan document.

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts are used to reduce the Company's contribution or to pay administrative expenses for the Plan year.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$43,523 and \$17,292, respectively. During the year ended December 31, 2024, \$17,428 was used to pay administrative expenses and no amount was used to reduce Company contributions.

Payment of benefits

A participant is entitled to receive a single lump-sum from the vested value of his or her account upon attainment of age 59½, retirement, termination of employment, disability, or death. While actively employed, a participant may elect to make a partial or complete withdrawal of after-tax contributions, rollover contributions, and elective transfer contributions, including any earnings thereon. In addition, under certain hardship circumstances, a participant may make a withdrawal of pre-tax contributions, and catch-up contributions.

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 1 - Description of plan - continued:

Payment of benefits - continued

Upon termination of employment, for a participant with an account balance not greater than \$5,000, the Plan will automatically pay the total balance to the participant in a single lump-sum, as soon as practicable after the participant leaves the Company. If the participant's account balance exceeds \$5,000, the participant may elect either to receive immediate payment, or to leave the balance in the Plan until the required distribution date, regardless of the participant's age when they terminate employment.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period may be extended. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest are paid ratably through payroll deductions. Participants are allowed one note outstanding at any time.

Corrective distributions payable

Amounts payable to participants related to certain corrective distributions are recorded as a liability with a corresponding increase to benefits paid to participants, as recorded in the accompanying statement of changes in net assets available for benefits.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are directly charged to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

December 31, 2024 and 2023

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Fully benefit-responsive investment contracts

Fully benefit-responsive investment contracts are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contract plus interest at the contract rates less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the guaranteed interest account, see Note 5. The statements of net assets available for benefits present the contract value of the guaranteed interest account.

Common collective trust funds

Investments in the common collective trust funds are required to be reported at fair value. The common collective trust funds are composed primarily of investment contracts held by the fund's trustee that are fully benefit-responsive at the fund level. These contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. The Plan has elected to value the common collective trust funds using net asset value (NAV) as a practical expedient to determine fair value.

Investment valuation and income recognition

Investments are reported at fair value (except for those noted in Note 5, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors Empower Trust Company (ETC) and Empower Annuity Insurance Company of America (EAICA).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

G&A MANAGERS, LLC RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 2 - Summary of significant accounting policies - continued:

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts of reported assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent legislative developments

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2024 and 2023. Plan management continues to evaluate the impact of the optional provisions of SECURE 2.0 and is awaiting additional regulatory guidance from the Internal Revenue Service (IRS) and Department of Labor. The application of the SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan years ended December 31, 2024 and 2023.

G&A MANAGERS, LLC RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 2 - Summary of significant accounting policies - continued:

Recent accounting pronouncements

The AICPA Financial Reporting Executive Committee (FinREC) approved enhanceive accounting updates related to accounting for revenue sharing arrangements in accordance with Financial Accounting Standards Board (FASB) ASC No. 606, Revenue from Contracts with Customers. Revenue sharing amounts are not considered revenue under ASC No. 606 due to the fact that they are intended to reduce administrative costs for the plan and not paid to the plan for delivering or producing goods, rendering services, or undertaking other activities for the investment manager. A plan should consider all relevant facts and circumstances, including the terms of the agreement to determine the appropriate presentation of revenue sharing amounts. The presentation should be applied on a consistent basis and the plan should consider whether the presentation of revenue sharing amounts is a significant accounting policy that should be disclosed in the notes to the financial statements. If significant, the notes to the financial statements should include a description of revenue sharing arrangements including how such arrangements are presented in the financial statements. The adoption did not have a material impact to the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through August 17, 2026, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2024, have been incorporated into these financial statements.

Note 3 - Information certified:

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. ETC and EAICA held the Plan's investment assets and executed all investment transactions as of December 31, 2024 and 2023 and for the year ended December 31, 2024. Management has determined that ETC and EAICA are qualified institutions and the information prepared and certified by ETC and EAICA meet the requirements of ERISA Section 103(a)(3)(C). Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, dividend and interest, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by ETC and EAICA.

G&A MANAGERS, LLC RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no significant changes in the methodologies used at December 31, 2024 and 2023.

- Mutual funds are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.

G&A MANAGERS, LLC RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2024 and 2023

Note 4 - Fair value measurements - continued:

- Units of participation in the common collective trusts are valued at the net asset value (NAV) provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair values of the underlying assets held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

Common collective trusts	\$ 2,485,237	None	Daily	Daily

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common collective trusts	\$ 1,813,273	None	Daily	Daily

Note 5 - Guaranteed interest account:

The Plan maintains an investment in the Massachusetts Mutual Guaranteed Interest Account, which is a guaranteed interest account provided through a group annuity contract. As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The contract may not be terminated prior to the scheduled maturity date.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. Removal of a group of participants from plan coverage as a result of temporary absence; change in position or other occurrence qualifying as a temporary break in service under the Plan.

Note 5 - Guaranteed interest account - continued:

2. Transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the Company.
3. Cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan Sponsor's business.
4. Removal from the Plan of one or more groups, or classifications, or participants.
5. Partial or complete Plan termination.
6. Failure of the Plan to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.

The Plan Administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Related party transactions:

The Plan invests in shares of mutual funds, common collective trusts, and a guaranteed interest account managed by ETC and EAICA as applicable. ETC and EAICA act as trustee/custodian for investments in the Plan and; therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax status:

The underlying non-standardized pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is qualified under Section 401(a) of the IRC and; therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS non-standardized pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is taking steps to bring the Plan in compliance with the applicable requirements of the IRC and; therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Nonexempt prohibited transactions:

During 2021, 2022, 2023, and 2024, the Company failed to remit certain participant contributions for various paydates to the Plan in a timely manner and missed earnings have not yet been deposited. During 2025, missed earnings were deposited relating to 2021 and 2022 late contributions.
