INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Seyfarth Shaw LLP Legacy Pension Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Seyfarth Shaw LLP Legacy Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation as of December 31, 2025 and 2024, the related statements of changes in net assets in liquidation for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 5 to the financial statements, the beginning balance of the actuarial present value of accumulated plan benefits have been restated. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEYFARTH SHAW LLP LEGACY PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
As of December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Seyfarth Shaw LLP Legacy Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General: Seyfarth Shaw LLP (the “Firm”) established the Seyfarth, Shaw, Fairweather & Geraldson Pension Plan (the “Original Plan”) effective March 1, 1968. The Original Plan was amended effective March 1, 1975, at which time it was divided into two plans, namely the Seyfarth, Shaw, Fairweather & Geraldson Past Service Plan for Nonlegal Employees (the “Nonlegal Plan”) and the Seyfarth, Shaw, Fairweather & Geraldson Past Service Plan for Attorneys (the “Past Service Plan”). On March 1, 1984, the Nonlegal Plan was amended to allow associate attorneys to participate, and was renamed the Seyfarth, Shaw, Fairweather & Geraldson Pension Plan for Nonlegal Employees and Associate Attorneys (the “Nonlegal and Associate Attorneys Plan”). Effective November 1, 1989, the Past Service Plan was merged into the Nonlegal and Associate Attorneys Plan and effective in 2001 it became known as the Seyfarth Shaw, LLP Legacy Pension Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) as amended.

Effective December 31, 1993, the Plan was frozen whereby no additional benefits accrued under the Plan on behalf of any participants and no employee was allowed to begin participating in the Plan after that date.

Effective September 6, 2024, the Firm approved termination of the Plan. As a result, Plan management determined that liquidation of the Plan was imminent.

Pension Benefits: Benefits under the Plan are based on compensation and years of service and are payable upon normal retirement at age 65, death, or disability. Optional reduced benefits are available to participants who have reached age 55 and have at least 5 years of service. Plan benefits are normally paid in the form of an annuity. In connection with the termination of the Plan effective September 6, 2024, the Plan provided eligible participants a special distribution election to receive an immediate distribution of their entire vested benefit. Eligible participants were given at least 30 days to make their election during a defined “Election Period.” Participants could elect to receive their benefit in one of the optional forms of payment permitted under the Plan, including a lump-sum payment equal to the actuarial equivalent of their accrued benefit. Benefit payments made during 2024 and 2025 primarily reflect distributions made in connection with this special election and the termination of the Plan.

Vesting: All participants in the Plan are currently 100% vested in their accrued benefits.

Administration of the Plan and Trust: The plan administrator is the Seyfarth Shaw LLP Pension Committee consisting of three or more members appointed by the Firm’s Executive Committee. In exercising its authority to control and manage the operation and administration of the Plan, the plan administrator shall have the power to employ agents, accountants, actuaries, investment managers, advisors, and counsel (who may also be employed by or represent the Firm), and to delegate to them such powers as the plan administrator deems desirable. The trust created by the Plan is administered by Principal Bank (“Principal”), the trustee for the Plan. The trustee holds all of the assets and distributes benefit payments.

Administrative Fees and Investment Management Expenses: The Plan’s fees are paid by the Plan, unless paid by the Firm, and are reflected in the financial statements as administrative expenses of the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting: As a result of the decision to terminate the Plan in 2024, management determined that liquidation of the Plan was imminent, and as such the accompanying financial statements as of and for the years ended December 31, 2025 and 2024 have been prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Management believes that the carrying value of the Plan’s remaining assets and liabilities at December 31, 2025 approximates estimated liquidation value.

Investment Valuation and Income Recognition: The Plan’s investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan’s principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan’s gains and losses on investments bought and sold as well as held during the year.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Interest-bearing cash: Fair values are estimated to approximate deposit account balances, payable on demand, as no discounts for credit quality or liquidity were determined to be applicable (Level 1 inputs).

As of December 31, 2025, substantially all Plan investments had been liquidated in connection with the termination of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2025, Using				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest-bearing cash	\$ -	\$ -	\$ -	\$ -
Mutual funds	-	-	-	-
Total	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Fair Value Measurements at December 31, 2024, Using				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest-bearing cash	\$ 3,763,614	\$ 3,763,614	\$ -	\$ -
Mutual funds	<u>8,449,371</u>	<u>8,449,371</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 12,212,985</u>	<u>\$ 12,212,985</u>	<u>\$ -</u>	<u>\$ -</u>

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates. It is reasonably possible that a significant change may occur in the near term for the estimates of investment valuation and actuarial present value of accumulated plan benefits.

Risks and Uncertainties: Prior to liquidation, the Plan's investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Market risks include risks associated with ongoing global events. As of December 31, 2025, substantially all investments and benefit obligations had been settled in connection with the termination of the Plan.

Benefit Payments: Benefits are recorded when paid.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Bank for the years ended December 31, 2025 and 2024.

NOTE 4 – FUNDING POLICY

Contributions to provide benefits under the Plan are made by the Firm. The Firm's funding policy is to make cash contributions to the Plan in legally required amounts as determined by the Plan's independent actuary. The Firm met the minimum funding requirements of ERISA for the years ended December 31, 2025 and 2024, respectively.

NOTE 5 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on compensation and years of service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Mercer Human Resources Consulting and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability withdrawal, or retirement) between the valuation date and the expected date of payment.

During 2025, errors were identified in the participant census data used in the actuarial valuation, resulting in an overstatement of the actuarial present value of accumulated plan benefits disclosed as of December 31, 2023. Upon discovery, the Plan's actuary incorporated a corrective adjustment to the actuarial measurement. As such, an adjustment of \$802,000 has been applied to the actuarial present value of accumulated plan benefits as presented in the disclosure below.

The actuarial present value of accumulated plan benefits, beginning of year as of January 1, 2024 presented in the disclosure below has been adjusted as follows:

Actuarial present value of accumulated plan benefits:	
Balance, beginning of year	\$ 18,544,704
Prior period adjustment	<u>(802,000)</u>
Balance, beginning of year (as restated)	<u>\$ 17,742,704</u>

NOTE 5 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The following table presents the accumulated plan benefits as of December 31, 2024 (in liquidation):

Retirees and beneficiaries currently receiving benefits	\$ 9,772,459
Terminated vested participants	1,778,587
Active participants – vested	<u>107,271</u>
Total vested benefits	11,658,317
 Total actuarial present value of accumulated plan benefits (in liquidation)	 <u>\$ 11,658,317</u>

The related changes in the accumulated plan benefits for the year ended December 31, 2024 (in liquidation) are summarized below:

Actuarial present value of accumulated plan benefits, beginning of year (ongoing) (restated)	\$ 17,742,704
 Benefits paid	(4,109,568)
Increase for interest due to decrease in discount period	605,423
Benefits accumulated and (gains) losses	(790,936)
Change in actuarial assumptions **	<u>(1,789,306)</u>
Net increase (decrease)	<u>(6,084,387)</u>
 Actuarial present value of accumulated plan benefits, end of year (in liquidation)	 <u>\$ 11,658,317</u>

** The change in actuarial assumptions pertains to the change of assumed rate of return from 3.71% in 2023 to 5.50% in 2024

The actuarial assumptions below are based on the presumption that the Plan is terminating rather than continuing. As communicated in the termination letter, the Plan terminated effective September 6, 2024 and adopted the liquidation basis of accounting. Accordingly, different actuarial assumptions and other factors were applied in determining the actuarial present value of accumulated plan benefits for the December 31, 2024 valuation.

Significant assumptions used in determining the actuarial present value of accumulated plan benefits as of December 31, 2024 (in liquidation) are as follows:

Assumed rate of return	5.50%
Average expected retirement age	62 or present age if greater
Mortality assumptions	Pri-2012 mortality tables with MP-2021 Improvement Scale

An actuarial valuation of the Plan's accumulated benefit obligation as of December 31, 2025 has been completed. The related changes in the accumulated plan benefits for the year ended December 31, 2025 (in liquidation) are summarized below:

NOTE 6 – RIGHTS UPON PLAN TERMINATION

The Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

Effective September 6, 2024, the Firm approved a termination date for the Plan. As a result, Plan management determined that liquidation of the Plan was imminent.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions.

However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

Plan Management applied for a favorable determination letter from the IRS in connection with the termination and has received a new determination letter as of July 14, 2025.

As of the termination date, all participants were 100% vested in their accrued benefits.

The Plan Sponsor’s plan of termination includes locating and notifying participants of their vested accrued benefits under the Plan and liquidating the Plan’s investments in order to pay benefits within the required statutory time frame. Vested accrued benefits are generally expected to be paid, as elected by participants, either in the form of a lump sum paid directly to them, a qualified rollover, or an annuity contract purchased on their behalf from an insurance company selected by a Plan fiduciary. Participants who do not elect a form of payment will have an annuity contract purchased on their behalf from an insurance company chosen by the Plan fiduciary. Participants who cannot be located will have their benefit transferred to the Pension Benefit Guaranty Corporation missing participants program or will have an annuity contract purchased on their behalf from an insurance company selected by a Plan fiduciary. The Plan Sponsor estimates costs associated with the plan termination to be \$2,486 and \$178,000 as of December 31, 2025 and 2024, respectively. The Plan Sponsor estimates income to be earned during the liquidation period to be \$48 and \$312,319 as of December 31, 2025 and 2024, respectively.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 – RIGHTS UPON PLAN TERMINATION (Continued)

During 2025, the Plan bought an annuity from for \$11,515,779 and made payments to participants totaling \$652,596. Upon settlement of all remaining Plan liabilities, any excess funds will be used for payment of administrative expenses pertaining to liquidation. Liquidation of the Plan was completed in the first quarter of 2026, including termination of the Plan's related trust.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Firm by a letter dated July 14, 2025, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC") in regard to the termination of the Plan. Management believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under ERISA as any fiduciary of the Plan, any party rendering service to the Plan, the Firm, and certain others. Certain plan investments are managed by Principal, the trustee of the Plan, and therefore, transactions in such investments qualify as party-in-interest investments. The Plan incurs expenses related to administrative and other services from parties-in-interest.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 11, 2026, which is the date the financial statements were available to be issued.
