INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Board of Directors of
401(k) Profit-Sharing Plan for Employees of Compass, Inc.
Beltsville, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of 401(k) Profit-Sharing Plan for Employees of Compass, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 401(k) Profit-Sharing Plan for Employees of Compass, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Board of Directors of
401(k) Profit-Sharing Plan for Employees of Compass, Inc.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 401(k) Profit-Sharing Plan for Employees of Compass, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Profit-Sharing Plan for Employees of Compass, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator and Board of Directors of
401(k) Profit-Sharing Plan for Employees of Compass, Inc.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 401(k) Profit-Sharing Plan for Employees of Compass, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Profit-Sharing Plan for Employees of Compass, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator and Board of Directors of
401(k) Profit-Sharing Plan for Employees of Compass, Inc.

Other Matter - Supplemental Schedule Required by ERISA (Cont.)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit-Sharing Plan for Employees of Compass, Inc.
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the 401(k) Profit-Sharing Plan for Employees of Compass, Inc. (the Employer) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The 401(k) Profit-Sharing Plan for Employees of Compass, Inc. (the Plan) was established January 1, 2009 and amended thereafter (formerly SecureCare Services, LTD 401(k) Plan). The Plan is a defined contribution plan covering substantially all employees of the Employer. The Plan was amended on May 1, 2020 to exclude highly compensated employees from making participant deferral contributions or receiving employer contributions. Per Plan provisions, employees must be eighteen or older and have completed 90 days of service for Employer matching contributions. There are no service requirements for participant deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2026, the Plan was amended to modify the Plan's design to a Safe Harbor 401(k) Plan. Under the amended provisions, the Employer is required to make safe harbor contributions in accordance with the terms of the Plan and applicable provisions of the Internal Revenue Code, and highly compensated employees are allowed to participate in the Plan.

Contributions

Effective November 1, 2024, the Employer amended the Plan to establish an automatic contribution arrangement. Under this provision, employees who become participants in the Plan on or after November 1, 2024 are deemed to have directed the Employer to make salary reduction contributions on their behalf equal to 1% of eligible compensation, unless they timely elect a different deferral percentage or elect to opt-out of participation in the Plan, in accordance with the terms of the Plan. Participants may elect to defer any portion of their salary into the Plan subject to the annual Internal Revenue Code limits as adjusted each year. The Plan also provides for non-discretionary employer matching contributions in accordance with the provisions of the Plan document. Effective November 1, 2024, the Employer amended the Plan to increase the employer matching contribution from 3% to 5% of eligible participant compensation. Total employer non-discretionary match contributions made by the Employer for the years ended December 31, 2025 and 2024 amounted to \$794,793 and \$477,480, respectively. Additionally, the Plan permits the Employer to make discretionary base contributions; however, no such contributions were made during the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant's account is credited with (a) the participant's salary deferrals, (b) the Employer's match of salary deferrals, (c) an allocation of the Employer's contribution, (d) an allocation of Plan earnings, and (e) an allocation of forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) Profit-Sharing Plan for Employees of Compass, Inc.
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2025 and 2024

Note 1 - Description of Plan (Cont.)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions portion of their accounts is based on years of continuous vesting service. A participant is 100% vested after five years of credited service. Every year of vesting service with the Employer increases the participant's vesting percentage by 20% until fully vested. On termination of employment due to death or disability (approved by Social Security), a participant becomes fully vested in their account.

Notes Receivable from Participants

The Plan allows loans of up to 50% of vested account balance or \$50,000, whichever is less. The minimum loan amount is \$1,000. Interest rates are to be determined at the time of the loan and the loan is to be repaid within a 5 year period. These loans are secured by the vested portion of the participants' accounts and bear interest ranging from 4.25% to 9.50% for the years ended December 31, 2025 and 2024.

Payment of Benefits

Upon severance of employment or after attainment of age 59 1/2, a participant may elect to receive either a lump sum distribution amount equal to the value of the participant's vested interest in his or her account, or annual installments that do not exceed the life expectancy of the participant or beneficiary. Eligible distributions may also be rolled over to another qualifying plan or IRA. Hardship withdrawals are permitted in accordance with Internal Revenue Service regulations.

Forfeited Accounts

For the years ended December 31, 2025 and 2024, employer contributions and Plan fees were reduced from forfeited non-vested accounts in the amount of \$9,616 and \$5,442, respectively. The amounts available to reduce future employer contributions and plan fees as of December 31, 2025 and 2024 were \$-0-.

Administrative Expenses

The administrative expenses related to the Plan's custodian are paid by the Plan. The Employer pays all other administrative expenses of the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the guaranteed investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value provides a good approximation of fair value of the contracts held in the stable value fund because the value of the investment contracts are deemed to be no less than the accumulated balance, and that each investment purchase is made at fair value since these purchases are not distressed and are conducted between willing buyers and sellers in open market conditions with a variety of investment choices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan administrator has determined all notes receivable are fully collectible from the participants' vested account balances; consequently, no amounts have been recorded as an allowance.

NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2025 and 2024

Note 2 - Summary of Accounting Policies (Cont.)

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from the amounts paid. The employer-matching contributions and the employer discretionary contributions are recorded in the year in which the employer designated the contributions. All participant and employer contributions are participant-directed. Management of the Plan evaluates employer contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. As of December 31, 2025 and 2024, there were no contributions receivable and therefore, no allowance for credit loss has been established.

Payment of Benefits

Benefits are recorded when paid. Benefits paid, including deemed distributions of participant loans, to participants amounted to \$570,400 and \$422,017 for the years ended December 31, 2025 and 2024, respectively.

Note 3 - Data Obtained and Certified from the Custodian

Investment Data

Mutual of America Life Insurance Company is the Custodian of the Plan for the years ended December 31, 2025 and 2024. All data contained in the statements of net assets available for benefits, statements of changes in net assets available for benefits, and the Schedule H, Line 4i-Schedule of assets (held at end of year) for the year ended December 31, 2025 was summarized from information supplied and certified as complete and accurate by the Custodian of the Plan.

Schedule of Assets Held for Investment Purposes

The accompanying Schedule H, Line 4i-Schedule of assets (held at end of year) represents a detailed listing of all investments held by the Plan as of December 31, 2025.

401(k) Profit-Sharing Plan for Employees of Compass, Inc.
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2025 and 2024

Note 4 - Investment Contract with Insurance Company Measured at Contract Value

On December 1, 2017, the Plan entered into a fully benefit-responsive investment contract with Mutual of America Life Insurance Company. Mutual of America Life Insurance Company maintains the contributions in a general account. The amount is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Mutual of America Life Insurance Company. The contract value of the fully benefit-responsive investment contract with Mutual of America at December 31, 2025 and 2024 was \$1,907,855 and \$1,642,889, respectively.

The guaranteed investment contract is fully benefit-responsive; contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mutual of America Life Insurance Company, which approximates fair value, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value or credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Under the terms of the contract, the guaranteed minimum rate is 1.00%.

The value shown is the redeemable value of the fund; there are no deferred sales charges, load assessments or interest rate adjustments that would affect the value of a withdrawal request.

Note 5 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

401(k) Profit-Sharing Plan for Employees of Compass, Inc.
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2025 and 2024

Note 5 - Fair Value Measurements (Cont.)

ASC 820-10 "Fair Value Measurements" establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan. The Plan considers observable data to be market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Plan's perceived risk of that instrument.

In addition, under *FASB ASC 820* the fair value of certain investments may be measured using the net asset value (NAV) per share (or its equivalent). Such investments are not classified in the fair value hierarchy.

401(k) Profit-Sharing Plan for Employees of Compass, Inc.
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2025 and 2024

Note 5 - Fair Value Measurements (Cont.)

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2025 and 2024:

Pooled separate accounts: Valued at the net asset value of the pooled separate accounts, as reported by the Custodian and calculated in a manner consistent with Generally Accepted Accounting Principles for investment companies. The net asset value is calculated based on the values of the underlying mutual funds, domestic stocks, international stocks, and other fixed securities held by variable annuity contracts. As permitted by *FASB ASC 820*, net asset value is used as a practical expedient to estimate fair value and is not included in the fair value hierarchy. The total fair value of the Plan's pooled separate accounts as of December 31, 2025 and 2024 was \$8,980,944 and \$6,450,871, respectively.

The table below sets forth additional disclosures for investments for which fair value is estimated using net asset value per share (or its equivalent) as of December 31:

Category	Fair Value		Redemption Frequency	Redemption Notice Period
	2025	2024		
Pooled separate accounts (a)	\$ 8,980,944	\$ 6,450,871	Daily	N/A

(a) This category invests in equity securities and fixed income instruments in accordance with each fund's investment objectives. Shares are available for transactions at the closing net asset value per share on any day the NYSE is open for business.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation (depreciation) in fair value of investments.

Note 6 - Correction of Ineligible Participant and Employer Contributions

During the plan year ended December 31, 2025, the Plan determined that participant salary deferral and related employer matching contributions had been made on behalf of an employee who was not eligible to participate in the Plan during the year due to being classified as a highly compensated employee. Accordingly, as of December 31, 2025, the Plan recorded liabilities of \$27,415 for amounts refundable to the participant and \$9,590 for amounts due to the employer related to the erroneous contributions.

Note 7 - Tax Status

Effective December 1, 2017, the Plan adopted a standardized form of prototype plan. The prototype plan obtained its latest opinion letter on November 29, 2024 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letters have been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan's assets at the end of the year. During the Plan years ended December 31, 2025 and 2024, there were no reportable transactions.

Note 10 - Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the Custodian as defined in the Plan, and, therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2025 and 2024, fees paid by the Plan for the investment management services amounted to \$3,166 and \$2,723, respectively.

Note 11 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

Note 12 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and change in net assets per the financial statements prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) to the amounts reported on Form 5500. Differences arise because, under GAAP, certain participant loans that have been treated as deemed distributions for tax purposes continue to be reported as participant loans receivable on the Plan's financial statements until the loans are offset against participants' account balances or otherwise settled. For Form 5500 reporting purposes, deemed distributions are reported as distributions and are not included as plan assets. The reconciliation below quantifies this difference as of and for the years ending December 31:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 11,280,765	\$ 8,489,027
Less: deemed distributions of participant loans included in notes receivable from participants	<u>(7,346)</u>	<u>(10,506)</u>
Net assets available for benefits per Form 5500 Schedule H	<u><u>\$ 11,273,419</u></u>	<u><u>\$ 8,478,521</u></u>
Net change in net assets per the financial statements	\$ 2,791,738	\$ 2,028,202
Less: adjustment to record beginning balance of deemed distribution loan fund	(10,506)	-
Less: current-year deemed distributions of participant loans	(12,858)	(10,506)
Less: current-year interest income on deemed distribution loan fund	(351)	-
Plus: deemed distribution loan fund offset	<u>16,369</u>	<u>-</u>
Net income per Form 5500 Schedule H	<u><u>\$ 2,784,392</u></u>	<u><u>\$ 2,017,696</u></u>

Note 13 - Subsequent Events

The Plan has evaluated the impact of significant subsequent events. Except for the following, there have been no subsequent events through July 31, 2026, the date the Plan's financial statements were available to be issued that require recognition or disclosure.

On January 1, 2026, the Plan was amended to modify the Plan's design to a Safe Harbor 401(k) Plan. Under the amended provisions, the Employer is required to make safe harbor contributions in accordance with the terms of the Plan and applicable provisions of the Internal Revenue Code. The Employer will make a traditional enhanced matching contribution equal to 100% of the first 5% of eligible compensation deferred by each participant. Highly compensated employees are now allowed to participate in the Plan. The amendment also provides that the Plan will satisfy the applicable safe harbor requirements related to nondiscrimination testing beginning with the 2026 plan year.

On April 15, 2026, the Plan completed the correction of contributions for ineligible participant and employer matching contributions for the year ended December 31, 2025. The participant's salary deferral contributions, together with the related investment earnings totaling \$27,415, were returned to the Employer to be transferred into a separate 403(b) Plan for the participant. The employer matching contributions of \$9,590 were returned to the Employer in accordance with the applicable correction procedures. Investment earnings attributable to the employer matching contributions were allocated to the Plan's forfeiture account in accordance with the terms of the Plan and the applicable correction guidance.
